BELGIUM goes on a gold basis, the franc stabilized at 2¾ cents in real money.

The American cotton farmer goes on a ruination basis, in this land of gold, with cotton at the lowest price since 1921, suddenly dropping yesterday $1 to $1.50 a bale.

This makes Manchester and the British cheerful, for they buy cotton with which they clothe the heathen all over the world.

COTTON'S sudden drop proves that while government seems unable to help cotton farmers, it is able to hurt them. The government estimate of the 1926 cotton crop at 17,454,000 bales, almost a million bales above the Oct. 1 estimate, means ruin to thousands of cotton growers.

IT ALSO means, which is more important to politicians, a combination of southern congressmen and the western farm block in the next congress. Such a combination will worry the administration.

THE new Persian shah and dictator, Reza Kahn, seems to have the good luck of others dictators, Mussolini, Kemal, De Rivera, etc. A bomb meant for him killed others. He can be relied upon to [illegible] even Mussolini how to suppress attempts.

PERSIAN rulers don't stop half way. You remember the Persian shah whose wife sent word from the grave that she was cold because her wardrobe had not been burnt with her body, to accompany her in death.

Immediately the shah ordered all the richest women, wives of the richest men in Persia, to gather in a great temple for a holy festival.

When they had gathered, soldiers stripped them all naked, and so they went home. Their clothes and ornaments were all burned to pacify the shah's dead wife. It was a success. She sent word that she was satisfied.

THE senatorial election in Massachusetts will test, to some extent, President Coolidge's influence in that state. He tells voters "the presence in the senate of Senator Butler is of great importance to me."

Senator Butler's defeat, however, would not, by any means, indicate repudiation of President Coolidge by Massachusetts. Many voters reserve the right to make their own decision on candidates. But now that he is publicly indorsed, Senator Butler's defeat would not do the President any good.

E. G. SCHUBERT IS FOUND DEAD IN MINE NEAR SALINEVILLE

Victim Overcome While Workin John Hirst Holdings.

53 YEARS OLD

Coroner Van Fossan Hands Down Verdict at Inquest.

Ernest G. Schubert, 53, Salineville coal miner, was found dead in the John Hirst coal mine, located in Carroll county at the outskirts of Salineville, at 4:30 o'clock yesterday afternoon. His death, according to Coroner J. M. Van Fossan, East Palestine, who conducted an inquest this morning, was due to "powder fumes."

Found by Car Operator.

Schubert, one of 12 men in the mine yesterday, was working alone in driving an entry, when he was overcome by the poisonous fumes. He had been dead only a few minutes when he was found by the coal car operator. He was kneeling on the ground, shoveling the coal into the car when he died.

Fellow miners carried the body to the mouth of the mine. Dr. C. A. McCulloch, of Salineville, pronounced Schubert dead upon his arrival.

The Hirst mine was formerly owned by the Sterling company, but was taken over by a group of miners about a year ago.

Funeral Services Thursday.

Schubert was born in Salineville. He was a member of the Odd Fellows' lodge and the United Presbyterian church and choir.

He leaves a widow and two daughters, Mrs. J. T. Hunter, Cary, N. C., and Mrs. Stewart McHenry, of Ada. Three brothers, Max Cleveland, and Charles and Herman Schubert, of Salineville, and one sister, Mrs. Mary Wallbaum, Steubenville, also survive.

Funeral services will be conducted in the late home on Foundry hill at 1:30 o'clock Thursday afternoon in charge of Rev. Ross Wilson. Burial will be made in Woodlawn cemetery.

THREE AUTOS IN COLLISION

Automobiles owned by Bert Thomas, Grant street, Newell; Charles Kittridge, Huston avenue, and Mrs. Earley, 236 Carolina avenue, Chester crashed at the corner of Fifth and Washington streets, last night.

Thomas traveling east on Fifth street, is said to have attempted to make a left turn onto Washington street, crashing with the Earley car which was going west on Fifth street. Kittridge, following Thomas, mixed up with the other two cars.

None of the cars was badly damaged and no one was injured. Patrolman Roth investigated the collision.

Odd Fellows Will Go to Rochester Saturday Night

Members of East Liverpool lodge, No. 379, Odd Fellows, will visit the Rochester lodge Saturday night. The third degree will be exemplified. The party will make the trip to the Beaver Valley city in automobiles.

Dry Agents Seize 5,000-gallon Still At Atlantic City

ATLANTIC CITY, N. J., Oct. 27.—Federal prohibition agents early today seized the largest still ever found in New Jersey—a plant valued at half a million dollars and so large they said it would have to be dynamited because it is too huge to be dismantled.

The plant was capable of a daily output of 5,000 gallons of "Hooch," according to the agents.

MELLETT "KEY" MAN QUIZZED

Slater and McClintock Seek Confession From McDermott.

CANTON, O., Oct. 27.—Veiling in deep secrecy all that transpired during the two and one-half hours conference today between Pat McDermott, "key figure" in the mystery surrounding the slaying of Don R. Mellett, Canton publisher, Ora Slater, Ohio detective ace, and Prosecutor C. B. McClintock, the latter this afternoon told the International News Service that he and Slater had decided to hold back all that transpired at the conference until a propititious moment but that both of them were "extremely pleased with the trend taken at the session."

DE MOLAY SHOW 'HER SONG,' HERE NOVEMBER 18-19

Musical Comedy Will be Staged at American.

ROGERS OFFERING

Best Talent in District Sought for Cast.

Members of Harding chapter, Order of DeMolay, will present the musical comedy production, "Her Song," at the American theatre on Thursday and Friday, Nov. 18 and 19, under direction of the John B. Rogers Producing company of Fostoria.

Rehearsals for the play, which is the latest show to be acquired by the Fostoria company, will begin on or about Nov. 3, when the director will arrive here to select the cast.

Some of the best musical talent in the district will take part in the DeMolay offering. "Her Song" is a story with a touch of genuine heart interest, catchy musical numbers and up-to-the-minute dancing numbers. The scenes range from a small New York state town to the stage of a Follies theatre on Broadway in the metropolis. It is a tale of broken hearts and later triumphs that ring true because of the naturalness of the scenes and characters involved.

SLAYER OF CINCINNATI GIRL IS BLAMED FOR FIFTH TOLEDO KILLING

Lucas County Metropolis is on Verge of Hysteria as Maniac Clubber Attacks Tenth Woman, Whose Body is Found by Husband When He Returns From Work.

MRS. MARY ALDEN LATEST VICTIM OF SERIES OF SHOCKING CRIMES

Mysteriously Murdered Wife's Night Clothes Torn to Shreds When She is Assaulted After Terrific Struggle, and Then She is Shot Three Times in Breast.

TOLEDO, O., Oct. 27.—Following discovery of an iron bar, covered with human hair and blood, in an ash heap near the scene where Miss Lily Croy, 26, was killed by the clubber yesterday, police today took into custody a man said to be suffering from mental diseases. He was found living a block from the scene of the clubber's activities.

By PAUL E. BROKAW

CINCINNATI, O., Oct. 27.—That the same degenerate maniac who clubbed, stripped and stabbed 19-year-old Beulah Purvis and threw her broken body into the Big Miami river last week, is responsible for the Toledo "clubber" outrages, was the belief expressed here today by August Beckman, deputy sheriff investigating the slaying here that has baffled investigators for more than a week.

The brutal murders of Miss Lily Croy, 26, and Mrs. George W. Alden, in Toledo, yesterday and last night, revealed that the same tactics were used as were employed in the Purvis murder.

The Purvis girl was thought to have been killed near the Baltimore and Ohio railroad—not far from Cloves, O.

Beckman pointed out that the "clubber" could then have "hopped a freight" directly into Toledo—or could have taken a passenger train at any of the many little villages near the scene of the crime.

TOLEDO, O., Oct. 27.—Discovery of another mysterously murdered woman has brought this city to the verge of hysteria and caused extreme methods to be adopted in the hunt for "the clubber," to whom is accredited the atrocious murders of four other women and criminal attacks upon at least five others.

Mrs. Mary Alden, 47, is the latest victim in the series of shocking crimes. Her body, with the night clothes torn to shreds and with three bullets in the breast, was found by her husband, George W. Alden, when he returned from work late last night. She had been assaulted after a terrific encounter.

Others Clubbed and Mutilated.

The death of Mrs. Alden differed from that of the four unfortunate others who were clubbed to death and their bodies frightfully mutilated, ostensibly by a degenerate. In each of the previous eight assaults a club was employed by the fiend.

Not a fragment of evidence has been uncovered in the death yesterday of Lily Croy, 26, beautiful school teacher, whose mutilated body was found in the shadow of a school after the clubber had swooped upon her from a darkened ambush.

In each instance, except the slaying of Mrs. Alden, the brute's methods have been the same. He had descended so swiftly that his victim had no chance to see him. He struck from behind and usually with fatal results. One woman, who recovered from her wounds but still is suffering from nervous shock, declared that all she saw was "a fiendish face, with snaggled teeth."

Rewards totalling $2,600 have been offered by civic organizations for the capture of the madman. Inspector of Detectives Haas has been recalled from his vacation to assume charge of tracking the maniac.

Volunteers Do Police Duty.

With every citizen on the alert for the brute, Chief of Police Harry Jennings today expressed the fear that due to extreme nervous tension innocent persons might be too quick on the trigger and casualties result. He

Slater, Detective Ace, Asked to Run Down Maniac Killer

CANTON, O., Oct. 27.—Ora Slater, Ohio's detective ace, admitted today that he had been asked by certain persons in Toledo to go there to take charge of the tracking down of the maniac slugger who has committed two new attacks within the past 18 hours.

He was non-committal as to whether he would accept the invitation.

"I would like to clean up the Mellett murder case first of all, as I have already pledged myself to do this," he said.

Slater will probably prove equiescent if the demand becomes urgent, it was learned.

Rev. E. H. Babcock Conducts Nazarene Church Services

A large crowd greeted Evangelist E. H. Babcock, Los Angeles, in charge of revival services at the Church of the Nazarene, St. Clair and Lincoln avenues, last evening. His subject was "The Worst Old Men in Town."

Mpsicwas rendered by the young people's chorus, accompanied by the Sunday school orchestra. Rev. Arthur Gould of Providence, R. I., song leader, rendered a solo. Nineteen persons responded to the invitation of the evangelist.

Dr. Babcock will use the subject, "Man's Greatest Need," for his sermon tonight. He will discuss "The Second Coming of Christ" at the Friday night service.

35 Kiwanis Club Members Guests at Leetonia Meeting

The trip was made by automobile.

The Leetonia club men will return the visit later in the year.

COUNTY CHAIRMAN ELMER E. WALKER PREDICTS SWEEPING REPUBLICAN VICTORY NEXT TUESDAY

County Auditor Elmer E. Walker, of Lisbon, chairman of the Republican county central committee, today predicted a sweeping G. O. P. victory at the polls next Tuesday.

"Substantial majorities will be returned for the Republican state, district and county ticket and Republican nominees on the judicial ticket," said Walker.

Reviewing the campaign, Walker continued:

"After a careful survey of the entire county, I am very optimistic about the election next Tuesday. Myers Y. Cooper, the Republican candidate for governor, spent two days in Columbiana county last week, and as I accompanied him I observed closely the effect of the presentation of his principles.

"I found that they were most enthusiastically received, and the fact that he is a successful business man and capable of conducting the enormous business of the state of Ohio, made a great appeal to the voters. This because of the undisputed fact that the present governor inherited a surplus of $24,000,000 in the state treasury, and that the state today is living on borrowed money.

"Again, Mr. Coopeer has always stood for high ideals, religion, education, good morals and sound business, and his attitude has appealed to all right thinking people.

"The attitude of Mr. Cooper on the subject of fish and game made a distinct hit with all sport lovers in Columbiana county, who are thoroughly disgusted with the 'buck passing' of the present governor. In this connection Mr. Cooper said to me: 'There has been too much politics, and the fish and game department has not been under the management of its friends. If I am elected, I will call in the leaders of the sportsmen's organizations and ask them to help me work out a complete reorganization. I am especially interested in the policies of conservation of natural resources sponsored by the sportsmen. I want to assure the people of Columbiana county, that I am very much interested in the Guilford State park project, and that when I become governor I will try to end the delay on the part of the state in carrying through its end of the bargain. The Republican legislature appropriated money for this project, and there seems to be no reason for this two-year delay by the state in the matter.'

"Personally, I have had wonderful cooperation upon the part of the Republican women of the county, and I am sure they are more interested than in former campaigns. I believe the vote will show more women voting that in previous years.

"We have been spared any semblance of mud slinging in the campaign in this county, and for this, I, as the chairman of the Republican county central committee, am especially thankful. I hesitated to accept the county chairmanship, but at this stage of the campaign I have no regrets.

"I believe, from close observation, that Columbiana county will cast upward of 24,000 votes for the head of the ticket next Tuesday. Of these Mr. Cooper will receive approximately 14,000 votes or more and Mr. Donahey 10,000 or less. I expect Senator Willis to follow the lead of Mr. Cooper very closely.

"The entire Republican district and county ticket will be elected and very substantial majorities will be returned for all Republican candidates on the state judicial ticket.

"A Republican common pleas judge will be elected in Columbiana county."

COUNTY CHAIRMAN ELMER E. WALKER PREDICTS SWEEPING REPUBLICAN VICTORY NEXT TUESDAY

County Auditor Elmer E. Walker, of Lisbon, chairman of the Republican county central committee, today predicted a sweeping G. O. P. victory at the polls next Tuesday.

"Substantial majorities will be returned for the Republican state, district and county ticket and Republican nominees on the judicial ticket," said Walker.

Reviewing the campaign, Walker continued:

"After a careful survey of the entire county, I am very optimistic about the election next Tuesday. Myers Y. Cooper, the Republican candidate for governor, spent two days in Columbiana county last week, and as I accompanied him I observed closely the effect of the presentation of his principles.

"I found that they were most enthusiastically received, and the fact that he is a successful business man and capable of conducting the enormous business of the state of Ohio, made a great appeal to the voters. This because of the undisputed fact that the present governor inherited a surplus of $24,000,000 in the state treasury, and that the state today is living on borrowed money.

"Again, Mr. Coopeer has always stood for high ideals, religion, education, good morals and sound business, and his attitude has appealed to all right thinking people.

"The attitude of Mr. Cooper on the subject of fish and game made a distinct hit with all sport lovers in Columbiana county, who are thoroughly disgusted with the 'buck passing' of the present governor. In this connection Mr. Cooper said to me: 'There has been too much politics, and the fish and game department has not been under the management of its friends. If I am elected, I will call in the leaders of the sportsmen's organizations and ask them to help me work out a complete reorganization. I am especially interested in the policies of conservation of natural resources sponsored by the sportsmen. I want to assure the people of Columbiana county, that I am very much interested in the Guilford State park project, and that when I become governor I will try to end the delay on the part of the state in carrying through its end of the bargain. The Republican legislature appropriated money for this project, and there seems to be no reason for this two-year delay by the state in the matter.'

"Personally, I have had wonderful cooperation upon the part of the Republican women of the county, and I am sure they are more interested than in former campaigns. I believe the vote will show more women voting that in previous years.

"We have been spared any semblance of mud slinging in the campaign in this county, and for this, I, as the chairman of the Republican county central committee, am especially thankful. I hesitated to accept the county chairmanship, but at this stage of the campaign I have no regrets.

"I believe, from close observation, that Columbiana county will cast upward of 24,000 votes for the head of the ticket next Tuesday. Of these Mr. Cooper will receive approximately 14,000 votes or more and Mr. Donahey 10,000 or less. I expect Senator Willis to follow the lead of Mr. Cooper very closely.

"The entire Republican district and county ticket will be elected and very substantial majorities will be returned for all Republican candidates on the state judicial ticket.

"A Republican common pleas judge will be elected in Columbiana county."

BELGIUM goes on a gold basis, the franc stabilized at 2¾ cents in real money.

The American cotton farmer goes on a ruination basis, in this land of gold, with cotton at the lowest price since 1921, suddenly dropping yesterday $1 to $1.50 a bale.

This makes Manchester and the British cheerful, for they buy cotton with which they clothe the heathen all over the world.

COTTON'S sudden drop proves that while government seems unable to help cotton farmers, it is able to hurt them. The government estimate of the 1926 cotton crop at 17,454,000 bales, almost a million bales above the Oct. 1 estimate, means ruin to thousands of cotton growers.

IT ALSO means, which is more important to politicians, a combination of southern congressmen and the western farm block in the next congress. Such a combination will worry the administration.

THE new Persian shah and dictator, Reza Kahn, seems to have the good luck of others dictators, Mussolini, Kemal, De Rivera, etc. A bomb meant for him killed others. He can be relied upon to [illegible] even Mussolini how to suppress attempts.

PERSIAN rulers don't stop half way. You remember the Persian shah whose wife sent word from the grave that she was cold because her wardrobe had not been burnt with her body, to accompany her in death.

Immediately the shah ordered all the richest women, wives of the richest men in Persia, to gather in a great temple for a holy festival.

When they had gathered, soldiers stripped them all naked, and so they went home. Their clothes and ornaments were all burned to pacify the shah's dead wife. It was a success. She sent word that she was satisfied.

THE senatorial election in Massachusetts will test, to some extent, President Coolidge's influence in that state. He tells voters "the presence in the senate of Senator Butler is of great importance to me."

Senator Butler's defeat, however, would not, by any means, indicate repudiation of President Coolidge by Massachusetts. Many voters reserve the right to make their own decision on candidates. But now that he is publicly indorsed, Senator Butler's defeat would not do the President any good.

Motorists Attention!

All motorists, and particularly tourists, have need of a concise road book with descriptions of the highways.

To many people the thought of travel in unknown country entails doubt. For this reason it is imperative that some carefully prepared information be secured.

The Washington Bureau of this paper has for distribution a booklet that exactly fills the requirements.

In addition to giving descriptions and markings of the great national highways it contains many suggestions that will save time, money, and annoyance.

It will help not only in planning a tour, but also in carrying it through.

Clip the accompanying coupon and send it to the Washington Information Bureau of this paper. Enclose four cents in stamps for return postage and handling. The book will go forward by return mail.

E. G. SCHUBERT IS FOUND DEAD IN MINE NEAR SALINEVILLE

Victim Overcome While Workin John Hirst Holdings.

53 YEARS OLD

Coroner Van Fossan Hands Down Verdict at Inquest.

Ernest G. Schubert, 53, Salineville coal miner, was found dead in the John Hirst coal mine, located in Carroll county at the outskirts of Salineville, at 4:30 o'clock yesterday afternoon. His death, according to Coroner J. M. Van Fossan, East Palestine, who conducted an inquest this morning, was due to "powder fumes."

Found by Car Operator.

Schubert, one of 12 men in the mine yesterday, was working alone in driving an entry, when he was overcome by the poisonous fumes. He had been dead only a few minutes when he was found by the coal car operator. He was kneeling on the ground, shoveling the coal into the car when he died.

Fellow miners carried the body to the mouth of the mine. Dr. C. A. McCulloch, of Salineville, pronounced Schubert dead upon his arrival.

The Hirst mine was formerly owned by the Sterling company, but was taken over by a group of miners about a year ago.

Funeral Services Thursday.

Schubert was born in Salineville. He was a member of the Odd Fellows' lodge and the United Presbyterian church and choir.

He leaves a widow and two daughters, Mrs. J. T. Hunter, Cary, N. C., and Mrs. Stewart McHenry, of Ada. Three brothers, Max Cleveland, and Charles and Herman Schubert, of Salineville, and one sister, Mrs. Mary Wallbaum, Steubenville, also survive.

Funeral services will be conducted in the late home on Foundry hill at 1:30 o'clock Thursday afternoon in charge of Rev. Ross Wilson. Burial will be made in Woodlawn cemetery.

THREE AUTOS IN COLLISION

Automobiles owned by Bert Thomas, Grant street, Newell; Charles Kittridge, Huston avenue, and Mrs. Earley, 236 Carolina avenue, Chester crashed at the corner of Fifth and Washington streets, last night.

Thomas traveling east on Fifth street, is said to have attempted to make a left turn onto Washington street, crashing with the Earley car which was going west on Fifth street. Kittridge, following Thomas, mixed up with the other two cars.

None of the cars was badly damaged and no one was injured. Patrolman Roth investigated the collision.

Odd Fellows Will Go to Rochester Saturday Night

Members of East Liverpool lodge, No. 379, Odd Fellows, will visit the Rochester lodge Saturday night. The third degree will be exemplified. The party will make the trip to the Beaver Valley city in automobiles.

DE MOLAY SHOW 'HER SONG,' HERE NOVEMBER 18-19

Musical Comedy Will be Staged at American.

ROGERS OFFERING

Best Talent in District Sought for Cast.

Members of Harding chapter, Order of DeMolay, will present the musical comedy production, "Her Song," at the American theatre on Thursday and Friday, Nov. 18 and 19, under direction of the John B. Rogers Producing company of Fostoria.

Rehearsals for the play, which is the latest show to be acquired by the Fostoria company, will begin on or about Nov. 3, when the director will arrive here to select the cast.

Some of the best musical talent in the district will take part in the DeMolay offering. "Her Song" is a story with a touch of genuine heart interest, catchy musical numbers and up-to-the-minute dancing numbers. The scenes range from a small New York state town to the stage of a Follies theatre on Broadway in the metropolis. It is a tale of broken hearts and later triumphs that ring true because of the naturalness of the scenes and characters involved.

SLAYER OF CINCINNATI GIRL IS BLAMED FOR FIFTH TOLEDO KILLING

Lucas County Metropolis is on Verge of Hysteria as Maniac Clubber Attacks Tenth Woman, Whose Body is Found by Husband When He Returns From Work.

MRS. MARY ALDEN LATEST VICTIM OF SERIES OF SHOCKING CRIMES

Mysteriously Murdered Wife's Night Clothes Torn to Shreds When She is Assaulted After Terrific Struggle, and Then She is Shot Three Times in Breast.

TOLEDO, O., Oct. 27.—Following discovery of an iron bar, covered with human hair and blood, in an ash heap near the scene where Miss Lily Croy, 26, was killed by the clubber yesterday, police today took into custody a man said to be suffering from mental diseases. He was found living a block from the scene of the clubber's activities.

By PAUL E. BROKAW

CINCINNATI, O., Oct. 27.—That the same degenerate maniac who clubbed, stripped and stabbed 19-year-old Beulah Purvis and threw her broken body into the Big Miami river last week, is responsible for the Toledo "clubber" outrages, was the belief expressed here today by August Beckman, deputy sheriff investigating the slaying here that has baffled investigators for more than a week.

The brutal murders of Miss Lily Croy, 26, and Mrs. George W. Alden, in Toledo, yesterday and last night, revealed that the same tactics were used as were employed in the Purvis murder.

The Purvis girl was thought to have been killed near the Baltimore and Ohio railroad—not far from Cleves, O.

Beckman pointed out that the "clubber" could then have "hopped a freight" directly into Toledo—or could have taken a passenger train at any of the many little villages near the scene of the crime.

TOLEDO, O., Oct. 27.—Discovery of another mysterously murdered woman has brought this city to the verge of hysteria and caused extreme methods to be adopted in the hunt for "the clubber," to whom is accredited the atrocious murders of four other women and criminal attacks upon at least five others.

Mrs. Mary Alden, 47, is the latest victim in the series of shocking crimes. Her body, with the night clothes torn to shreds and with three bullets in the breast, was found by her husband, George W. Alden, when he returned from work late last night. She had been assaulted after a terrific encounter.

Others Clubbed and Mutilated.

The death of Mrs. Alden differed from that of the four unfortunate others who were clubbed to death and their bodies frightfully mutilated, ostensibly by a degenerate. In each of the previous eight assaults a club was employed by the fiend.

Not a fragment of evidence has been uncovered in the death yesterday of Lily Croy, 26, beautiful school teacher, whose mutilated body was found in the shadow of a school after the clubber had swooped upon her from a darkened ambush.

In each instance, except the slaying of Mrs. Alden, the brute's methods have been the same. He had descended so swiftly that his victim had no chance to see him. He struck from behind and usually with fatal results. One woman, who recovered from her wounds but still is suffering from nervous shock, declared that all she saw was "a fiendish face, with snaggled teeth."

Rewards totalling $2,600 have been offered by civic organizations for the capture of the madman. Inspector of Detectives Hras has been recalled from his vacation to assume charge of tracking the maniac.

Volunteers Do Police Duty.

With every citizen on the alert for the brute, Chief of Police Harry Jennings today expressed the fear that due to extreme nervous tension innocent persons might be too quick on the trigger and casualties result. He

Slater, Detective Ace, Asked to Run Down Maniac Killer

CANTON, O., Oct. 27.—Ora Slater, Ohio's detective ace, admitted today that he had been asked by certain persons in Toledo to go there to take charge of the tracking down of the maniac slugger who has committed two new attacks within the past 18 hours.

He was non-committal as to whether he would accept the invitation.

"I would like to clean up the Mellett murder case first of all, as I have already pledged myself to do this," he said.

Slater will probably prove aquiescent if the demand becomes urgent, it was learned.

GLITTER

By Katharine Brush

BOOK FOUR—XIV.

Cecily sat down, pushing her hair back from her forehead with a petulant hand. "Nice in here," she breathed relievedly.

Jock stood over her solemnly. "Are you all right, Cecily?"

"Uh-huh."

She was avoiding his eyes, and it occurred to him that she had given no slightest sign of recognition, neither in that first instant when he lifted her from the floor, nor since. "You don't know who I am, do you?" he said.

Cecily glanced up then, surprised, even scornful. "Of course I do," she said simply. "You're Jock."

The next minute her features underwent an unexpected metamorphosis. They puckered like a colicky baby's, and two tears splashed over the rim of her eyelids and traced glinting zigzags down her cheeks. "Oh, dear," she lamented, "everything's gone wrong—everything has—"

Yvonne reached her in a swift rush. "Here, don't cry, honey! You musn't cry."

"I can't h-help it! Everything's—"

Yvonne knelt beside the chair and dabbed at the streaming tears with a handkerchief. "Yes, you can," she soothed. "Of course you can. There isn't a thing to cry about. We're taking care of you now. Nothing's the matter, child—is there? Tell us all about it."

The united efforts of Yvonne and Jock finally elicited from Cecily the news that she felt "awfully funnee" and a series of sobbing speculations as to what her mother would say when she went home. "And how'm I going to get home?" she wound up, lifting a tragic wet face. ("Anyway," Jock told himself, "she cries a lot prettier than she used to. Why, she cries the prettiest of any girl I ever saw!")

"I'll take you home, don't worry," he said.

To his astonishment the offer provoked fresh sniffles. "Wh-what'll you think of me?" gulped Cecily. "I never was like this be-before, and of course it would have to be this night! Oh, everything's all t-terrible—"

It was eventually determined that Cecily should be driven to Yvonne's apartment for the night. "It's the only logical thing to do," Yvonne said to Jock. "If her mother's like most mothers, taking her home as is would be sheer cruelty. You find August, will you, and ask him if he cares if we do our last numbers now instead of later—and bring her wrap from the chair where she was sitting—"

At 12:30 the roadster fled away from Terrace Tavern, bearing three people.

"Lean against me, Cecily," suggested Yvonne.

"No," said Cecily drowsily. "I wanna lean the other way."

She dozed through the trip into the city nestled against Jock, with her head contentedly resting on his shoulder.

XV.

He was hailed from sleep the next morning by the peal of his bedside telephone and a lilting remote announcement to the effect that "This is me."

"It's who?"

"Me. The old soak."

"Oh, hello, Cecily," he chuckled.

"Why, you're horrid!" cried Cecily instantly. "You weren't supposed to identify me by that!"

Jock thought, "Gee, she's got a cute voice! She sort of sings everything."

He propped himself on one elbow and gazed absorbedly at the telephone's mouthpiece. "How are you this morning?" he asked it. "I bet you head feels as if they were holding the battle of the Marne inside."

"It does not!"

"It should. You ought to have a whale of a hang-over."

"I have. But you didn't name a bad enough battle! Say, Jock?"

"What ho?"

"Can I call you Jock?"

"For cryin' out loud what else would you call me?"

"Well, I didn't know. Your behavior toward me is sort of Mister-Hamillish. Anyway: Yvonne says to tell you to take me somewhere to breakfast."

"I'll take you both, of course."

"Yvonne says she doesn't want any breakfast."

"What's the matter with her?" Jock interrogated, alarmed.

"She says she's tired. She says I kept her awake all night, talking in my sleep. About you."

"Now I know she's kidding. Tell her I'll be over there in 20 minutes, and I want to find both of you with your bonnets on, all ready for a bevy of ham and eggs—"

"If you mention food," stated Cecily, "I shall die. I don't even want to see any, from now until I'm ninety. But I want to talk to you. That's the only reason I'm going."

"I want to talk to you, too!" You're going to get the bawling-out of your young life, don't think you're not!"

"I don't," said Cecily.

He found her waiting for him in Yvonne's little living room, wearing a gown that he recognized as belonging to Yvonne. It hung to her insteps. "Look," she said, patting the skirt. "I'll have to tack it up with safety pins before we go out or everybody will think I'm trying to hide bowlegs or something."

"I can tell 'em different!" retorted Jock. "After the back-flip you took last night, I can speak with authority."

Cecily giggled. "Wasn't that the limit?" she said in a confidential undertone. "I'm mortified to death when I think of it. It must have been awful."

"Well, not too awful. In fact, I might say—but never mind. How're you feeling this morning, Cecily, no foolin'? Have you a headache really? You're looking full of pep." His eyes roamed over her commendingly. No, he hadn't been mistaken last night; she was delightful. All pink and white and brown, like a wild rose—no, too banal—like a—

He searched for a fit simile, and finding none, said, "Anybody who can look like that on the morning after—"

Yvonne chose this unfortunate moment to enter the room, in a negligee of Nile green chiffon and lace that foamed behind her like a boat's wake. The negligee was very lovely and Yvonne was very lovely. But 10 a. m. and a little beauty like Cecily are a combination hard on even the loveliest of women grown. For the first time in his life, Jock thought Yvonne looked old. "As the hills!" he told himself, scandalized.

She must have realized — women are always sensitive of those things—yet she went straight to Cecily and put her arm about her shoulders. The effect was pictoral in the extreme. But it was rather terribly revealing.

"Our little toper here—" Yvonne smiled at Jock, squeezing Cecily affectionately — "needs some breakfast. Take her to some not too conspicuous place, will you, Jock Hamill? My dress doesn't seem to fit her any too well, and she can't wear her own in broad daylight, of course—"

"Look here, why aren't you going? Jock wanted to know.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found how to save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap, but it has no equal for results. It gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified honey, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guaiacol, known the world over for its healing effect on membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

GLITTER

By Katharine Brush

BOOK FOUR—XIV.

Cecily sat down, pushing her hair back from her forehead with a petulant hand. "Nice in here," she breathed relievedly.

Jock stood over her solemnly. "Are you all right, Cecily?"

"Uh-huh."

She was avoiding his eyes, and it occurred to him that she had given no slightest sign of recognition, neither in that first instant when he lifted her from the floor, nor since. "You don't know who I am, do you?" he said.

Cecily glanced up then, surprised, even scornful. "Of course I do," she said simply. "You're Jock."

The next minute her features underwent an unexpected metamorphosis. They puckered like a colicky baby's, and two tears splashed over the rim of her eyelids and traced glinting zigzags down her cheeks. "Oh, dear," she lamented, "everything's gone wrong—everything has—"

Yvonne reached her in a swift rush. "Here, don't cry, honey! You musn't cry."

"I can't h-help it! Everything's—"

Yvonne knelt beside the chair and dabbed at the streaming tears with a handkerchief. "Yes, you can," she soothed. "Of course you can. There isn't a thing to cry about. We're taking care of you now. Nothing's the matter, child—is there? Tell us all about it."

The united efforts of Yvonne and Jock finally elicited from Cecily the news that she felt "awfully funnee" and a series of sobbing speculations as to what her mother would say when she went home. "And how'm I going to get home?" she wound up, lifting a tragic wet face. ("Anyway," Jock told himself, "she cries a lot prettier than she used to. Why, she cries the prettiest of any girl I ever saw!")

"I'll take you home, don't worry," he said.

To his astonishment the offer provoked fresh sniffles. "Wh-what'll you think of me?" gulped Cecily. "I never was like this be-before, and of course it would have to be this night! Oh, everything's all t-terrible—"

It was eventually determined that Cecily should be driven to Yvonne's apartment for the night. "It's the only logical thing to do," Yvonne said to Jock. "If her mother's like most mothers, taking her home as is would be sheer cruelty. You find August, will you, and ask him if he cares if we do our last numbers now instead of later—and bring her wrap from the chair where she was sitting—"

At 12:30 the roadster fled away from Terrace Tavern, bearing three people.

"Lean against me, Cecily," suggested Yvonne.

"No," said Cecily drowsily. "I wanna lean the other way."

She dozed through the trip into the city nestled against Jock, with her head contentedly resting on his shoulder.

XV.

He was hailed from sleep the next morning by the peal of his bedside telephone and a lilting remote announcement to the effect that "This is me."

"It's who?"

"Me. The old soak."

"Oh, hello, Cecily," he chuckled.

"Why, you're horrid!" cried Cecily instantly. "You weren't supposed to identify me by that!"

Jock thought, "Gee, she's got a cute voice! She sort of sings everything."

He propped himself on one elbow and gazed absorbedly at the telephone's mouthpiece. "How are you this morning?" he asked it. "I bet you head feels as if they were holding the battle of the Marne inside."

"It does not!"

"It should. You ought to have a whale of a hang-over."

"I have. But you didn't name a bad enough battle! Say, Jock?"

"What ho?"

"Can I call you Jock?"

"For cryin' out loud what else would you call me?"

"Well, I didn't know. Your behavior toward me is sort of Mister-Hamillish. Anyway: Yvonne says to tell you to take me somewhere to breakfast."

"I'll take you both, of course."

"Yvonne says she doesn't want any breakfast."

"What's the matter with her?" Jock interrogated, alarmed.

"She says she's tired. She says I kept her awake all night, talking in my sleep. About you."

"Now I know she's kidding. Tell her I'll be over there in 20 minutes, and I want to find both of you with your bonnets on, all ready for a bevy of ham and eggs—"

"If you mention food," stated Cecily, "I shall die. I don't even want to see any, from now until I'm ninety. But I want to talk to you. That's the only reason I'm going."

"I want to talk to you, too!" You're going to get the bawling-out of your young life, don't think you're not!"

"I don't," said Cecily.

He found her waiting for him in Yvonne's little living room, wearing a gown that he recognized as belonging to Yvonne. It hung to her insteps. "Look," she said, patting the skirt. "I'll have to tack it up with safety pins before we go out or everybody will think I'm trying to hide bowlegs or something."

"I can tell 'em different!" retorted Jock. "After the back-flip you took last night, I can speak with authority."

Cecily giggled. "Wasn't that the limit?" she said in a confidential undertone. "I'm mortified to death when I think of it. It must have been awful."

"Well, not too awful. In fact, I might say—but never mind. How're you feeling this morning, Cecily, no foolin'? Have you a headache really? You're looking full of pep." His eyes roamed over her commendingly. No, he hadn't been mistaken last night; she was delightful. All pink and white and brown, like a wild rose—no, too banal—like a—

He searched for a fit simile ,and finding none, said, "Anybody who can look like that on the morning after—"

Yvonne chose this unfortunate moment to enter the room, in a negligee of Nile green chiffon and lace that foamed behind her like a boat's wake. The negligee was very lovely and Yvonne was very lovely. But 10 a. m. and a little beauty like Cecily are a combination hard on even the loveliest of women grown. For the first time in his life, Jock thought Yvonne looked old. "As the hills!" he told himself, scandalized.

She must have realized — women are always sensitive of those things—yet she went straight to Cecily and put her arm about her shoulders. The effect was pictoral in the extreme. But it was rather terribly revealing.

"Our little toper here—" Yvonne smiled at Jock, squeezing Cecily affectionately — "needs some breakfast. Take her to some not too conspicuous place, will you, Jock Hamill? My dress doesn't seem to fit her any too well, and she can't wear her own in broad daylight, of course—"

"Look here, why aren't you going?" Jock wanted to know.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found how to save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap, but it has no equal for results. It gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified honey, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guaiacol, known the world over for its healing effect on membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

THREE DAY COLDS THREATEN LUNGS

A cough or cold that hangs on after the third day is a threat.

Do something! Don't wait until the cold has run its course—from your head to your throat—from throat to chest or bronchial tubes. Break up your cold before it settles in this "danger zone"; for inflammation spreads, and your bronchial tubes lead directly into your lungs.

Quickly and unfailingly Ayer's Cherry Pectoral goes straight to the seat of trouble. With the very first swallow you *feel* its comforting warmth. You feel its soothing, healing powers reaching deep down into your bronchial tubes. You feel it penetrating through and through the irritated membranes.

This healing medication, absorbed into the membranes themselves, breaks up the cold, stops the cough, brings prompt *and lasting* relief.

If you are catching cold; if you have a "head cold"; if your chest is tight; if you have a cough—even if bronchitis has developed—Ayer's Cherry Pectoral *at once!*

Cherry Pectoral is pleasant, safe and dependable—for children and grown people. At all druggists—60c; twice as much, $1.00. 2a3c

Deserving of Re-Election

The Review-Tribune is utterly out of sympathy with the criticism by his political foes of the course of Senator Frank B. Willis in bringing the accomplishments of the federal administration into the Ohio senatorial campaign. If there are issues above all others on which a senatorial campaign should be waged, they are national. And we believe it a duty which the senator owes himself to show what support he rendered to the furthering of executive policies and measures.

Senator Willis received what to all intents and purposes were two mandates to support the policies of President Coolidge. One came from the country as a whole, the other from the citizens of his own state. The popular plurality given President Cooldige was the largest ever received by a candidate for the presidency. It demonstrated the country's approval of the Coolidge policies. The popular plurality given President Coolidge by the people of Ohio was also the largest ever given a presidential candidate in this state, and likewise spoke the approval of the people of Ohio of the Coolidge policies. Thus Senator Willis not only received a mandate from the people of this state to support the policies of the president, but also that of the people of the entire land. If the senator complied with these mandates and carried out the will of the people of Ohio, his home state, and also that of the country, we believe he is justified in reciting the fact in his campaign for re-election.

We have a high admiration for his opponent, Mr. Pomerene, and have not been at all adverse to saying so, but at the same time we have a very high opinion of Senator Willis and see no reason why one who has carried out the will of the people of Ohio, expressed by them in support of the president should be supplanted by one who, being of a party opposed to that president, may not give him support. We are certain that the people are still steadfast in their support of the policies which brought the result of prosperity.

Again the Review-Tribune is glad to voice its commendation of the record of Mr. Willis as a member of the upper house of congress. We esteem it an honest and honorable one. We have been particularly pleased with his course in the offensive against the Chicago water steal, in which he has manifested a high decree of leadership against a well organized assault upon the public right, and his outstanding position as an advocate of the enforcement of the prohibition law has appealed to us strongly. Even the senator's most bitter political enemies will pay him the tribute of being consistent in the matter of prohibtion. There are so many members of our national legislative bodies who are but theoretically dry that it is a relief to find one who is consistent. And his consistency, to our mind, is the senator's greatest offense in the eyes of those most bitter in their opposition to him. We feel that it would be an injustice should a man be penalized for being a consistently conspicuous upholder of the organic law of the land.

Our feeling is that Senator Frank B. Willis should be re-elected on his record.

Radio Beams

At last Marconi is using, with practical success, the "beam system" of wireless communication on which he has been working for 15 years. By concentrating outgoing wireless waves and throwing them in a given direction, as a searchlight throws its light waves, he is able to point them at will, restrict their reception to a small area and put more of a push behind them.

His radio beams seem suprisingly effective, carrying messages from Montreal to London at the rate of 150 to 200 words a minute, three times as fast as the cables, with perfect reception in the experimental service. More remarkable still, Marconi says he can flash his wireless messages simultaneously in both directions. Apparently the opposite radio waves don't interfere with each other.

There may be, in a few years, a powerful system of such radio stations covering the world. They may be used eventually for telephony as well as telegraphy.

Will they supplant the wires and cables? Probably not. Metal lines may always be needed for privacy, and for greater independence of weather and electrical disturbances.

Berlin Goes To Bed

Berliners have got permission to stay up until 3 a. m.," says a dispatch from the German capital, "and how they dread it!"

The rule in force until recently required theaters, dance halls, cafes and restaurants to close at 1 o'clock. Now, with two hour more to play, patrons are going home at the usual time.

Berlin used to be famed as an "all-night town." Its night life was a scandal. But it seemed to outsiders forced and unnatural, as if Berlin folk felt obliged to rival Paris by night, and didn't really enjoy it.

At any rate, the city seems to have settled down into a fairly sober community of people who go to bed at night because they're tired of artificial gaiety and foolish expense, and want to get up without a headache and do a real day's work. That will count in European reconstruction.

NEW YORK DAYBYDAY

By O. O. McINTYRE

NEW YORK, Oct. 26.—In the past few years New York has had several "last appearances" in real life offering more high voltage drama than ever seen upon the stage. The passing of John Siddal, the magazine editor, was an epic in courage. He believed death was a mere doorway between two lives.

Told his span of life was short he confided in on one but his wife and laboured with Spartanic zeal until one evening he left his office with customary cheerfulness and never returned. Several days later he passed away.

At a certain dinner at Sherry's a young society girl only recently married grouped her friends about her at the end of the dinner and said: "I have an incurable malady. I want each of you to remember me as you see me now—vitally alive and apparently happy."

Then she slipped from the room and none of her guests saw her again. Four months later she was gone. And across the way at old Delmonico's a little later a popular bachelor gave a "farewell party" presumably as a prelude to a long ocean voyage.

He arose and said: "I am going to ask you, my friends, to drink a little farewell toast. I am going on a long, long journey and I lift a glass to the hope we shall meet again." The next morning he sailed and several days later jumped into the sea.

And there is the story of an actress on the eve of an European jaunt which apparently portended happiness and rest. At an after theatre supper someone arose, lifted a glass, and said: "Until we meet again." The girl stood and replied: "We shall meet again—but not in a cafe."

Several weeks later came news of death by self administered poison in Paris. There is the man who excused himself from a group of friends on way to lunch. He entered an office building saying "I'll be down faster than I go up." He took the elevator to the 27th floor and leaped from a window.

The hostess of a cabaret had this notice posted at the entrance of her gyp parlor for the benefit of a discarded suitor: "Mr. Blank is forever barred from these premises." Thereby proving cabarets serve almost everything—including air.

In that pre-dinner hour of traffic desolation Fifth Avenue acquires a small town neighborliness. The activity dries up. Butlers seep to the curb to puff at pipes and exchange below stairs gossip. Page boys from smart hotels stroll with dogs. The gray uniformed private police rap lamp post greetings. Pigeons flutter Clubmen in dinner clothes enjoy a brisk before dinner walk and have to the asphalt from cathedal eaves. time to stop and chat. And in an hour the roar and confusion resumes.

There is no happier crowd than shopgirls rushing home from work in the evening. They sweep along in the delirium of traffic stopping at this mirror and that to brighten their lips and powder their cheeks. There is a spontaneity to their laughter like the lightness of champagne foam. Some meet their beaux at the corner, link arms and go on. Plodding pedestrians feel the slight touch of romance and seem to quicken steps, too.

In one apartment house building uptown it was discovered that there were three white women with Chinese husbands. All the wives were above the average in looks and said they were quite happy. Great people, etc.

HASKINS' LETTER

By FREDERIC J. HASKIN

Home Education.

WASHINGTON, D. C., Oct. 27.—Home education reading courses under the direction of the United States Department of the Interior's Bureau of Education have grown in popularity until there are now more than 5000 readers enrolled. Since this work was instituted in 1913, about a year before the beginning of the World War, more than 18,000 persons have enrolled in one or more courses.

A woman in Pennsylvania has completed six courses and is now on her seventh. Another in Illinois has finished seven.

Of those who take up this line of self-education more than a majority—54 per cent to be exact—are 16 years of age, or under. Of the adult readers, 55 per cent are women. Most of the readers are in urban communities where libraries are convenient of access. California leads with the greatest number of enrolled readers, 500, with Pennsylvania, Illinois, New York, Michigan, Massachusetts, and Maryland following in the order named.

There are 30 of these reading courses on various subjects, such as literature, history, biography, fiction child care, the pre-school child, citizenship, government, architecture, heroes of American democracy, foreign trade, teaching, pathways to health, agriculture and country life, poetry, and the like.

Any man or woman, boy or girl, can take any of the courses, and the Bureau has enrolled readers of all ages ranging up to three-score and ten. The first requirement is merely to secure and fill out an application for enrollment, giving name, address, age, sex occupation, education, and the course desired. Readers living in any of the following States should apply to the director of extension in the State University for information and direction which will be given without charge: Arizona, Arkansas, Colorado, Indiana, Iowa, Kansas, Kentucky, North Carolina, North Dakota, Oregon, South Carolina, South Dakota, Utah, Virginia, Washington, and Wisconsin, and in Hawaii.

In Louisiana the work is carried on in the extension division of the State Normal College at Natchitoches, and in Oklahoma the State Library Commission directs the work from Oklahoma City. Readers living in other States than those mentioned should make application to the United States Bureau of Education, at Washington.

Reading Circles Formed.

In many instances reading circles are formed of groups of people in communities who begin one or more of the courses and hold meetings at stated intervals to discuss the books. The courses are to be read within three years of the date of enrollment and notification should be sent to the office at the time that each book is begun. When each book is completed the reader should send a summary of it to the office. Certificates signed by the Commissioner of Education are awarded to those who send in the notifications and summaries, and who answer the test questions or give other satisfactory evidence that the books have been read.

Formerly the reading of 30 books constituted a course, but that requirement has been changed and now a person who reads any seven of the books listed in a course may receive a certificate. Nor must the books be read in the order in which they are listed, and it is to be borne in mind that the books are not textbooks. There is no arrangement whereby school or college credits may be secured for work done in the reading courses, but it is possible that a teacher might give the holder of a certificate credit for collateral reading, if it covered required reading. That is a matter that is up to the teacher or the school, and is no part of the plan of the Bureau of Education.

The books that are listed in the various courses are selected by committees of specialists, or, rather, the specialists recommend and members of the Bureau staff make the final selections. The books may be purchased from publishers or dealers, or borrowed from libraries. The Bureau does not furnish them nor lend them.

In developing the home education work two conferences have been held, one at Lexington, Ky., in 1922, and one at Minneapolis two years later, of directors of extension of state universities, librarians, and leaders in parent-teacher associations, in conjunction with officials of the Bureau. At the Minneapolis gathering there were representatives from 33 States and the District of Columbia, 80 in all. The topics discussed included the place of university extension service in a co-operative plan for extension of educational opportunities, cooperation for adult education, courses for parents, the library in the home education movement, what parent-teacher associations can do for libraries, the educational adviser in the public library, practical methods of cooperation in educating for parenthood, psychic values in the home, and literature in the home.

Bureau's Strategic Position.

Dr. John J. Tigert points out that the Bureau of Education, which he heads, occupies a strategic position, with educational contacts with many agencies. These contacts, he says, are valuable to the Bureau in its effort to discover educational needs, in securing data regarding accomplishments in education, in giving direction to its activities.

The home education dates back almost to the very beginning of the Bureau. In 1868 Dr. Henry Barnard, the first Commissioner of Education,

Deserving of Re-Election

The Review-Tribune is utterly out of sympathy with the criticism by his political foes of the course of Senator Frank B. Willis in bringing the accomplishments of the federal administration into the Ohio senatorial campaign. If there are issues above all others on which a senatorial campaign should be waged, they are national. And we believe it a duty which the senator owes himself to show what support he rendered to the furthering of executive policies and measures.

Senator Willis received what to all intents and purposes were two mandates to support the policies of President Coolidge. One came from the country as a whole, the other from the citizens of his own state. The popular plurality given President Cooldige was the largest ever received by a candidate for the presidency. It demonstrated the country's approval of the Coolidge policies. The popular plurality given President Coolidge by the people of Ohio was also the largest ever given a presidential candidate in this state, and likewise spoke the approval of the people of Ohio of the Coolidge policies. Thus Senator Willis not only received a mandate from the people of this state to support the policies of the president, but also that of the people of the entire land. If the senator complied with these mandates and carried out the will of the people of Ohio, his home state, and also that of the country, we believe he is justified in reciting the fact in his campaign for re-election.

We have a high admiration for his opponent, Mr. Pomerene, and have not been at all adverse to saying so, but at the same time we have a very high opinion of Senator Willis and see no reason why one who has carried out the will of the people of Ohio, expressed by them in support of the president should be supplanted by one who, being of a party opposed to that president, may not give him support. We are certain that the people are still steadfast in their support of the policies which brought the result of prosperity.

Again the Review-Tribune is glad to voice its commendation of the record of Mr. Willis as a member of the upper house of congress. We esteem it an honest and honorable one. We have been particularly pleased with his course in the offensive against the Chicago water steal, in which he has manifested a high decree of leadership against a well organized assault upon the public right, and his outstanding position as an advocate of the enforcement of the prohibition law has appealed to us strongly. Even the senator's most bitter political enemies will pay him the tribute of being consistent in the matter of prohibtion. There are so many members of our national legislative bodies who are but theoretically dry that it is a relief to find one who is consistent. And his consistency, to our mind, is the senator's greatest offense in the eyes of those most bitter in their opposition to him. We feel that it would be an injustice should a man be penalized for being a consistently conspicuous upholder of the organic law of the land.

Our feeling is that Senator Frank B. Willis should be re-elected on his record.

Radio Beams

At last Marconi is using, with practical success, the "beam system" of wireless communication on which he has been working for 15 years. By concentrating outgoing wireless waves and throwing them in a given direction, as a searchlight throws its light waves, he is able to point them at will, restrict their reception to a small area and put more of a push behind them.

His radio beams seem suprisingly effective, carrying messages from Montreal to London at the rate of 150 to 200 words a minute, three times as fast as the cables, with perfect reception in the experimental service. More remarkable still, Marconi says he can flash his wireless messages simultaneously in both directions. Apparently the opposite radio waves don't interfere with each other.

There may be, in a few years, a powerful system of such radio stations covering the world. They may be used eventually for telephony as well as telegraphy.

Will they supplant the wires and cables? Probably not. Metal lines may always be needed for privacy, and for greater independence of weather and electrical disturbances.

Berlin Goes To Bed

Berliners have got permission to stay up until 3 a. m.," says a dispatch from the German capital, "and how they dread it!"

The rule in force until recently required theaters, dance halls, cafes and restaurants to close at 1 o'clock. Now, with two hour more to play, patrons are going home at the usual time.

Berlin used to be famed as an "all-night town." Its night life was a scandal. But it seemed to outsiders forced and unnatural, as if Berlin folk felt obliged to rival Paris by night, and didn't really enjoy it.

At any rate, the city seems to have settled down into a fairly sober community of people who go to bed at night because they're tired of artificial gaiety and foolish expense, and want to get up without a headache and do a real day's work. That will count in European reconstruction.

Chicago to Have the Biggest Generator." All right. But what Chicago needs is the Biggest Regenerator.

Tomboy Taylor — By Fontaine Fox

NEW YORK DAY BY DAY
By O. O. McINTYRE

NEW YORK, Oct. 26.—In the past few years New York has had several "last appearances" in real life offering more high voltage drama than ever seen upon the stage. The passing of John Siddal, the magazine editor, was an epic in courage. He believed death was a mere doorway between two lives.

Told his span of life was short he confided in on one but his wife and laboured with Spartanic zeal until one evening he left his office with customary cheerfulness and never returned. Several days later he passed away.

At a certain dinner at Sherry's a young society girl only recently married grouped her friends about her at the end of the dinner and said: "I have an incurable malady. I want each of you to remember me as you see me now—vitally alive and apparently happy."

Then she slipped from the room and none of her guests saw her again. Four months later she was gone. And across the way at old Delmonico's a little later a popular bachelor gave a "farewell party" presumably as a prelude to a long ocean voyage.

He arose and said: "I am going to ask you, my friends, to drink a little farewell toast. I am going on a long, long journey and I lift a glass to the hope we shall meet again." The next morning he sailed and several days later jumped into the sea.

And there is the story of an actress on the eve of an European jaunt which apparently portended happiness and rest. At an after theatre supper someone arose, lifted a glass, and said: "Until we meet again." The girl stood and replied: "We shall meet again—but not in a cafe."

Several weeks later came news of death by self administered poison in Paris. There is the man who excused himself from a group of friends on way to lunch. He entered an office building saying "I'll be down faster than I go up." He took the elevator to the 27th floor and leaped from a window.

The hostess of a cabaret had this notice posted at the entrance of her gyp parlor for the benefit of a discarded suitor: "Mr. Blank is forever barred from these premises." Thereby proving cabarets serve almost everything—including air.

In that pre-dinner hour of traffic desolation Fifth Avenue acquires a small town neighborliness. The activity dries up. Butlers seep to the curb to puff at pipes and exchange below stairs gossip. Page boys from smart hotels stroll with dogs. The gray uniformed private police rap lamp post greetings. Pigeons flutter Clubmen in dinner clothes enjoy a brisk before dinner walk and have to the asphalt from cathedal eaves. time to stop and chat. And in an hour the roar and confusion resumes.

There is no happier crowd than shopgirls rushing home from work in the evening. They sweep along in the delirium of traffic stopping at this mirror and that to brighten their lips and powder their cheeks. There is a spontaneity to their laughter like the lightness of champagne foam. Some meet their beaux at the corner, link arms and go on. Plodding pedestrians feel the slight touch of romance and seem to quicken steps, too.

In one apartment house building uptown it was discovered that there were three white women with Chinese husbands. All the wives were above the average in looks and said they were quite happy. Great people, etc.

HASKINS' LETTER
By FREDERIC J. HASKIN

Home Education.

WASHINGTON, D. C., Oct. 27.—Home education reading courses under the direction of the United States Department of the Interior's Bureau of Education have grown in popularity until there are now more than 5000 readers enrolled. Since this work was instituted in 1913, about a year before the beginning of the World War, more than 18,000 persons have enrolled in one or more courses.

A woman in Pennsylvania has completed six courses and is now on her seventh. Another in Illinois has finished seven.

Of those who take up this line of self-education more than a majority—54 per cent to be exact—are 16 years of age, or under. Of the adult readers, 55 per cent are women. Most of the readers are in urban communities where libraries are convenient of access. California leads with the greatest number of enrolled readers, 500, with Pennsylvania, Illinois, New York, Michigan, Massachusetts, and Maryland following in the order named.

There are 30 of these reading courses on various subjects, such as literature, history, biography, fiction, child care, the pre-school child, citizenship, government, architecture, heroes of American democracy, foreign trade, teaching, pathways to health, agriculture and country life, poetry, and the like.

Any man or woman, boy or girl, can take any of the courses, and the Bureau has enrolled readers of all ages ranging up to three-score and ten. The first requirement is merely to secure and fill out an application for enrollment, giving name, address, age, sex, occupation, education, and the course desired. Readers living in any of the following States should apply to the director of extension in the State University for information and direction which will be given without charge: Arizona, Arkansas, Colorado, Indiana, Iowa, Kansas, Kentucky, North Carolina, North Dakota, Oregon, South Carolina, South Dakota, Utah, Virginia, Washington, and Wisconsin, and in Hawaii.

In Louisiana the work is carried on in the extension division of the State Normal College at Natchitoches, and in Oklahoma the State Library Commission directs the work from Oklahoma City. Readers living in other States than those mentioned should make application to the United States Bureau of Education, at Washington.

Reading Circles Formed.

In many instances reading circles are formed of groups of people in communities who begin one or more of the courses and hold meetings at stated intervals to discuss the books. The courses are to be read within three years of the date of enrollment and notification should be sent to the office at the time that each book is begun. When each book is completed the reader should send a summary of it to the office. Certificates signed by the Commissioner of Education are awarded to those who send in the notifications and summaries, and who answer the test questions or give other satisfactory evidence that the books have been read.

Formerly the reading of 30 books constituted a course, but that requirement has been changed and now a person who reads any seven of the books listed in a course may receive a certificate. Nor must the books be read in the order in which they are listed, and it is to be borne in mind that the books are not textbooks. There is no arrangement whereby school or college credits may be secured for work done in the reading courses, but it is possible that a teacher might give the holder of a certificate credit for collateral reading, if it covered required reading. That is a matter that is up to the teacher or the school, and is no part of the plan of the Bureau of Education.

The books that are listed in the various courses are selected by committees of specialists, or, rather, the specialists recommend and members of the Bureau staff make the final selections. The books may be purchased from publishers or dealers, or borrowed from libraries. The Bureau does not furnish them nor lend them.

In developing the home education work two conferences have been held, one at Lexington, Ky., in 1922, and one at Minneapolis two years later, of directors of extension of state universities, librarians, and leaders in parent-teacher associations, in conjunction with officials of the Bureau. At the Minneapolis gathering there were representatives from 33 States and the District of Columbia, 80 in all. The topics discussed included the place of university extension service in a cooperatve plan for extension of educational opportunities, cooperation for adult education, courses for parents, the library in the home education movement, what parent-teacher associations can do for libraries, the educational adviser in the public library, practical methods of cooperation in educating for parenthood, psychic values in the home, and literature in the home.

Bureau's Strategic Position.

Dr. John J. Tigert points out that the Bureau of Education, which he heads, occupies a strategic position, with educational contacts with many agencies. These contacts, he says, are valuable to the Bureau in its effort to discover educational needs, in securing data regarding accomplishments in education, in giving direction to its activities.

The home education dates back almost to the very beginning of the Bureau. In 1868 Dr. Henry Barnard, the first Commissioner of Education,

THE rugged endurance that singles out the Hupmobile Six can be quickly traced to its source in Hupmobile's adherence to the finer manufacturing and engineering practices.

Hupmobile Six, for example, has a heavy, rigid crankshaft—a kind too costly for common use. Combined with an efficient vibration damper, that weight and stiffness reduce vibration to the minimum.

Hupmobile imports expensive Cuban iron for its cylinder blocks—unmatched for resistance to wear. It machines the combustion chambers of all cylinders to precise size, thus giving you smoother operation and greater power.

The reinforced chassis frame is built especially strong to resist the strains which every chassis must meet.

And Hupmobile surrounds a myriad of these basic superiorities with every feature that promotes performance, safety and economy, such as thermostatic control of cooling, four-wheel brakes, clear-vision bodies, oil filter, gas filter, etc.

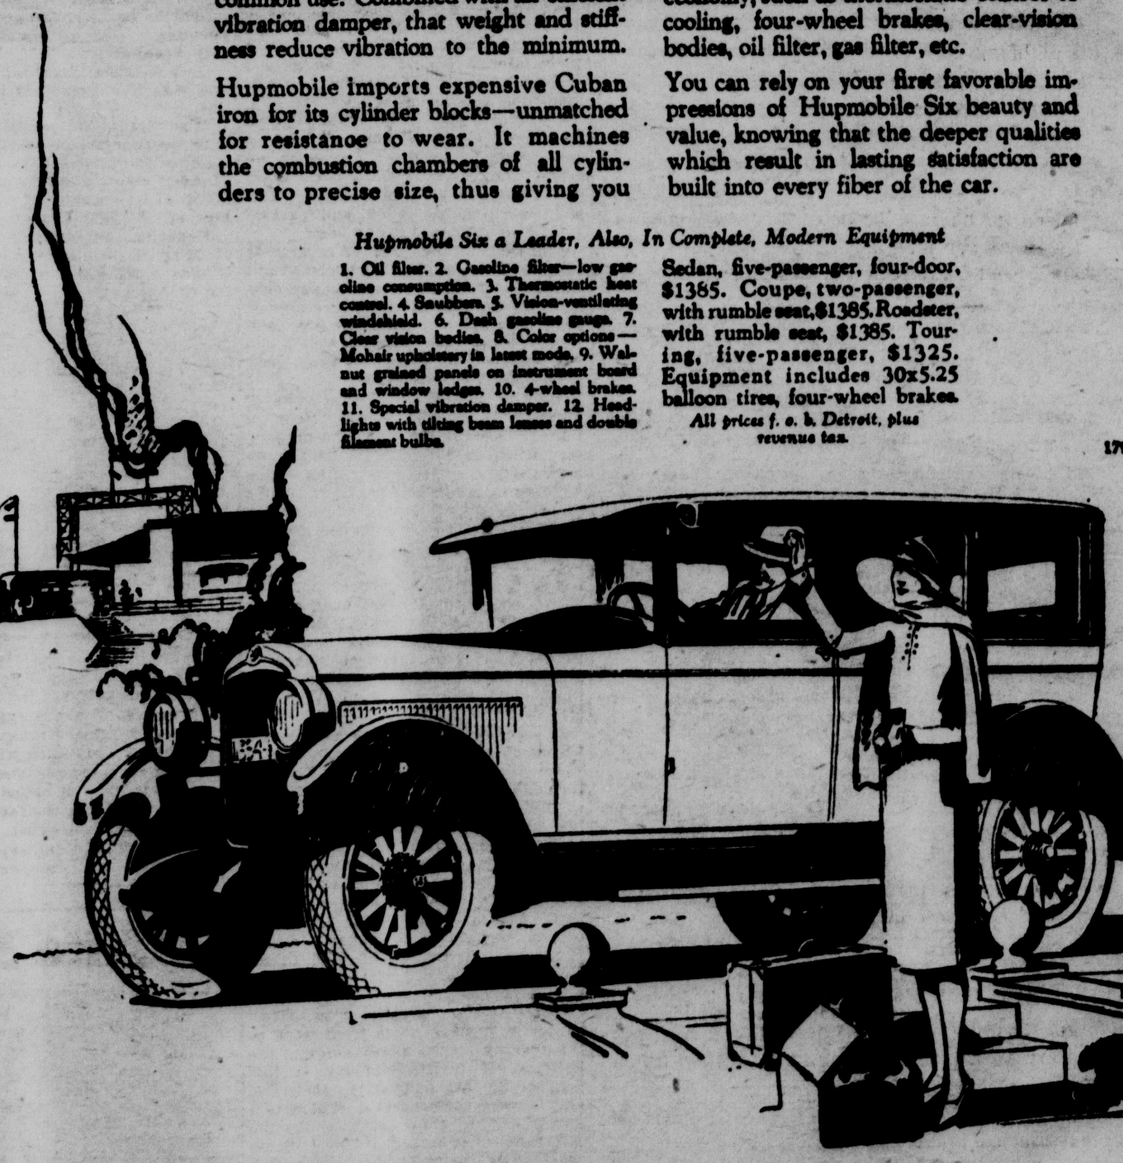

You can rely on your first favorable impressions of Hupmobile Six beauty and value, knowing that the deeper qualities which result in lasting satisfaction are built into every fiber of the car.

THE rugged endurance that singles out the Hupmobile Six can be quickly traced to its source in Hupmobile's adherence to the finer manufacturing and engineering practices.

Hupmobile Six, for example, has a heavy, rigid crankshaft—a kind too costly for common use. Combined with an efficient vibration damper, that weight and stiffness reduce vibration to the minimum.

Hupmobile imports expensive Cuban iron for its cylinder blocks—unmatched for resistanoe to wear. It machines the combustion chambers of all cylinders to precise size, thus giving you smoother operation and greater power.

The reinforced chassis frame is built especially strong to resist the strains which every chassis must meet.

And Hupmobile surrounds a myriad of these basic superiorities with every feature that promotes performance, safety and economy, such as thermostatic control of cooling, four-wheel brakes, clear-vision bodies, oil filter, gas filter, etc.

Police Kept Busy As Hallowe'en Pranks Annoy Citizens Here

Complaints from practically all sections of the city, particularly the West End, as a result of premature Hallowe'en celebrators, have come tumbling over one another into police headquarters within the past 10 days so rapidly that it is practically impossible for police to keep up with them.

Every effort is being made to prevent property damage. Last night three lads were arrested by police after a chase in the lower end of the town. The youths surrendered about a half a peck of large green tomatoes which, apparently, they had been using to "bomb" pedestrians and front doors of homes.

A favorite trick is the destruction of milk bottles left on porches. The glass is usually left out in the street as a hazard to automobile tires.

J. H. Mosel and George T. Ewing, of Steubenville, and William Johnson and Ralph O. Drury, of Youngstown, will also be members of the committee.

Bake Sale Postponed.

Bake sale to have been held Saturday by the Women's Foreign Missionary society of the First Methodist Protestant church has been postponed one week, it was announced today.

Pennsy Plans Coaling and Water Terminal at East Rochester Site

Contractor Starts Work on New Pumping Station; Old Station at Bayard to be Discontinued; Move Prompted by Increase in Traffic.

East Rochester may soon be a new coaling and water terminal for the Cleveland and Pittsburgh division of the Pennsylvania railroad.

That a new pumping station is to be erected on railroad property, in a tract of wooded land about a mile east of East Rochester, was announced today.

Contractor for the project has already started work. Several cars of material are expected to arrive this week for the new building.

According to reports, there will be a large concrete basin to catch surface water. In addition, wells will be drilled to assure permanent water supply.

Besides the pumping station, according to reports received here by railworkers, company officials are planning to erect tipples near the pumping station to furnish coal for trains.

The coaling and water terminal which has been maintained at Bayard for several years is to be practically discontinued with the opening of the structure at East Rochester, according to reports. The Bayard station will probably be used for trains on the Minerva branch line.

During the last few years, with heavier trains being hauled over this division, it has been found that the distance between water terminals at New Salisbury and Bayard is too far. Many freight have been forced to stop near East Rochester, the engine being cut off to go to Bayard for water.

To accommodate trains, and keep the main line open for faster trains while freights are securing coal and water, two sidings each a mile long are to be constructed. One will be for westbound and one for eastbound traffic.

Erection of the new pumping station is the result of completing the Canton to Bayard cutoff which was recently opened for traffic. Water pipes at Bayard are not properly located to care for freights coming over the cutoff.

In addition to the surface water which is expected to keep the concrete basin well filled, the railroad will have advantage of a canal that runs along the woods in case surface water is low. Wells will be used to meet needs shoulder the surface supply fail.

A large water tank will probably be erected to furnish pressure for filling tanks on engines. Water will be lifted from the concrete basin to the standpipe, where it will flow into the engines under gravity pressure.

With increased traffic over this division, it is probable that three men will be employed at the pumping station, each working an eight-hour shift. Pumps will not be required to operate continuously unless it is necessary to operate the wells.

At the present time, water terminals are located at New Salisbury, Bayard and Alliance. The long steep grade from Salineville to Summitville requires so much water that few heavy trains can go from New Salisbury to Bayard on the supply received at New Salisbury.

Few westbound freight trains pass the New Salisbury station without stopping for water. Passenger trains are able to go from Wellsville to Bayard without stopping for water.

Sewer Equipment Damaged; Mayor Offering Reward

Information leading to the arrest of any person guilty of tampering with city property in the West End of the municipality will be worth $5 to the person who provides it.

Mayor W. L. Fogo today announced that such a reward would be paid to anyone, of any age, who so helps the authorities in preventing the removal or molesting of equipment that has been in use in the sewer repair work in the West End.

Red signal lights that have been left on the work have been stolen; fire hose that has been used in flushing out the sewers has been dragged away from the job, and ropes that have been placed around open ditches to prevent accidents have been unwound and used by Hallowe'en pranksters to tie across the street to trip unsuspecting pedestrians.

Parade, Meeting, Nov 11 Planned by Legion.

A street parade will be the principal feature of the program, followed by a banquet and public meeting in the Legion post rooms in Main street.

A banquet and speech making are on the program.

DARDEN FREED; PAYS $100 FINE

Pleading guilty to a charge of possession, Oscar Darden, arrested Monday night by local police, last night gave Mayor W. L. Fogo a check for $100 and costs and was released.

Shunning a jail sentence, Darden said, "it's too cold down there for me."

Edward Webb, jailed on a similar charge, was assessed a similar fine, and is still in jail.

Case of Dory Clutter, arrested a short distance out McQueen's Run hollow on a charge of manufacturing was continued by Mayor Fogo.

Seven men arrested in a gambling raid at 1321 Main street are scheduled for an appearance before the mayor this evening at 6:30 o'clock.

Cancellation of the contest was filed several days ago with the local school authorities who, in the meantime, have ben endeavoring to get in touch with a suitable opponent for Saturday. The lateness of the season, however, has made it practically impossible to schedule a game.

FUND TRANSFER IN FULTZ CASE IS APPROVED

State Bureau Makes Ruling at Request of Council.

CITY HAS POWER

Certificate of County Auditor Must be Obtained.

Resolution authorizing the taransfer of $500 from the safety to general fund for the payment of costs in the Chief of Police Fultz removal litigation, was passed by solons last night on second reading.

The vote on the measure was five to one, Councilman Ted Swearingen voting against the resolution. Councilman W. C. Connor, who had voted against the measure at its first reading, was absent last night.

In connection with the action on the resolution, Clerk George Hardman read a ruling made by the state bureau of inspection and supervision of public offices to the effect that the city's action in the case is entirely legal.

Ruling of the state was soughta following the filing of a protest by J. H. Mosby, of this city.

The bureau rules as follows:

"We are in receipt of your letter of October 21, enclosing letters addressed to you by Mr. Mosby, a taxpayer, and a copy of a resolution adopted by the city council authorizing a transfer of $500 from the safety fund to the general fund and appropriating said amount for the payment of costs in pending litigation relative to the appeal of John Fultz. It seems that Mr. Mosby objects to the payment of any costs in connection with this litigation and you inquire if any payments may legally be made from this appropriation.

"Section 4308, G. C., reads:

"'When required so to do by resolution of the council, the solicitor shall prosecute or defend as the case may be, for and in behalf of the corporation, all complaints, suits and controversies in which the corporation is a party, and such other suits, matters and controversies as he shall, by resolution or ordinance, be directed to prosecute, but shall not be required to prosecute any action before the mayor for the violation of an ordinance without first advising such action.'"

"Council has power to appropriate funds for the purpose of paying costs in connection with actions brought by the city solicitor at council's direction. Such an appropriation, however, is governed by all the provisions of sections 5649-3g, 5649-3h, 5660, 5660-1 and 5661 G. C., i. e., if such an appropriation is supplemental to the appropriation for the fiscal year the certificate of the county auditor must be obtained that such supplemental appropriation, when added to the original appropriations, shall not exceed the official estimates of revenues and balances. The resolution you submit provides for a transfer from the safety to the general fund and for an appropriation from the general fund but since it does not authorize a transfer from an appropriation item in the safety fund to an item in the general fund it must be considered a supplemental appropriation and the county auditor's certificate must be obtained before it becames effective.

"If part of the costs in contemplation are attorney fees for assisting the city solicitor the position of assistant city solicitor must be created and the amount of his compensation fixed by ordinance of council. Such compensation may be an amount per diem, per week or month or may be a lump sum.

"Since we have no knowledge of the details in connection with these costs we suggest that the matter be referred to oyur city solicitor and that you be guided by his opinion.

"Mr. Mosby's letter and copy of the resolution are returned herewith.

Ladies of Golden Eagle To Hold District Meeting Here Thursday

One Hundred or More Members of Order Expected; Two Sessions Scheduled, One in Afternoon, and One at Night.

Plans for the district No. 7 meeting of the Ladies of the Golden Eagle, which will be held here tomorrow afternoon, have practically been completed, officers of Golden Rod Temple, the Wellsville lodge, announced today.

Approximately 100 or more members of the order from Lisbon, East Liverpool and other towns of the district are expected to attend the meeting which will be held in the Golden Rule lodge rooms in Main street between Thirteenth and Fourteenth streets.

Two sessions are scheduled for the conference, one in the afternoon, beginning at 1:30 o'clock, and the second in the evening, beginning at 7:30 o'clock.

The conference will be occupied chiefly with business matters concerning the order.

Dinner will be served at 6 o'clock.

Hallowe'en-Bridge Party is Held at Paul Eaton Home

Mr. and Mrs. Paul Eaton entertained a number of their friends at a Hallowe'en masquerade party last evening at their home in Washington avenue.

Music and guessing contestsa were diversions. Four tables of bridge were in play, also, during the evening.

Prizes were awarded to Mrs. Lester Donnelly, Robert Kountz, Mrs. Elmer Evans and Samuel Adams.

Luncheon was served by the hostess at the close of the affair.

Fire at Pottery Plant.

Fire of undetermined origin, scorched the interior of the bisque warehouse at the McNicol-Corns pottery, in Sixth street, this morning at 6:30 o'clock, causing damage estimated at approximately $200.

Solons Will Ask Renewal of Old Passenger Stops

City officials will query the superintendent of the Cleveland & Pittsburgh division of the Pennsylvania Railroad as to the possibility of having two of the division passenger trains make stops at the Twelfth street station.

The trains in question are the old "41" from Pittsburgh, which reaches Third street at 2:52 a. m., and the 4:54 in from Cleveland in the afternoon.

The one stop plan, whereby the trains "pass up" the Twelfth street station, works a hardship on passengers who reside in the West End of the city, solons point out.

The matter was raised by President Clyde Baker. Clerk Hardman was instructed to communicate with the division superintendent.

MASK PARTY FOR KIWANIS

Inter-city Club Meet to be Held at Salineville.

Wellsville Kiwanis club members and their wives will be guests of the Salineville club tonight at an inter-city meet in Salineville. A large representation from the local club will be present.

The affair will take the form of a Hallowe'en party, guests being requested to attend in costume. Prizes will be awarded for the most beautiful costume, the most clever costume and the most comic costume.

A program in keeping with the occasion will be carried out. The party will begin at 8 o'clock.

PHONE COMPANY ASKED TO RENEW ITS FRANCHISE

City Within Rights in Compelling Concern to Act.

STATE RULING

Manager F. M. Swaney to Consult Legal Department.

"You are within your statutory rights in compelling the Ohio Bell Telephone company to get a franchise."

This, in substance, is the ruling of the office of Attorney General C. C. Crabbe on the city's recent question as to whether action could be taken to cause the phone company to obtain a franchise.

The company has been operating here for approximately a year without a franchise, solons assert.

Clerk Hardman, at last night's council meeting, also read a letter from Frank Swaney, manager of the local district, in which the latter asserts that he will take the matter up at once with his immediate superior and if the company's legal department instructs a reply, he will confer as soon as possible with the city.

An ordinance authorizing a supplementary appropriation of $250 for the Carnegie library, was passed by council.

The mayor and the service director were authorized to issue a certificate of indebtedness in the sum of not to exceed $6,000 for a period of four months pending the issuance and sale of bonds for the repair of McQueen's Run sewer.

The resolution was passed as an emergency measure.

Ralph T. Couch, of East Liverpool, manager of the Ohio Power company operations in this district, and Attorney W. H. Vodrey, legal representative, discussed "lights" with council, preliminary to drawing up a 10-year contract for current supply for the city.

Solons adjourned until tonight.

Police Kept Busy As Hallowe'en Pranks Annoy Citizens Here

Complaints from practically all sections of the city, particularly the West End, as a result of premature Hallowe'en celebrators, have come tumbling over one another into police headquarters within the past 10 days so rapidly that it is practically impossible for police to keep up with them.

Every effort is being made to prevent property damage. Last night three lads were arrested by police after a chase in the lower end of the town. The youths surrendered about a half a peck of large green tomatoes which, apparently, they had been using to "bomb" pedestrians and front doors of homes.

A favorite trick is the destruction of milk bottles left on porches. The glass is usually left out in the street as a hazard to automobile tires.

George D. Lowary on Committee Named for Canned Foods Week

George D. Lowary, of Wellsville, an official of the Riggs company, wholesale grocers, has been appointed as a member of a committee which will have charge of the observance of canned foods week in Ohio November 16-20, according to announcement made today by the Ohio Canners' association.

J. H. Mosel and George T. Ewing, of Steubenville, and William Johnson and Ralph O. Drury, of Youngstown, will also be members of the committee.

Pennsy Plans Coaling and Water Terminal at East Rochester Site

Contractor Starts Work on New Pumping Station; Old Station at Bayard to be Discontinued; Move Prompted by Increase in Traffic.

East Rochester may soon be a new coaling and water terminal for the Cleveland and Pittsburgh division of the Pennsylvania railroad.

That a new pumping station is to be erected on railroad property, in a tract of wooded land about a mile east of East Rochester, was announced today.

Contractor for the project has already started work. Several cars of material are expected to arrive this week for the new building.

According to reports, there will be a large concrete basin to catch surface water. In addition, wells will be drilled to assure permanent water supply.

Besides the pumping station, according to reports received here by railworkers, company officials are planning to erect tipples near the pumping station to furnish coal for trains.

The coaling and water terminal which has been maintained at Bayard for several years is to be practically discontinued with the opening of the structure at East Rochester, according to reports. The Bayard station will probably be used for trains on the Minerva branch line.

During the last few years, with heavier trains being hauled over this division, it has been found that the distance between water terminals at New Salisbury and Bayard is too far. Many freight have been forced to stop near East Rochester, the engine being cut off to go to Bayard for water.

To accommodate trains, and keep the main line open for faster trains while freights are securing coal and water, two sidings each a mile long are to be constructed. One will be for westbound and one for eastbound traffic.

Erection of the new pumping station is the result of completing the Canton to Bayard cutoff which was recently opened for traffic. Water pipes at Bayard are not properly located to care for freights coming over the cutoff.

In addition to the surface water which is expected to keep the concrete basin well filled, the railroad will have advantage of a canal that runs along the woods in case surface water is low. Wells will be used to meet needs shoulder the surface supply fail.

A large water tank will probably be erected to furnish pressure for filling tanks on engines. Water will be lifted from the concrete basin to the standpipe, where it will flow into the engines under gravity pressure.

With increased traffic over this division, it is probable that three men will be employed at the pumping station, each working an eight-hour shift. Pumps will not be required to operate continuously unless it is necessary to operate the wells.

At the present time, water terminals are located at New Salisbury, Bayard and Alliance. The long steep grade from Salineville to Summitville requires so much water that few heavy trains can go from New Salisbury to Bayard on the supply received at New Salisbury.

Few westbound freight trains pass the New Salisbury station without stopping for water. Passenger trains are able to go from Wellsville to Bayard without stopping for water.

Sewer Equipment Damaged; Mayor Offering Reward

Information leading to the arrest of any person guilty of tampering with city property in the West End of the municipality will be worth $5 to the person who provides it.

Mayor W. L. Fogo today announced that such a reward would be paid to anyone, of any age, who so helps the authorities in preventing the removal or molesting of equipment that has been in use in the sewer repair work in the West End.

Red signal lights that have been left on the work have been stolen; fire hose that has been used in flushing out the sewers has been dragged away from the job, and ropes that have been placed around open ditches to prevent accidents have been unwound and used by Hallowe'en pranksters to tie across the street to trip unsuspecting pedestrians.

WILL OBSERVE ARMISTICE DAY

Parade, Meeting, Nov 11 Planned by Legion.

Officers of Wellsville post No. 4, American Legion, today announced arrangements for an Armistice Day celebration, which will be held here on Thursday, Nov. 11.

The observance will get under way officially in the evening, although local business houses will be asked to suspend operations for a period of two minutes at 11 o'clock on the morning of the celebration.

A street parade will be the principal feature of the program, followed by a banquet and public meeting in the Legion post rooms in Main street.

A banquet and speech making are on the program.

DARDEN FREED; PAYS $100 FINE

Pleading guilty to a charge of possession, Oscar Darden, arrested Monday night by local police, last night gave Mayor W. L. Fogo a check for $100 and costs and was released.

Shunning a jail sentence, Darden said, "it's too cold down there for me."

Edward Webb, jailed on a similar charge, was assessed a similar fine, and is still in jail.

Case of Dory Clutter, arrested a short distance out McQueen's Run hollow on a charge of manufacturing was continued by Mayor Fogo.

Seven men arrested in a gambling raid at 1321 Main street are scheduled for an appearance before the mayor this evening at 6:30 o'clock.

Miss Blanche Pugh Hostess to Friends At Hallowe'en Fete

Miss Blanche Pugh was hostess to a number of her friends at a Hallowe'en party last evening at her home, 431 Fourteenth street.

Games and dancing were the principal pastimes. Prizes were awarded to Misses Molly Katz and Elizabeth Rowley for their "Charleston" demonstrations.

An orange and black color scheme was used in the decorations which were in keeping with the spirit of the occasion.

At the close, the hostess served luncheon, assisted by Misses Lily Pugh and Florence McIntosh.

Power Plant Worker Seriously Injured When Stack Tumbles

He was badly hurt about the head and body, one hip bone being dislocated. He was taken to the Ohio Valley hospital in Steubenville.

Mack's home is in Cumberland, Maryland.

MIZPAH CLASS PARTY THURSDAY

Arrangements have been completed for the Hallowe'en party to be held by the Mizpah Sunday school class of the First Methodist Episcopal church tomorrow evening at the home of Mrs. R. E. Patton, in Twelfth and Main streets.

A masquerade party will be staged by the class, accompanied by an appropriate program. Luncheon will be served.

P. H. C. DANCE IS POSTPONED

The regular weekly dance scheduled for Friday night by Fidelity Circle No. 48, Protected Home Circle, has been postponed for one week, according to announcement today by lodge officers.

In view of the numerous Hallowe'en and masquerade parties under way this week, it was decided not to hold the dance.

FUND TRANSFER IN FULTZ CASE IS APPROVED

State Bureau Makes Ruling at Request of Council.

CITY HAS POWER

Certificate of County Auditor Must be Obtained.

Resolution authorizing the transfer of $500 from the safety to general fund for the payment of costs in the Chief of Police Fultz removal litigation, was passed by solons last night on second reading.

The vote on the measure was five to one, Councilman Ted Swearingen voting against the resolution. Councilman W. C. Connor, who had voted against the measure at its first reading, was absent last night.

In connection with the action on the resolution, Clerk George Hardman read a ruling made by the state bureau of inspection and supervision of public offices to the effect that the city's action in the case is entirely legal.

Ruling of the state was soughta following the filing of a protest by J. H. Mosby, of this city.

The bureau rules as follows:

"We are in receipt of your letter of October 21, enclosing letters addressed to you by Mr. Mosby, a taxpayer, and a copy of a resolution adopted by the city council authorizing a transfer of $500 from the safety fund to the general fund and appropriating said amount for the payment of costs in pending litigation relative to the appeal of John Fultz. It seems that Mr. Mosby objects to the payment of any costs in connection with this litigation and you inquire if any payments may legally be made from this appropriation.

"Section 4308, G. C., reads:

"'When required so to do by resolution of the council, the solicitor shall prosecute or defend as the case may be, for and in behalf of the corporation, all complaints, suits and controversies in which the corporation is a party, and such other suits, matters and controversies as he shall, by resolution or ordinance, be directed to prosecute, but shall not be required to prosecute any action before the mayor for the violation of an ordinance without first advising such action.'"

"Council has power to appropriate funds for the purpose of paying costs in connection with actions brought by the city solicitor at council's direction. Such an appropriation, however, is governed by all the provisions of sections 5649-3g, 5649-3h, 5660, 5660-1 and 5661 G. C., i. e., if such an appropriation is supplemental to the appropriation for the fiscal year the certificate of the county auditor must be obtained that such supplemental appropriation, when added to the original appropriations, shall not exceed the official estimates of revenues and balances. The resolution you submit provides for a transfer from the safety to the general fund and for an appropriation from the general fund but since it does not authorize a transfer from an appropriation item in the safety fund to an item in the general fund it must be considered a supplemental appropriation and the county auditor's certificate must be obtained before it becames effective.

"If part of the costs in contemplation are attorney fees for assisting the city solicitor the position of assistant city solicitor must be created and the amount of his compensation fixed by ordinance of council. Such compensation may be an amount per diem, per week or month or may be a lump sum.

"Since we have no knowledge of the details in connection with these costs we suggest that the matter be referred to oyur city solicitor and that you be guided by his opinion.

"Mr. Mosby's letter and copy of the resolution are returned herewith.

Cancellation of the contest was filed several days ago with the local school authorities who, in the meantime, have ben endeavoring to get in touch with a suitable opponent for Saturday. The lateness of the season, however, has made it practically impossible to schedule a game.

Solons Will Ask Renewal of Old Passenger Stops

City officials will query the superintendent of the Cleveland & Pittsburgh division of the Pennsylvania Railroad as to the possibility of having two of the division passenger trains make stops at the Twelfth street station.

The trains in question are the old "41" from Pittsburgh, which reaches Third street at 2:52 a. m., and the 4:54 in from Cleveland in the afternoon.

The one stop plan, whereby the trains "pass up" the Twelfth street station, works a hardship on passengers who reside in the West End of the city, solons point out.

The matter was raised by President Clyde Baker. Clerk Hardman was instructed to communicate with the division superintendent.

MASK PARTY FOR KIWANIS

Inter-city Club Meet to be Held at Salineville.

Wellsville Kiwanis club members and their wives will be guests of the Salineville club tonight at an inter-city meet in Salineville. A large representation from the local club will be present.

The affair will take the form of a Hallowe'en party, guests being requested to attend in costume. Prizes will be awarded for the most beautiful costume, the most clever costume and the most comic costume.

PHONE COMPANY ASKED TO RENEW ITS FRANCHISE

City Within Rights in Compelling Concern to Act.

STATE RULING

Manager F. M. Swaney to Consult Legal Department.

"You are within your statutory rights in compelling the Ohio Bell Telephone company to get a franchise."

This, in substance, is the ruling of the office of Attorney General C. C. Crabbe on the city's recent question as to whether action could be taken to cause the phone company to obtain a franchise.

The company has been operating here for approximately a year without a franchise, solons assert.

Clerk Hardman, at last night's council meeting, also read a letter from Frank Swaney, manager of the local district, in which the latter asserts that he will take the matter up at once with his immediate superior and if the company's legal department instructs a reply, he will confer as soon as possible with the city.

An ordinance authorizing a supplementary appropriation of $250 for the Carnegie library, was passed by council

The mayor and the service director were authorized to issue a certificate of indebtedness in the sum of not to exceed $6,000 for a period of four months pending the issuance and sale of bonds for the repair of McQueen's Run sewer.

The resolution was passed as an emergency measure.

Ralph T. Couch, of East Liverpool, manager of the Ohio Power company operations in this district, and Attorney W. H. Vodrey, legal representative, discussed "lights" with council, preliminary to drawing up a 10-year contract for current supply for the city.

Pennsy Plans Coaling and Water Terminal at East Rochester Site

Contractor Starts Work on New Pumping Station; Old Station at Bayard to be Discontinued; Move Prompted by Increase in Traffic.

East Rochester may soon be a new coaling and water terminal for the Cleveland and Pittsburgh division of the Pennsylvania railroad.

That a new pumping station is to be erected on railroad property, in a tract of wooded land about a mile east of East Rochester, was announced today.

Contractor for the project has already started work. Several cars of material are expected to arrive this week for the new building.

According to reports, there will be a large concrete basin to catch surface water. In addition, wells will be drilled to assure permanent water supply.

Besides the pumping station, according to reports received here by railworkers, company officials are planning to erect tipples near the pumping station to furnish coal for trains.

The coaling and water terminal which has been maintained at Bayard for several years is to be practically discontinued with the opening of the structure at East Rochester, according to reports. The Bayard station will probably be used for trains on the Minerva branch line.

During the last few years, with heavier trains being hauled over this division, it has been found that the distance between water terminals at New Salisbury and Bayard is too far. Many freight have been forced to stop near East Rochester, the engine being cut off to go to Bayard for water.

To accommodate trains, and keep the main line open for faster trains while freights are securing coal and water, two sidings each a mile long are to be constructed. One will be for westbound and one for eastbound traffic.

Erection of the new pumping station is the result of completing the Canton to Bayard cutoff which was recently opened for traffic. Water pipes at Bayard are not properly located to care for freights coming over the cutoff.

In addition to the surface water which is expected to keep the concrete basin well filled, the railroad will have advantage of a canal that runs along the woods in case surface water is low. Wells will be used to meet needs shoulder the surface supply fail.

A large water tank will probably be erected to furnish pressure for filling tanks on engines. Water will be lifted from the concrete basin to the standpipe, where it will flow into the engines under gravity pressure.

With increased traffic over this division, it is probable that three men will be employed at the pumping station, each working an eight-hour shift. Pumps will not be required to operate continuously unless it is necessary to operate the wells.

At the present time, water terminals are located at New Salisbury, Bayard and Alliance. The long steep grade from Salineville to Summitville requires so much water that few heavy trains can go from New Salisbury to Bayard on the supply received at New Salisbury.

Few westbound freight trains pass the New Salisbury station without stopping for water. Passenger trains are able to go from Wellsville to Bayard without stopping for water.

Sewer Equipment Damaged; Mayor Offering Reward

Information leading to the arrest of any person guilty of tampering with city property in the West End of the municipality will be worth $5 to the person who provides it.

Mayor W. L. Fogo today announced that such a reward would be paid to anyone, of any age, who so helps the authorities in preventing the removal or molesting of equipment that has been in use in the sewer repair work in the West End.

Red signal lights that have been left on the work have been stolen; fire hose that has been used in flushing out the sewers has been dragged away from the job, and ropes that have been placed around open ditches to prevent accidents have been unwound and used by Hallowe'en pranksters to tie across the street to trip unsuspecting pedestrians.

Seven men arrested in a gambling raid at 1321 Main street are scheduled for an appearance before the mayor this evening at 6:30 o'clock.

FUND TRANSFER IN FULTZ CASE IS APPROVED

State Bureau Makes Ruling at Request of Council.

CITY HAS POWER

Certificate of County Auditor Must be Obtained.

Resolution authorizing the taransfer of $500 from the safety to general fund for the payment of costs in the Chief of Police Fultz removal litigation, was passed by solons last night on second reading.

The vote on the measure was five to one, Councilman Ted Swearingen voting against the resolution. Councilman W. C. Connor, who had voted against the measure at its first reading, was absent last night.

In connection with the action on the resolution, Clerk George Hardman read a ruling made by the state bureau of inspection and supervision of public offices to the effect that the city's action in the case is entirely legal.

Ruling of the state was soughta following the filing of a protest by J. H. Mosby, of this city.

The bureau rules as follows:

"We are in receipt of your letter of October 21, enclosing letters addressed to you by Mr. Mosby, a taxpayer, and a copy of a resolution adopted by the city council authorizing a transfer of $500 from the safety fund to the general fund and appropriating said amount for the payment of costs in pending litigation relative to the appeal of John Fultz. It seems that Mr. Mosby objects to the payment of any costs in connection with this litigation and you inquire if any payments may legally be made from this appropriation.

"Section 4308, G. C., reads:

"'When required so to do by resolution of the council, the solicitor shall prosecute or defend as the case may be, for and in behalf of the corporation, all complaints, suits and controversies in which the corporation is a party, and such other suits, matters and controversies as he shall, by resolution or ordinance, be directed to prosecute, but shall not be required to prosecute any action before the mayor for the violation of an ordinance without first advising such action.'"

"Council has power to appropriate funds for the purpose of paying costs in connection with actions brought by the city solicitor at council's direction. Such an appropriation, however, is governed by all the provisions of sections 5649-3g, 5649-3h, 5660, 5660-1 and 5661 G. C., i. e., if such an appropriation is supplemental to the appropriation for the fiscal year the certificate of the county auditor must be obtained that such supplemental appropriation, when added to the original appropriations, shall not exceed the official estimates of revenues and balances. The resolution you submit provides for a transfer from the safety to the general fund and for an appropriation from the general fund but since it does not authorize a transfer from an appropriation item in the safety fund to an item in the general fund it must be considered a supplemental appropriation and the county auditor's certificate must be obtained before it becames effective.

"If part of the costs in contemplation are attorney fees for assisting the city solicitor the position of assistant city solicitor must be created and the amount of his compensation fixed by ordinance of council. Such compensation may be an amount per diem, per week or month or may be a lump sum.

"Since we have no knowledge of the details in connection with these costs we suggest that the matter be referred to oyur city solicitor and that you be guided by his opinion.

"Mr. Mosby's letter and copy of the resolution are returned herewith.

"Bureau of inspection and supervision of public offices.

"By Andrew H. Foster, deputy."

One Hundred or More Members of Order Expected; Two Sessions Scheduled, One in Afternoon, and One at Night.

Solons Will Ask Renewal of Old Passenger Stops

City officials will query the superintendent of the Cleveland & Pittsburgh division of the Pennsylvania Railroad as to the possibility of having two of the division passenger trains make stops at the Twelfth street station.

The trains in question are the old "41" from Pittsburgh, which reaches Third street at 2:52 a. m., and the 4:54 in from Cleveland in the afternoon.

The one stop plan, whereby the trains "pass up" the Twelfth street station, works a hardship on passengers who reside in the West End of the city, solons point out.

The matter was raised by President Clyde Baker. Clerk Hardman was instructed to communicate with the division superintendent.

MASK PARTY FOR KIWANIS

Inter-city Club Meet to be Held at Salineville.

Wellsville Kiwanis club members and their wives will be guests of the Salineville club tonight at an inter-city meet in Salineville. A large representation from the local club will be present.

The affair will take the form of a Hallowe'en party, guests being requested to attend in costume. Prizes will be awarded for the most beautiful costume, the most clever costume and the most comic costume.

A program in keeping with the occasion will be carried out. The party will begin at 8 o'clock.

PHONE COMPANY ASKED TO RENEW ITS FRANCHISE

City Within Rights in Compelling Concern to Act.

STATE RULING

Manager F. M. Swaney to Consult Legal Department.

"You are within your statutory rights in compelling the Ohio Bell Telephone company to get a franchise."

This, in substance, is the ruling of the office of Attorney General C. C. Crabbe on the city's recent question as to whether action could be taken to cause the phone company to obtain a franchise.

The company has been operating here for approximately a year without a franchise, solons assert.

Clerk Hardman, at last night's council meeting, also read a letter from Frank Swaney, manager of the local district, in which the latter asserts that he will take the matter up at once with his immediate superior and if the company's legal department instructs a reply, he will confer as soon as possible with the city.

An ordinance authorizing a supplementary appropriation of $250 for the Carnegie library, was passed by council

The mayor and the service director were authorized to issue a certificate of indebtedness in the sum of not to exceed $6,000 for a period of four months pending the issuance and sale of bonds for the repair of McQueen's Run sewer.

The resolution was passed as an emergency measure.

Ralph T. Couch, of East Liverpool, manager of the Ohio Power company operations in this district, and Attorney W. H. Vodrey, legal representative, discussed "lights" with council, preliminary to drawing up a 10-year contract for current supply for the city.

Solons adjourned until tonight.

Women Interested In Free Cooking School Next Week

Mrs. George O. Thurn, Lecturer, Engaged by Review-Tribune, Will Conduct Sessions in Eagles' Temple.

Mrs. George O. Thurn, who will be in charge of the Review-Tribune's free cooking school which opens in the Eagles' temple, Broadway, at 2:30 o'clock next Tuesday, will discuss among other things, home budget making.

In her talk, Mrs. Thurn will show you how to keep down your bills. She will teach you how to have just as many beautiful things in your home as you wish and still have sufficient funds for meeting the ever increasing cost of living. She will unfold to you practical and definite ideas in budget making. You will learn how to save steps in the kitchen by the proper arrangement of your equipment in it. This is most important. The kind of kitchen furniture is another phase of this subject. Kitchen utensils are also discussed at some length and the number of labor saving devices that are obtainable at reasonable prices will astound you.

And while all this talk is going on, Mrs. Thurn will cooke a number of delectable dishes before you until you will have enjoyed an afternoon rarely met with in your home or social curriculum. After learning the costs of things and how to cut them and after watching many dishes you have cooked yourself many times, you will be given the recipes of everything and any o' the little extras that you may ask will also be obtainable.

Hints of surprises of every kind are being broadcast. Mrs. Thurn has some refreshing ideas on home betterment, she has many practical suggestions on how to conserve the strength of the woman who needs it for the care of the little ones depending upon her.

Don't forget the dates of the talks, nor the time nor the place. Come early and get a good seat up front.

Bring your neighbors and your friends. They will enjoy it and thank you for telling them.

McIntyre and Heath Head Cast of Village Follies

Georgeous Riot of Colorful Beauty is Attraction at Ceramic on Nov. 2.

The "Greenwich Village Follies," the gorgeous riot of colorful beauty which is looked forward to each season, is announced as the attraction at the Ceramic theatre Tuesday, Nov. 2. It has all the charm and beauty of its predecessors and many distinctive features of its own.

It has a wealth of feminine pulchritude, sumptuous stage pictures, elaborate musical numbers and above all, comedy enough to keep one in a hilarious mood for weeks to come.

Comedy has ever been a weak spot in the armour of revues, but with the "Follies" it holds first place. John Murray Anderson, who devised and staged this latest edition of the "Greenwich Village Follies," has always succeeded in blending the artistic which pleases the eye and a sense of humor that is exhilerating. It is this rare combination that has made the "Greenwich Village Follies" world-famed as an entertainment institution.

Mr. Anderson's first and chief appeal to the eye, is his surpassing attractiveness, made so by beautiful women, brilliantly costumed, and when one speaks of women in the language of the Greenwich Village Follies," one visualises famous Bohemian beauties, 40 of them were chosen for their exquisite symmetrical lines, their youth, their charm and their beauty.

McIntyre and Heath, two of the most popular and beloved comedians on the American stage, head the cast as featured members of the huge organization. These world-famed interpreters of negro characters will appear in a new and complete repertoire of negro songs, negro dances and negro sketches. Other luminaries are: Janet Winters, Leonard Sillman, Bob Brandies, Bud Williamson, Miriam Meade, James Cushman, Elsbeth Holman, Dorothy Cadwell, Elsie James, Rosemary Farmer, Eva Scase and 40 lithe and lustrious dancing beauties.

The show is presented in two acts ablaze with song and dance, and 35 scenes ranging widely in their appeal to the ear and eye.

The presentation is by The Bohemians, Inc., A. L. Jones and Morris Green, managing directors.

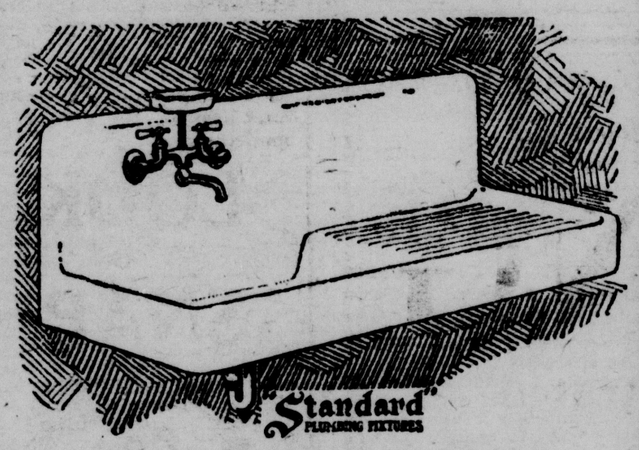

American ice-cream was sold on the streets of Shantung during the prolonged hot spell last summer.

Unemployment in Germany is decreasing, the number receiving government aid having dropped to 1,600,000.

Most of the old-style kitchen sinks now in use are hopelessly insanitary and set so low as to be "back-breaking" to work at. COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

McIntyre and Heath Head Cast of Village Follies

Georgeous Riot of Colorful Beauty is Attraction at Ceramic on Nov. 2.

The "Greenwich Village Follies," the gorgeous riot of colorful beauty which is looked forward to each season, is announced as the attraction at the Ceramic theatre Tuesday, Nov. 2. It has all the charm and beauty of its predecessors and many distinctive features of its own.

It has a wealth of feminine pulchritude, sumptuous stage pictures, elaborate musical numbers and above all, comedy enough to keep one in a hilarious mood for weeks to come.

Comedy has ever been a weak spot in the armour of revues, but with the "Follies" it holds first place. John Murray Anderson, who devised and staged this latest edition of the "Greenwich Village Follies," has always succeeded in blending the artistic which pleases the eye and a sense of humor that is exhilerating. It is this rare combination that has made the "Greenwich Village Follies" world-famed as an entertainment institution.

Mr. Anderson's first and chief appeal to the eye, is his surpassing attractiveness, made so by beautiful women, brilliantly costumed, and when one speaks of women in the language of the "Greenwich Village Follies," one visualizes famous Bohemian beauties, 40 of them were chosen for their exquisite symmetrical lines, their youth, their charm and their beauty.

McIntyre and Heath, two of the most popular and beloved comedians on the American stage, head the cast as featured members of the huge organization. These world-famed interpreters of negro characters will appear in a new and complete repertoire of negro songs, negro dances and negro sketches. Other luminaries are: Janet Winters, Leonard Sillman, Bob Brandies, Bud Williamson, Miriam Meade, James Cushman, Elsbeth Holman, Dorothy Cadwell, Elsie James, Rosemary Farmer, Eva Scaso and 40 lithe and lustrious dancing beauties.

The show is presented in two acts ablaze with song and dance, and 35 scenes ranging widely in their appeal to the ear and eye.

The presentation is by The Bohemians, Inc., A. L. Jones and Morris Green, managing directors.

INSIST UPON KEMP'S BALSAM for that COUGH!

Needless Drudgery

In the Kitchen Kills Many a Woman Before Her Time

LABOR-SAVING, SANITARY ONE PIECE SINK

Most of the old-style kitchen sinks now in use are hopelessly insanitary and set so low as to be "back-breaking" to work at. Being insanitary, it is hard—almost impossible—to keep them clean and free from vermin. This condition threatens the family health and also gives the house wife needless work.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

General contract for the new Wells high and elementary school, to be erected at Newell, was awarded to the Potters Lumber company of East Liverpool by the Grant district board of education at a meeting in the Fourth street school, Newell, last night.

The approximate cost of the eight-room structure will be $100,00. It will be financed by a $75,000 bond issue passed by the electors and cash contributions of $25,000 by the Homer Laughlin China company and $5,000 by W. E. Wells and a site contributed by the North American Manufacturing company.

Contract for the plumbing and heating in the new structure was awarded to Totterdale and Company of Martins Ferry, while Ralph T. Sayre of East Liverpool was given the award for the wiring and electrical work.

The building will be erected on a part of the old Kenilworth Country club golf links, near the New No. 6 Laughlin potttery. Excavating for the cellar will begin probably this week. The structure will be completed early in the summer and will be occupied when school reopens for the fall term in 1927.

The new school will be a one-story structure with a basement. A rough brick, buff in color with light stone trimmings, will be used. Floors will be concrete. The building will have a frontage of 157 feet with wings on either side and an airway in the center.

The school was named in honor of W. E. Wells, secretary-treasurer of the Homer Laughlin China company.

Degenerate Kills

(Continued from Page One)

issued a statement this morning, asking citizens to remain calm.

Hundreds of American Legion members and Boy Scouts have volunteered for police duty. Last night every block in the city was patrolled by at least one guardian of the police.

The outrages began here last November when the clubber beat the brains of two victims into pulp. He attacked two others who recovered. For two weeks a reign of terror existed.

When 1,000 former service men formed a vigilance committee and began patrolling the streets, the crimes temporarily ended.

The killer renewed his campaign last January. Two more women were slain and three criminally assaulted. This series of assaults ended when police rounded up and reincarcerated all patients who had been discharged as cured from insane institutions.

Two Children Die, Others Burned When Fire Sweeps Home

ELWOOD, Ind., Oct. 27.—Two children were burned to death, their mother was badly burned and two other children received serious burns when fire destroyed the Richard Leakey home here today.

The dead were:

RICHARD LEAKEY, 7 months old.

JEAN LEAKEY, 2 years old.

Mrs. Leakey was badly burned in rescuing Carolyn, 3, and Mary Margaret, 4.

The mother had gone to a neighbor's home for a few minutes. On her return she found the house on fire.

Girl, Once Insane, and Her Mother Plunge To Death

Elder Woman Leaps From Eleventh Floor of New York Hotel—Daughter's Body Impaled on Spike.

NEW YORK, Oct. 27.—Police said today that Miss Dorothy Warschauer, 30, who with her mother plunged to her death last evening from the eleventh floor of the Martha Washington hotel before the eyes of thousands of horrified spectators, was at one time an inmate of an institution for the insane at Islip, N. Y.

Worry over her daughter's illness probably caused the mother, Mrs. Bertha Warschauer, 51, to make the death leap, according to a theory advanced to police by Dr. H. Scueman, the Warschauers' family physician.

Mother and daughter, stylishly dressed, arrived at the hotel at 5 o'clock in the afternoon. Just thirty minutes later passersby in the street saw Mrs. Warschauer leap from the eleventh floor. The body, turning and twisting in the air, crashed on top of an electric sign hung over the hotel entrance.

Thousands of pedestrians, attracted to the scene, were further horrified when the daughter smilingly stepped to the window and poised herself for the leap. The spectators stood still in helpless fascination, but Miss Marjorie La Plante, Montreal trained nurse who occupied a room on the ninth floor, rushed to a small balcony in front of her window just as Miss Warschauer jumped.

The daughter's body struck this balcony and was impaled on a spike. With Miss Warschauer fighting and screaming to the nurse to "let her die," Miss La Plante held on to her grimly. Only a shred of flesh held the woman's body to the spike, however, and at last the tired nurse was forced to relax her grip.

The daughter was united with her mother in death as the body hurled downward and struck the first body, hanging over the sign.

The Warschauers lived in Brooklyn, N. Y., Mrs. Warschauer's brother, Andrew Heyderman, declined today to throw any light on a note found in Mrs. Warschauer's room at the hotel which read:

"My brother knows all about the money."

MACK PLAYERS IN NEW SHOW

"Because She Loved Him So" Next Bill at Strand.

Starting the last half of the eighth week in East Liverpool the Red Mack show, the current attraction at the Strand theatre, is presenting for the first time in this city one of Mack's new plays, "Because She Loved Him So."

This offering should appeal especially to the women folks as it has to deal with the problems that confront the female sex every day of the week. It is full of comedy said to be more true to life than any play ever written. The plot centers on a wife whose jealous mind is the constant cause of arguments between her and her husband. It goes to prove to what extreme a wife will go to satisfy her jealous disposition and also prove what mistakes wives make by being satisfied with circumstantial evidence instead of searching for definite proof.

It is a real play for the married folks and for the unmarried as well, and a real treat is guaranteed those who witness this show on Thursday, Friday and Saturday.

Mack has arranged for beautiful special numbers and scenes between acts. The Capital City Four will be heard in several new songs and novelties.

"Insight," American Horse, Wins Race On British Track

NEWMARKET, England, Oct. 27.—A. K. Macomber, an American owner, today won the Cambridgeshire for the second year in succession.

"Insight," owned by Macomber, finished first in this race, the last of the season's classic flat races.

"Bulger" finished second and "Asterus" was third.

Macomber had four horses in the race and "Insight," a rank outsider won by three lengths, at a starting price of 50 to 1.

Bulger paid 5 to 1 to show or place, and Asterus paid 6 to 1, to show or place.

The king and queen witnessed the race.

Widow Denies She Killed Dry Agent On Automobile Trip

CADIZ, O., Oct. 27.—The fate of Mrs. Isabelle Webster, 36, of Steubenville, on trial for second degree murder for the fatal shooting of her husband, Harry, a dry agent, will rest with the jury of twelve men by tonight.

Mrs. Webster took the stand in her own defense today and told the jury that the shooting was accidental. She claimed that her husband said he "would like to shoot us all" and that she then handed him a gun which accidentally discharged the bullet hitting him in the back of the neck. He died instantly.

REPORTS FROM STOCK MARKET

NEW YORK, Oct. 27.—After an ineffectual effort to rally the market through the railroad stocks at the beginning of trading today, the professionals resumed heavy selling of the motors and industrials, in an attempt to cause further unsettlement in the market as a whole, but good buying appeared. The price concessions and moderate rallies were again in order.

The financial district was much pleased with the third quarterly earnings statements issued by General Motors and U. S. Steel corporations after the close of Tuesday's market, and no one seriously figured on the certainty of an extra dividend to steel stockholders being ordered at the meeting. A good background for the selling of these stocks on profit taking was furnished by these reports, but hardly a basis created for short selling, which fact the bears soon realized.

Strength of the rails in the early period was due to extremely favorable forecasts of September net earnings of the roads, some of which are now being issued. As in previous sessions of the market the rally in rails did not reach very large proportions, though the new gains were well retained. Railroad equipment stocks like Baldwin and Pullman also participated in the market's buoyant tone in the second hour.

FALMOUTH, Mass., Oct. 27.—Fire of unknown origin destroyed the house of Albert H. Washburn, ambassador to Austria, today causing damage estimated at $200,000.

Ambassador Washburn's 82-year old father is in a critical condition from near suffocation by smoke. He was carried through the smoke filled halls of the mansion by Charles B. Fisher, a caretaker.

Roused from their beds by the cries of the caretaker and other employees, Ambassador Washburn and other occupants of the home narrowly escaped being trapped. Mrs. Washburn and her son were not at home.

A wardrobe valued at $25,000 which Mrs. Washburn had planned to take to Austria when she and her husband sailed for Europe on Nov. 11 was completely destroyed. Not a piece of the home furnishings was saved.

Police and fire officials were conducting an investigation on the theory that the fire was of incendiary origin.

HATRED, MALICE ARE CONDEMNED BY EVANGELIST

Get Right With Fellow Men, Advice of Rev. Mel Morris.

BAPTIST MEETING

"He Who Hateth His Brother is Murderer," He Quotes.

"Unless men are right with their fellow-men they cannot become right with God," declared Rev. Mel Morris, Maryland evangelist, at the third-night meeting of the First Baptist church revival last evening as he voiced a plea for genuine unity upon the part of devotees of Christianity as a necessary means for bringing about a spiritual awakening in East Liverpool and its environs.

"The spirit of hatred and malice is inimical to the standard of love given us by Jesus Christ," he said. "How can one," he queried, quoting the Nazarene, "love God whom we have not seen when we do not love those about us that we do see. Do you not realize that he who 'hateth his brother is a murderer.'"

That the evangelism of sinners will not succeed to any great degree while those professing Christ feel resentment in their hearts for alleged actions against them was vigorously indicated by the speaker. Discussing the subject, "The Devil's Strange-hold." he utilized a section of Jesus' sermon on the Mount as his text: "If ye do not forgive men their trespasses neither will God forgive you your trespasses." The need for such a forgetting and putting behind oneself of such hurts and wrongs done was exceedingly evident since such a departure was demanded in a striking section of the Lord's prayer: "And forgive us our trespasses as we forgive those who trespass against us."

Supplementary to the church services in the evening was the initial shop meeting at noon at the R. Thomas & Sons Company plant on Seventh street where following singing directed by Marion Ball, revival director and soloist who used a ukelele Rev. Mr. Morris spoke briefly. As a result of the gathering decision was reached to accept the invitation of repeating the visit each Tuesday during the continuation of the present series of meetings.

Announcement also was made of arrangements of similar services at the Knowles, Taylor and Knowles pottery on Thursday and another on Friday noon at the Lbuthan Manufacturing company plant in Klondyke.

With Misses Ruth Aley of East Liverpool and Ruth Sprouse of Newell, W. Va., acting as accompanists, a musical program was carried out, both before and after Rev. Mr. Morris' sermon.

The invocation was made by Rev. George C. Westlake, pastor of the Pennsylvania Avenue Methodist Episcopal church. In attendance also was Rev. L. H. Powell, pastor of the Methodist Episcopal church of Confluence, Pa., who is the guest for several days of his son, Ralph Johnson, of Third street. At the conclusion of the service, the visiting pastors discovered the fact that they had been boyhood companions at New Cumberland, W. Va., and had not seen each other in more than a quarter of a century ago.

Hair Styles In Paris

By Edna Wallace Hopper

This is how girls and women were dressing hair in Paris when I was there last summer. Some have permanent waves, smooth and glossy. Some have one-week waves combed over the fingers. Some have sleek hair like a well-groomed boy's.

For all styles they use a new-type hair dress, such as I use. It keeps the wave or curl. Or it keeps hair fluffy, like my hair, if one desires. Or it keeps hair smooth and glossy without grease. At the same time it gives the hair a luster and enhances the color. I have never found a hair dress to compare.

All toilet counters now sell that hair dress as Edna Wallace Hopper's Wave and Sheen. The price is 75 cents.

Whatever style of hair you like best, this is something you must try. It keeps the wave, the curl or the fluff. Or it keeps the hair sleek without grease. Then the added beauty it gives will amaze and delight you.

issued a statement this morning, asking citizens to remain calm.

Hundreds of American Legion members and Boy Scouts have volunteered for police duty. Last night every block in the city was patrolled by at least one guardian of the police.

The outrages began here last November when the clubber beat the brains of two victims into pulp. He attacked two others who recovered. For two weeks a reign of terror existed.

When 1,000 former service men formed a vigilance committee and began patrolling the streets, the crimes temporarily ended.

The killer renewed his campaign last January. Two more women were slain and three criminally assaulted. This series of assaults ended when police rounded up and reincarcerated all patients who had been discharged as cured from insane institutions.

Two Children Die, Others Burned When Fire Sweeps Home

ELWOOD, Ind., Oct. 27.—Two children were burned to death, their mother was badly burned and two other children received serious burns when fire destroyed the Richard Leakey home here today.

The dead were:

RICHARD LEAKEY, 7 months old.

The mother had gone to a neighbor's home for a few minutes. On her return she found the house on fire.

Girl, Once Insane, and Her Mother Plunge To Death

Elder Woman Leaps From Eleventh Floor of New York Hotel—Daughter's Body Impaled on Spike.

NEW YORK, Oct. 27.—Police said today that Miss Dorothy Warschauer, 30, who with her mother plunged to her death last evening from the eleventh floor of the Martha Washington hotel before the eyes of thousands of horrified spectators, was at one time an inmate of an institution for the insane at Islip, N. Y.

Worry over her daughter's illness probably caused the mother, Mrs. Bertha Warschauer, 51, to make the death leap, according to a theory advanced to police by Dr. H. Scueman, the Warschauers' family physician.

Mother and daughter, stylishly dressed, arrived at the hotel at 5 o'clock in the afternoon. Just thirty minutes later passersby in the street saw Mrs. Warschauer leap from the eleventh floor. The body, turning and twisting in the air, crashed on top of an electric sign hung over the hotel entrance.

Thousands of pedestrians, attracted to the scene, were further horrified when the daughter smilingly stepped to the window and poised herself for the leap. The spectators stood still in helpless fascination, but Miss Marjorie La Plante, Montreal trained nurse who occupied a room on the ninth floor, rushed to a small balcony in front of her window just as Miss Warschauer jumped.

The daughter's body struck this balcony and was impaled on a spike. With Miss Warschauer fighting and screaming to the nurse to "let her die," Miss La Plante held on to her grimly. Only a shred of flesh held the woman's body to the spike, however, and at last the tired nurse was forced to relax her grip.

The daughter was united with her mother in death as the body hurled downward and struck the first body, hanging over the sign.

The Warschauers lived in Brooklyn, N. Y., Mrs. Warschauer's brother, Andrew Heyderman, declined today to throw any light on a note found in Mrs. Warschauer's room at the hotel which read:

"My brother knows all about the money."

MACK PLAYERS IN NEW SHOW

"Because She Loved Him So" Next Bill at Strand.

Starting the last half of the eighth week in East Liverpool the Red Mack show, the current attraction at the Strand theatre, is presenting for the first time in this city one of Mack's new plays, "Because She Loved Him So."

This offering should appeal especially to the women folks as it has to deal with the problems that confront the female sex every day of the week. It is full of comedy said to be more true to life than any play ever written. The plot centers on a wife whose jealous mind is the constant cause of arguments between her and her husband. It goes to prove to what extreme a wife will go to satisfy her jealous disposition and also prove what mistakes wives make by being satisfied with circumstantial evidence instead of searching for definite proof.

It is a real play for the married folks and for the unmarried as well, and a real treat is guaranteed those who witness this show on Thursday, Friday and Saturday.

Mack has arranged for beautiful special numbers and scenes between acts. The Capital City Four will be heard in several new songs and novelties.

CADIZ, O., Oct. 27.—The fate of Mrs. Isabelle Webster, 36, of Steubenville, on trial for second degree murder for the fatal shooting of her husband, Harry, a dry agent, will rest with the jury of twelve men by tonight.

Mrs. Webster took the stand in her own defense today and told the jury that the shooting was accidental. She claimed that her husband said he "would like to shoot us all" and that she then handed him a gun which accidentally discharged the bullet hitting him in the back of the neck. He died instantly.

REPORTS FROM STOCK MARKET

NEW YORK, Oct. 27.—After an ineffectual effort to rally the market through the railroad stocks at the beginning of trading today, the professionals resumed heavy selling of the motors and industrials, in an attempt to cause further unsettlement in the market as a whole, but good buying appeared. The price concessions and moderate rallies were again in order.

The financial district was much pleased with the third quarterly earnings statements issued by General Motors and U. S. Steel corporations after the close of Tuesday's market, and no one seriously figured on the certainty of an extra dividend to steel stockholders being ordered at the meeting. A good background for the selling of these stocks on profit taking was furnished by these reports, but hardly a basis created for short selling, which fact the bears soon realized.

Strength of the rails in the early period was due to extremely favorable forecasts of September net earnings of the roads, some of which are now being issued. As in previous sessions of the market the rally in rails did not reach very large proportions, though the new gains were well retained. Railroad equipment stocks like Baldwin and Pullman also participated in the market's buoyant tone in the second hour.

FALMOUTH, Mass., Oct. 27.—Fire of unknown origin destroyed the house of Albert H. Washburn, ambassador to Austria, today causing damage estimated at $200,000.

Ambassador Washburn's 82-year old father is in a critical condition from near suffocation by smoke. He was carried through the smoke filled halls of the mansion by Charles B. Fisher, a caretaker.

Roused from their beds by the cries of the caretaker and other employees, Ambassador Washburn and other occupants of the home narrowly escaped being trapped. Mrs. Washburn and her son were not at home.

A wardrobe valued at $25,000 which Mrs. Washburn had planned to take to Austria when she and her husband sailed for Europe on Nov. 11 was completely destroyed. Not a piece of the home furnishings was saved.

Police and fire officials were conducting an investigation on the theory that the fire was of incendiary origin.

HATRED, MALICE ARE CONDEMNED BY EVANGELIST

Get Right With Fellow Men, Advice of Rev. Mel Morris.

BAPTIST MEETING

"He Who Hateth His Brother is Murderer," He Quotes.

"Unless men are right with their fellow-men they cannot become right with God," declared Rev. Mel Morris, Maryland evangelist, at the third night meeting of the First Baptist church revival last evening as he voiced a plea for genuine unity upon the part of devotees of Christianity as a necessary means for bringing about a spiritual awakening in East Liverpool and its environs.

"The spirit of hatred and malice is inimical to the standard of love given us by Jesus Christ," he said. "How can one," he queried, quoting the Nazarene, "love God whom we have not seen when we do not love those about us that we do see. Do you not realize that he who 'hateth his brother is a murderer.'"

That the evangelism of sinners will not succeed to any great degree while those professing Christ feel resentment in their hearts for alleged actions against them was vigorously indicated by the speaker. Discussing the subject, "The Devil's Strange-hold," he utilized a section of Jesus' sermon on the Mount as his text: "If ye do not forgive men their trespasses neither will God forgive you your trespasses." The need for such a forgetting and putting behind oneself of such hurts and wrongs done was exceedingly evident since such a departure was demanded in a striking section of the Lord's prayer: "And forgive us our trespasses as we forgive those who trespass against us."

Supplementary to the church services in the evening was the initial shop meeting at noon at the R. Thomas & Sons Company plant on Seventh street where following singing directed by Marion Ball, revival director and soloist who used a ukelele Rev. Mr. Morris spoke briefly. As a result of the gathering decision was reached to accept the invitation of repeating the visit each Tuesday during the continuation of the present series of meetings.

Announcement also was made of arrangements of similar services at the Knowles, Taylor and Knowles pottery on Thursday and another on Friday noon at the Louthan Manufacturing company plant in Klondyke.

With Misses Ruth Aley of East Liverpool and Ruth Sprouse of Newell, W. Va., acting as accompanists, a musical program was carried out, both before and after Rev. Mr. Morris' sermon.

The invocation was made by Rev. George C. Westlake, pastor of the Pennsylvania Avenue Methodist Episcopal church. In attendance also was Rev. L. H. Powell, pastor of the Methodist Episcopal church of Confluence, Pa., who is the guest for several days of his son, Ralph Johnson, of Third street. At the conclusion of the service, the visiting pastors discovered the fact that they had been boyhood companions at New Cumberland, W. Va., and had not seen each other in more than a quarter of a century ago.

CHARLES PONZI LOSES APPEAL

AUSTIN, Texas, Oct. 27.—Charles Ponzi, financial wizard, today lost his appeal to avoid extradition to Massachusetts.

Hair Styles In Paris

By Edna Wallace Hopper

This is how girls and women were dressing hair in Paris when I was there last summer. Some have permanent waves, smooth and glossy. Some have one-week waves combed over the fingers. Some have sleek hair like a well-groomed boy's.

For all styles they use a new-type hair dress, such as I use. It keeps the wave or curl. Or it keeps hair fluffy, like my hair, if one desires. Or it keeps hair smooth and glossy without grease. At the same time it gives the hair a luster and enhances the color. I have never found a hair dress to compare.

All toilet counters now sell that hair dress as Edna Wallace Hopper's Wave and Sheen. The price is 75 cents.

Whatever style of hair you like best, this is something you must try. It keeps the wave, the curl or the fluff. Or it keeps the hair sleek without grease. Then the added beauty it gives will amaze and delight you.

Degenerate Kills

issued a statement this morning, asking citizens to remain calm.

Hundreds of American Legion members and Boy Scouts have volunteered for police duty. Last night every block in the city was patrolled by at least one guardian of the police.

The outrages began here last November when the clubber beat the brains of two victims into pulp. He attacked two others who recovered. For two weeks a reign of terror existed.

When 1,000 former service men formed a vigilance committee and began patrolling the streets, the crimes temporarily ended.

The killer renewed his campaign last January. Two more women were slain and three criminally assaulted. This series of assaults ended when police rounded up and reincarcerated all patients who had been discharged as cured from insane institutions.

Two Children Die, Others Burned When Fire Sweeps Home

ELWOOD, Ind., Oct. 27.—Two children were burned to death, their mother was badly burned and two other children received serious burns when fire destroyed the Richard Leakey home here today.

The dead were:

RICHARD LEAKEY, 7 months old.

The mother had gone to a neighbor's home for a few minutes. On her return she found the house on fire.

Girl, Once Insane, and Her Mother Plunge To Death

Elder Woman Leaps From Eleventh Floor of New York Hotel—Daughter's Body Impaled on Spike.

NEW YORK, Oct. 27.—Police said today that Miss Dorothy Warschauer, 30, who with her mother plunged to her death last evening from the eleventh floor of the Martha Washington hotel before the eyes of thousands of horrified spectators, was at one time an inmate of an institution for the insane at Islip, N. Y.

Worry over her daughter's illness probably caused the mother, Mrs. Bertha Warschauer, 51, to make the death leap, according to a theory advanced to police by Dr. H. Scueman, the Warschauers' family physician.

Mother and daughter, stylishly dressed, arrived at the hotel at 5 o'clock in the afternoon. Just thirty minutes later passersby in the street saw Mrs. Warschauer leap from the eleventh floor. The body, turning and twisting in the air, crashed on top of an electric sign hung over the hotel entrance.

Thousands of pedestrians, attracted to the scene, were further horrified when the daughter smilingly stepped to the window and poised herself for the leap. The spectators stood still in helpless fascination, but Miss Marjorie La Plante, Montreal trained nurse who occupied a room on the ninth floor, rushed to a small balcony in front of her window just as Miss Warschauer jumped.

The daughter's body struck this balcony and was impaled on a spike. With Miss Warschauer fighting and screaming to the nurse to "let her die," Miss La Plante held on to her grimly. Only a shred of flesh held the woman's body to the spike, however, and at last the tired nurse was forced to relax her grip.

The daughter was united with her mother in death as the body hurled downward and struck the first body, hanging over the sign.

The Warschauers lived in Brooklyn, N. Y., Mrs. Warschauer's brother, Andrew Heyderman, declined today to throw any light on a note found in Mrs. Warschauer's room at the hotel which read:

"My brother knows all about the money."

MACK PLAYERS IN NEW SHOW

"Because She Loved Him So" Next Bill at Strand.

Starting the last half of the eighth week in East Liverpool the Red Mack show, the current attraction at the Strand theatre, is presenting for the first time in this city one of Mack's new plays, "Because She Loved Him So."

This offering should appeal especially to the women folks as it has to deal with the problems that confront the female sex every day of the week. It is full of comedy said to be more true to life than any play ever written. The plot centers on a wife whose jealous mind is the constant cause of arguments between her and her husband. It goes to prove to what extreme a wife will go to satisfy her jealous disposition and also prove what mistakes wives make by being satisfied with circumstantial evidence instead of searching for definite proof.

It is a real play for the married folks and for the unmarried as well, and a real treat is guaranteed those who witness this show on Thursday, Friday and Saturday.

Mack has arranged for beautiful special numbers and scenes between acts. The Capital City Four will be heard in several new songs and novelties.

CADIZ, O., Oct. 27.—The fate of Mrs. Isabelle Webster, 36, of Steubenville, on trial for second degree murder for the fatal shooting of her husband, Harry, a dry agent, will rest with the jury of twelve men by tonight.

Mrs. Webster took the stand in her own defense today and told the jury that the shooting was accidental. She claimed that her husband said he "would like to shoot us all" and that she then handed him a gun which accidentally discharged the bullet hitting him in the back of the neck. He died instantly.

REPORTS FROM STOCK MARKET

NEW YORK, Oct. 27.—After an ineffectual effort to rally the market through the railroad stocks at the beginning of trading today, the professionals resumed heavy selling of the motors and industrials, in an attempt to cause further unsettlement in the market as a whole, but good buying appeared. The price concessions and moderate rallies were again in order.

The financial district was much pleased with the third quarterly earnings statements issued by General Motors and U. S. Steel corporations after the close of Tuesday's market, and no one seriously figured on the certainty of an extra dividend to steel stockholders being ordered at the meeting. A good background for the selling of these stocks on profit taking was furnished by these reports, but hardly a basis created for short selling, which fact the bears soon realized.

Strength of the rails in the early period was due to extremely favorable forecasts of September net earnings of the roads, some of which are now being issued. As in previous sessions of the market the rally in rails did not reach very large proportions, though the new gains were well retained. Railroad equipment stocks like Baldwin and Pullman also participated in the market's buoyant tone in the second hour.

Kamenev go with him. These quarrels among revolutionary leaders take you back to the French revolution, when others cut off Robespierre's head Robespierre cut off Danton's head and Trotzky and his friends are fortunate. They keep their heads—for the present.

THE former kaiser, it is believed will return to Germany with the consent of Prussia. He has issued "a royal command" inviting 50 old friends to a "royal court hunt" at his Rominten castle and recently appointed a certain individual "princely court counselor." Apparently he does not quite realize that the big war is over and that he is part of the wreckage.

FIRE SWEEPS WASHBURN HOME AT FALMOUTH

Ambassador's Father, 82, Nearly Suffocated by Smoke.

$200,000 DAMAGE

Incendiarism Suspected in Massachusetts Blaze.

FALMOUTH, Mass., Oct. 27.—Fire of unknown origin destroyed the house of Albert H. Washburn, ambassador to Austria, today causing damage estimated at $200,000.

Ambassador Washburn's 82-year old father is in a critical condition from near suffocation by smoke. He was carried through the smoke filled halls of the mansion by Charles B. Fisher, a caretaker.

Roused from their beds by the cries of the caretaker and other employees, Ambassador Washburn and other occupants of the home narrowly escaped being trapped. Mrs. Washburn and her son were not at home.

A wardrobe valued at $25,000 which Mrs. Washburn had planned to take to Austria when she and her husband sailed for Europe on Nov. 11 was completely destroyed. Not a piece of the home furnishings was saved.

Police and fire officials were conducting an investigation on the theory that the fire was of incendiary origin.

HATRED, MALICE ARE CONDEMNED BY EVANGELIST

Get Right With Fellow Men, Advice of Rev. Mel Morris.

BAPTIST MEETING

"He Who Hateth His Brother is Murderer," He Quotes.

"Unless men are right with their fellow-men they cannot become right with God," declared Rev. Mel Morris, Maryland evangelist, at the third-night meeting of the First Baptist church revival last evening as he voiced a plea for genuine unity upon the part of devotees of Christianity as a necessary means for bringing about a spiritual awakening in East Liverpool and its environs.

"The spirit of hatred and malice is inimical to the standard of love given us by Jesus Christ," he said. "How can one," he queried, quoting the Nazarene, "love God whom we have not seen when we do not love those about us that we do see. Do you not realize that he who 'hateth his brother is a murderer.'"

That the evangelism of sinners will not succeed to any great degree while those professing Christ feel resentment in their hearts for alleged actions against them was vigorously indicated by the speaker. Discussing the subject, "The Devil's Strange-hold," he utilized a section of Jesus' sermon on the Mount as his text: "If ye do not forgive men their trespasses neither will God forgive you your trespasses." The need for such a forgetting and putting behind oneself of such hurts and wrongs done was exceedingly evident since such a departure was demanded in a striking section of the Lord's prayer: "And forgive us our trespasses as we forgive those who trespass against us."

Supplementary to the church services in the evening was the initial shop meeting at noon at the R. Thomas & Sons Company plant on Seventh street where following singing directed by Marion Ball, revival director and soloist who used a ukelele Rev. Mr. Morris spoke briefly. As a result of the gathering decision was reached to accept the invitation of repeating the visit each Tuesday during the continuation of the present series of meetings.

Announcement also was made of arrangements of similar services at the Knowles, Taylor and Knowles pottery on Thursday and another on Friday noon at the Douthan Manufacturing company plant in Klondyke.

With Misses Ruth Aley of East Liverpool and Ruth Sprouse of Newell, W. Va., acting as accompanists, a musical program was carried out, both before and after Rev. Mr. Morris' sermon.

The invocation was made by Rev. George C. Westlake, pastor of the Pennsylvania Avenue Methodist Episcopal church. In attendance also was Rev. L. H. Powell, pastor of the Methodist Episcopal church of Confluence, Pa., who is the guest for several days of his son, Ralph Johnson, of Third street. At the conclusion of the service, the visiting pastors discovered the fact that they had been boyhood companions at New Cumberland, W. Va., and had not seen each other in more than a quarter of a century ago.

CHARLES PONZI LOSES APPEAL

AUSTIN, Texas, Oct. 27.—Charles Ponzi, financial wizard, today lost his appeal to avoid extradition to Massachusetts.

Hair Styles In Paris

By Edna Wallace Hopper

This is how girls and women were dressing hair in Paris when I was there last summer. Some have permanent waves, smooth and glossy. Some have one-week waves combed over the fingers. Some have sleek hair like a well-groomed boy's.

For all styles they use a new-type hair dress, such as I use. It keeps the wave or curl. Or it keeps hair fluffy, like my hair, if one desires. Or it keeps hair smooth and glossy without grease. At the same time it gives the hair a luster and enhances the color. I have never found a hair dress to compare.

All toilet counters now sell that hair dress as Edna Wallace Hopper's Wave and Sheen. The price is 75 cents.

Whatever style of hair you like best, this is something you must try. It keeps the wave, the curl or the fluff. Or it keeps the hair sleek without grease. Then the added beauty it gives will amaze and delight you.

NEWTON BAKER URGES PRIMARY PLAN CHANGE

Democratic Leader Favors Modification of System.

STATE PROPOSAL

Constitutional Amendment Goes on Nov. 2 Ballot.

COLUMBUS, Oct. 27—Declaring that the primary system now in vogue in Ohio is "both hopeless and impossible," Newton D. Baker, of Cleveland, secretary of war in the cabinet of President Woodrow Wilson, and one of the national leaders of and spokesmen for the Democratic party, indicated that he not only favored the modification of the primary but that he also proposed to vote for the amendment to the state constitution sponsored by the Ohio Primary Modification committee.

Baker's open repudiation of the Democratic state platform plank, which opposes any change in the present system, was given in an interview today with a representative of the Cincinnati Times-Star.

Baker declared in the interview that materialism and submerged idealism have resulted in a fantastic scheme of voting, and that these were the underlying causes for the alarming decrease in interest in political affairs.

While the war-time secretary sees in the present state method of nominating public officers a great contributing cause for the absence of "big men" on state tickets, he qualified this by declaring that "big men" on state tickets, he qualified this by declaring that "big men are born of big movements." The cycle of political events, he said, is gradually approaching the return of popular ideals in government and the return of popular ideals will naturally attract big men to seek public office. The movement to purge the state constitution of the direct primary, he said, is a step in the right direction.

20,000 Ton Liner For South American Trade Is Launched

LONDON.—The increasing attention which British shipping companies are paying to the luxury trade to South America is emphasized by the launching here of yet another 20,000 ton liner to be used exclusively on the London-South American service.

She is the "Andalusia," built by Cammel-Lairds to the order of the Blue Star line, and is one of five new passenger liners ordered by the line for service between London, Lisbon, Rio, Santos, Monto Video, and Buenos Aires.

The "Andalusia" and her four sisters—who, however, will be only 14,000 tons vessels—will cater to the first-class trade only, and will embody every known luxury, specially installed to meet the requirements of South Americans.

Heavy rains in British Guiana have supplied water for the working of many diamond mines that had been idle for some time.

take S.S.S. and be PROUD of a CLEAR SKIN

DOES YOUR MIRROR reveal a soft, clear, ruddy skin, free from imperfections, that is such a joy to every woman? Or are you embarrassed with blemishes, pimples, little eruptions, acne, blackheads and other unsightly and disfiguring handicaps?

Your skin is in reality your passport, and if your mirror reveals a, blemished, unsightly complexion, it is time to begin at once to correct this annoying condition. When the blood becomes infected with humors or impurities, the circulation cannot supply rich nutrition to the skin, but instead it deposits the acrid impurities with which it contaminated into the sensitive fibres and issues. This causes irritation or inflammation which splits or breaks the outer cuticle, while the tissues beneath ulcerate, become inflamed, break out into pimples, and cause other unsightly irritations.

Just as Long as the Blood Remains Pure, the Skin Will Be Free From Eruptions

But when the blood becomes affected with humors, its nourishing and healthful properties are lost, and its humor-laden condition causes inflammation of the delicate tissue and fibres of the pores and glands. You have but to realize the importance of pure, rich blood in preserving the health, and that the source of all skin disorders is in the blood. Remove the cause, which is not in the skin itself, and therefore cannot be reached by a treatment that is strictly local, but is deep down in the blood supply.

S.S.S. Has a Proved Record Of Over 100 Years as the World's Best Blood Medicine

Because S.S.S. does build red-blood-cells, it clears the system and makes those so-called skin disorders impossible to exist. S.S.S. contains only pure vegetable medicinal ingredients It is also a remarkable builder of firm flesh which is also important to beauty. It will fill out your hollow cheeks, put the "ruby" of health in your cheeks and the sparkle in your eyes. Since 1826 S.S.S. has been beautifying complexions and giving women physical charm. That is why S.S.S. is accepted as the greatest of all blood cleansers and body builders. S.S.S. is sold at all good drug stores. The larger size bottle is more economical. Start taking S.S.S. today. What Tennessee Cities Have Discovered About Concrete Street Paving

Fifteen years ago some of the leading cities of Tennessee were just beginning to learn the merits of concrete street paving.

During this period traffic has grown tremendously. Many Tennessee cities have found out that only concrete will stand up under the loads and speeds of modern traffic. They have found out that concrete pavement costs almost nothing to maintain. They have learned that it is safe for all traffic, in any weather. And that this handsome pavement dresses up any community where used.

Tennessee cities today have a total of 1,500,000 square yards of this modern, permanent pavement. This will be greatly increased during 1926. Last year 27 of these cities placed contracts for additional concrete paving.

Concrete streets will bring new prosperity to any city or town.

AFTER EVERY MEAL

(Political Advertising)

Maybe Myers Cooper can sell about half of the 1864 autos bought and paid for out of state funds before the treasury went dry—and it's empty today.

But, anyway, Cooper will not buy any pleasure cars for political jobholders who sit in an office in Columbus.

It costs nearly $4,000 every day to operate the state cars, many of them limousines. The state of Ohio has bought enough gasoline and tires in the last 12 months to cover three million miles. It might be witty to ask if the state is burning up roads faster than it can build them, but it is most serious to ask how many of your dollars, paid in unnecessary taxes, went to buy private autos, tires and gasoline for private politicians. Running this big state is a business, and the condition of the state treasury indicates that it is the victim of bad business.

(This advertisement is paid for by contributions from citizens who sincerely believe Myers Cooper should be elected Governor of Ohio.)

Maybe Myers Cooper can sell about half of the 1864 autos bought and paid for out of state funds before the treasury went dry—and it's empty today.

But, anyway, Cooper will not buy any pleasure cars for political jobholders who sit in an office in Columbus.

It costs nearly $4,000 every day to operate the state cars, many of them limousines. The state of Ohio has bought enough gasoline and tires in the last 12 months to cover three million miles. It might be witty to ask if the state is burning up roads faster than it can build them, but it is most serious to ask how many of your dollars, paid in unnecessary taxes, went to buy private autos, tires and gasoline for private politicians. Running this big state is a business, and the condition of the state treasury indicates that it is the victim of bad business.

Clarke Severs Connections With Pittsburgh Baseball Club

DREYFUSS GETS RESIGNATION FROM KANSAS

Board of Directors Will Meet Tomorrow to Act.

PITTSBURGH, Oct. 27.—The last rumblings of the flare-up in the ranks of the Pittsburgh Pirates last season, which many fans believe cost them the pennant, were heard here today as a meeting of the club board of directors was called for tomorrow afternoon to consider the resignation of Fred Clarke, central figure in the controversy.

Clarke mailed his resignation as assistant manager, vice president and director, to President Barney Dreyfuss from his home in Windfield, Kas. As Dreyfuss is the major stockholder, the meeting of the board of directors to accept the resignation was considered as a mere formality.

Clarke was the sixth member of the Pirates to leave the club since the club dissension came to the surface when three veteran players openly resented Clarke's instructions from the bench, which they claimed often conflicted with orders from Manager "Bill" McKechnie. The others to go were McKechnie, Max Carey, Carson Bigbee, Babe Adams and "Stuffy" McInnis.

Wooster To Rest This Week; Four Contests Remain

WOOSTER, Oct. 27.—With no game on the schedule for this week-end, the Wooster college is now looking forward to the four games booked for the month of November. Three of them are away from Wooster. The schedule is:

Nov. 6—Denison at Granville.
Nov. 13—Akron at Wooster.
Nov. 20—Oberlin at Oberlin.
Nov. 25—Mt. Union at Alliance.

The squad was excused from practice Monday of this week, the first off-night the squad has had since school opened Sept. 13. Tuesday a light session was to be on the card and then for the rest of the week the team will get to work in earnest to prepare for the game with Denison.

Wooster has several cripples, the result of the 13 to 3 victory over Reserve at Wooster last Saturday. Saurer, the big tackle, is out for the next month with torn ligaments in his shoulder. Grosjean has a bad knee, Weihe a bad ankle and Fox a wrenched back. While Saurer is definitely out of the Denison game, the rest this week-end is hoped will give the others the needed rest to get them ready for the next game.

Reserve found the Wooster line a real stonewall and while the visitors managed to make six first downs, four were back of the middle of the field. Wooster went through Reserve's line for 248 yards, while Reserve gained 138. Wooster made nine first downs, completed six of 14 passes. Reserve threw nine passes, completed two and had five settle in the arms of Wooster defense men.

Penn-Illinois Scrap Will Be Real Party; No Pink Tea Served

Zuppke Charges Lack of Sportsmanship on Part of Rivals as a Result of Use of Monstrous Elbow Pads; Believed to be Feeding Charges With Psychological "Raw Meat."

By Davis J. Walsh.

NEW YORK, Oct. 27.—Since boys will be boys and so will men, sometimes, it is far from unlikely that quite a potion is brewing for the meeting between Pennsylvania and Illinois on Saturday and it won't be pink tea. It is the writer's understanding that the young men plan to be very firm with each other.

Charges, freely aired by Bob Zuppke, of lack of sportsmanship on Pennsylvania's part in wearing elbow pads that he thinks resemble a football and his threat to paint the ball white for Saturday's game have done the situation practically no good. Pennsylvania would like Mr. Zuppke better if he talked about something less personal, like flat feet. But, then, Mr. Zuppke will talk and he doesn't care who likes it, if at all.

Official assurances of Carl Lundgren, acting director of athletics at Illino's, that Mr. Zuppke had no intention of introducing a colored football and that he had been misquoted generally eased the blow but did not entirely remove the bruise. Pennsylvania feels that "Zupp" must have said something and that he wasn't discussing that school girl complexion or the fact that four out of five are bound to get it before forty.

Verbal Raw Meat.

The chances are, Zuppke, always an excellent psychologist, merely is feeding his men an order of verbal raw meat so that they may approach the forthcoming contest with adequate ferocity. This measure, if successful, proves very pleasing to the average Illini alumnus but I have been led to believe that Pennsylvania has failed to enter into the spirit of the thing and, really, a fine time will be had by all on Saturday.

As a matter of fact, the two seasons' run of the intersectional relationship between Pennsylvania and Illinois has been hardly as cordial as it might have been. For one thing, Pennsylvania didn't enthuse over that terrible beating it took last year when it thought it was on its way to a championship. For another, Zuppke didn't esteem the idea that they failed to protect the field against rain until he mentioned the oversight. For a third, the boys down in Philadelphia achieved the notion that Zuppke was rubbing it in a bit when he rushed in substitutes no one ever heard of after Pennsylvania had ben thoroughly crushed.

1923 Gains Recalled.

Anyhow, Zuppke made much of the lack of covering for the field in discussing the point with his players. This probably was more psychological raw meat. But, as matters turned out, it was hardly needed. Pennsylvania didn't spread its defense enough to hamper Grange and its ends committed themselves too readily when they came charging in. As a result, Grange had a large day and Pennsylvania had a large headache.

Mr. Zuppke almost had been forgiven just prior to his last remarks; almost but not quite. There is said to have been some resentment in Philadelphia over the fact that Pennsylvania will be quartered on sleepers at Urbana the night before the game, some one having guessed wrong on advance arrangements. It may be that they think Illinois should have done something about it. Personally, I don't know about that point. All I know is that a fine time will be had by all on Saturday.

INSIDE GOLF

Maker of 61 Golf Champions. "Golf's most successful teacher," says "Chick" Evans.

The correct action of the arms and elbows in the start of the back swing can very easily be understood—and demonstrated—by any player. For instance, put a driver in the address position. As you stand, feel a very light pressure of the right elbow against the right hip. Now start the club back, with the hands, and maintain the same body position as you do so—that is, do not let the body move around. Also at the same time see to it that the right elbow keeps exactly where you had it in the address — lightly touching your side. Make the left arm cross in front of the body. When the club is back at a fair distance, say three or four feet from the ball, a pulling against the left shoulder begins. From this point lift the club upward with the arms and let the wrists break some as it gets to the top. Thus you will observe that the right elbow lifts with the shaft and does not go back in behind your body.

Stoy and Gershe To Trade Swats In Youngstown

All of the good folks who have been praying for the defeat of Rosey Stoy, Lancaster southpaw, may have their request granted in the battle at Youngstown tonight.

For the past six months fans of the Youngstown section have been clamoring for Stoy's scalp. Fighters with reputations as punchers have been tossed into the ring with the bloud Pennsylvanian and have come out on the short end.

Johnny Hill, rated as one of the hardest punching boys in the feather brigade, was brought in from Chicago to halt the victorious march of the clever Stoy. Hill took a terrific pasting and now comes Benny Gershe, famed as a hard puncher. Will he go the way of Tremaine, Taylor, Sangor, Terris and Hill?

Gershe alone can claim the honor of having taken Stoy's measure and in tonight's tilt, Stoy will be working under a double handicap, as a result. The fact that he is meeting another southpaw will undoubtedly cause him some trouble, but the main thing is—Can he forget the trimming the Clevelander handed him once before?

The 10-round semi-windup will feature two flyweights, Bobby Rayos, southern flyweight champ, and Hugh Mason, of Erie, Pa.

Another 10-rounder and a six-round prelim will form the balance of the card.

Sports Done -Brown-

By Norman E. Brown.

OH, what a winter the approaching one is going to be for the stove league boys.

What with four or five changes in the managerial ranks of the major leagues, half a dozen big league stars supposedly on the auction block, Babe Ruth about to suggest a $150,000 a year salary for himself and Bucky Harris touring Europe, how are the boys to break away in time for dinner or the school board meeting?

Now comes along the report that Bob Meusel, curly headed and one of the most graceful and languid batters in the business, is about to be thrown to the wolves (the one with the biggest bank account) before the 1927 season opens.

It is said that Huggins and Col. Ruppert, both of whom have taken somewhat of an interest in the Yankee team, are peeved at Robert because of his poor playing in the world's series. He has been referred to as a "second Snodgrass" because of his muff which sealed the fate of the Yankmen in the final game of the last world's series.

Another grim trait of Dame Fate. Meusel has given the best part of his baseball life to the Yankees—has been a member of the various "Murderers' Row" aggregation that carried the Yanks to four pennants in six years. And he is right now at the peak of his game. Despite all this his poor showing in one game of a crucial series is about to shove him out of the big town and big money, for the chances of collecting big dough with the Yanks are always good.

However, Huggins isn't going to pass Meusel on for a couple of old war horses or what have you. It will take a brilliant pitcher, a sweet infielder and possibly an outfielder to coax Huggins into a trading move. And the bilder may then have to cross Col. Ruppert's palm with a few grand to put the deal across.

And speaking of baseball. It was suggested the other day that Chick Galloway, Athletics' shortston, would find himself on the block this winter following the purchase of the Macks of Joe Boley, Baltimore star.

Now the general impression is that Mack will keep Galloway More than that he hopes the acquisition of Boley will spur Chick on to greater endeavors. Lack of fire has always seemed to be Galloway's main weakness. Faced with the prospect of being benched, this smooth fielder may "step on it" and show his stuff. Stranger things have happened. And Mack could well afford to keep Galloway for second defense anyhow.

Board of Directors Will Meet Tomorrow to Act.

PITTSBURGH, Oct. 27.—The last rumblings of the flare-up in the ranks of the Pittsburgh Pirates last season, which many fans believe cost them the pennant, were heard here today as a meeting of the club board of directors was called for tomorrow afternoon to consider the resignation of Fred Clarke, central figure in the controversy.

Clarke mailed his resignation as assistant manager, vice president and director, to President Barney Dreyfuss from his home in Windfield, Kas. As Dreyfuss is the major stockholder, the meeting of the board of directors to accept the resignation was considered as a mere formality.

Clarke was the sixth member of the Pirates to leave the club since the club dissension came to the surface when three veteran players openly resented Clarke's instructions from the bench, which they claimed often conflicted with orders from Manager "Bill" McKechnie. The others to go were McKechnie, Max Carey, Carson Bigbee, Babe Adams and "Stuffy" McInnis.

Nov. 6—Denison at Granville.
Nov. 13—Akron at Wooster.
Nov. 20—Oberlin at Oberlin.
Nov. 25—Mt. Union at Alliance.

The squad was excused from practice Monday of this week, the first off-night the squad has had since school opened Sept. 13. Tuesday a light session was to be on the card and then for the rest of the week the team will get to work in earnest to prepare for the game with Denison.

Wooster has several cripples, the result of the 13 to 3 victory over Reserve at Wooster last Saturday. Saurer, the big tackle, is out for the next month with torn ligaments in his shoulder. Grosjean has a bad knee, Weihe a bad ankle and Fox a wrenched back. While Saurer is definitely out of the Denison game, the rest this week-end is hoped will give the others the needed rest to get them ready for the next game.

Reserve found the Wooster line a real stonewall and while the visitors managed to make six first downs, four were back of the middle of the field. Wooster went through Reserve's line for 248 yards, while Reserve gained 138. Wooster made nine first downs, completed six of 14 passes. Reserve threw nine passes, completed two and had five settle in the arms of Wooster defense men.

Penn-Illinois Scrap Will Be Real Party; No Pink Tea Served

Zuppke Charges Lack of Sportsmanship on Part of Rivals as a Result of Use of Monstrous Elbow Pads; Believed to be Feeding Charges With Psychological "Raw Meat."

By Davis J. Walsh.

NEW YORK, Oct. 27.—Since boys will be boys and so will men, sometimes, it is far from unlikely that quite a potion is brewing for the meeting between Pennsylvania and Illinois on Saturday and it won't be pink tea. It is the writer's understanding that the young men plan to be very firm with each other.

Charges, freely aired by Bob Zuppke, of lack of sportsmanship on Pennsylvania's part in wearing elbow pads that he thinks resemble a football and his threat to paint the ball white for Saturday's game have done the situation practically no good. Pennsylvania would like Mr. Zuppke better if he talked about something less personal, like flat feet. But, then, Mr. Zuppke will talk and he doesn't care who likes it, if at all.

Official assurances of Carl Lundgren, acting director of athletics at Illino's, that Mr. Zuppke had no intention of introducing a colored football and that he had been misquoted generally eased the blow but did not entirely remove the bru'se. Pennsylvania feels that "Zupp" must have said something and that he wasn't discussing that school girl complexion or the fact that four out of five are bound to get it before forty.

Verbal Raw Meat.

The chances are, Zuppke, always an excellent psychologist, merely is feeding his men an order of verbal raw meat so that they may approach the forthcoming contest with adequate ferocity. This measure, if successful, proves very pleasing to the average Illini alumnus but I have been led to believe that Pennsylvania has failed to enter into the spirit of the thing and, really, a fine time will be had by all on Saturday.

As a matter of fact, the two seasons' run of the intersectional relationship between Pennsylvania and Illinois has been hardly as cordial as it might have been. For one thing, Pennsylvania didn't enthuse over that terrible beating it took last year when it thought it was on its way to a championship. For another, Zuppke didn't esteem the idea that they failed to protect the field against rain until he mentioned the oversight. For a third, the boys down in Philadelphia achieved the notion that Zuppke was rubbing it in a bit when he rushed in substitutes no one ever heard of after Pennsylvania had ben thoroughly crushed.

1923 Gains Recalled.

Anyhow, Zuppke made much of the lack of covering for the field in discussing the point with his players. This probably was more psychological raw meat. But, as matters turned out, it was hardly needed. Pennsylvania didn't spread its defense enough to hamper Grange and its ends committed themselves too readily when they came charging in. As a result, Grange had a large day and Pennsylvania had a large headache.

Mr. Zuppke almost had been forgiven just prior to his last remarks; almost but not quite. There is said to have been some resentment in Philadelphia over the fact that Pennsylvania will be quartered on sleepers at Urbana the night before the game, some one having guessed wrong on advance arrangements. It may be that they think Illinois should have done something about it. Personally, I don't know about that point. All I know is that a fine time will be had by all on Saturday.

RYMER HIGH GUN IN RIFLE SHOOT

W. Z. Rymer topped local rifle shooters at their regular shoot recently with 184 out of a possible 200 at four positions.

J. Springer finished second with 178. Other scores were: J. R. Whiteman, 151; Doc Jones, 145; J. C. Wellington, 168; J. F. Whiteman, 161; E. Culler, 167; George Douglass, 160; H. Stewart, 164; F. A. Snowden, 161.

Wellington had high score on single target with a mark of 49 out of 50.

INSIDE GOLF

By CHESTER HORTON.

Maker of 81 Golf Champions. "Golf's most successful teacher," says "Chick" Evans.

The correct action of the arms and elbows in the start of the back swing can very easily be understood—and demonstrated—by any player. For instance, put a driver in the address position. As you stand, feel a very light pressure of the right elbow against the right hip. Now start the club back, with the hands, and maintain the same body position as you do so—that is, do not let the body move around. Also at the same time see to it that the right elbow keeps exactly where you had it in the address — lightly touching your side. Make the left arm cross in front of the body. When the club is back at a fair distance, say three or four feet from the ball, a pulling against the left shoulder begins. From this point lift the club upward with the arms and let the wrists break some as it gets to the top. Thus you will observe that the right elbow lifts with the shaft and does not go back in behind your body.

Stoy and Gershe To Trade Swats In Youngstown

All of the good folks who have been praying for the defeat of Rosey Stoy, Lancaster southpaw, may have their request granted in the battle at Youngstown tonight.

For the past six months fans of the Youngstown section have been clamoring for Stoy's scalp. Fighters with reputations as punchers have been tossed into the ring with the blond Pennsylvanian and have come out on the short end.

Johnny Hill, rated as one of the hardest punching boys in the feather brigade, was brought in from Chicago to halt the victorious march of the clever Stoy. Hill took a terrific pasting and now comes Benny Gershe, famed as a hard puncher. Will he go the way of Tremaine, Taylor, Sangor, Terris and Hill?

Gershe alone can claim the honor of having taken Stoy's measure and in tonight's tilt, Stoy will be working under a double handicap, as a result. The fact that he is meeting another southpaw will undoubtedly cause him some trouble, but the main thing is—Can he forget the trimming the Clevelander handed him once before?

The 10-round semi-windup will feature two flyweights, Bobby Rayos, southern flyweight champ, and Hugh Mason, of Erie, Pa.

Another 10-rounder and a six-round prelim will form the balance of the card.

Big Loan Voted.

LISBON. — Emulating the Romans who are now striving to make their capital city the great imperial center it was during the time of the Caesars, Lisbonites have recently voted a loan of $2,500,000 for the beautifying of the seat of government of Portugal. It will be used for making extensive parks, monuments and general embellishments.

Sports Done -Brown-

By Norman E. Brown.

OH, what a winter the approaching one is going to be for the stove league boys.

What with four or five changes in the managerial ranks of the major leagues, half a dozen big league stars supposedly on the auction block, Babe Ruth about to suggest a $150,000 a year salary for himself and Bucky Harris touring Europe, how are the boys to break away in time for dinner or the school board meeting?

Now comes along the report that Bob Meusel, curly headed and one of the most graceful and languid batters in the business, is about to be thrown to the wolves (the one with the biggest bank account) before the 1927 season opens.

It is said that Huggins and Col. Rupert, both of whom have taken somewhat of an interest in the Yankee team, are peeved at Robert because of his poor playing in the world's series. He has been referred to as a "second Snodgrass" because of his muff which sealed the fate of the Yankmen in the final game of the last world's series.

Another grim trait of Dame Fate. Meusel has given the best part of his baseball life to the Yankees—has been a member of the various "Murderers' Row" aggregation that carried the Yanks to four pennants in six years. And he is right now at the peak of his game. Despite all this his poor showing in one game of a crucial series is about to shove him out of the big town and big money, for the chances of collecting big dough with the Yanks are always good.

However, Huggins isn't going to pass Meusel on for a couple of old war horses on what have you. It will take a brilliant pitcher, a sweet infielder and possibly an outfielder to coax Huggins into a trading move. And the bilder may then have to cross Col. Rupert's palm with a few grand to put the deal across.

And speaking of baseball. It was suggested the other day that Chick Galloway, Athletics' shortstop, would find himself on the block this winter following the purchase of the Macks of Joe Boley, Baltimore star.

Now the general impression is that Mack will keep Galloway. More than that he hopes the acquisition of Boley will spur Chick on to greater endeavors. Lack of fire has always seemed to be Galloway's main weakness. Faced with the prospect of being benched, this smooth fielder may "step on it" and show his stuff. Stranger things have happened. And Mack could well afford to keep Galloway for second defense anyhow.

GLIMPSES FROM THE SIDELINES

Shapley Ready to Play.

ANNAPOLIS, Md., Oct. 27.—Alan Shapley, crack Navy back, has recovered from his injuries and probably will play part of the game against Michigan on Saturday.

Penn Half Is Ill.

PHILADELPHIA, Oct. 27. — Penn's chances of victory against Illinois on Saturday are lessened today by the sudden illness of Charley Rodgers, star halfback, who has been sent home following an attack of intestinal indigestion. The veteran Fields will replace him.

Behind Closed Doors.

HANOVER, N. H., Oct. 27.—For the first time in years, the Dartmouth eleven is holding secret practice. With most of the regulars crippled by injuries, the lineup probably will be composed mainly of substitutes in the Brown game.

No Rest For Yale.

NEW HAVEN, Conn., Oct. 27.—Another stiff workout was scheduled for the Yale squad today in preparation for the Army game on Saturday. The varsity scored three touchdowns against the freshmen yesterday.

Brown On Edge.

PROVIDENCE, R. I., Oct. 27.—No scrimmage will be held today or during the remainder of the week by the Brown varsity, as the coaches feel the team is on edge. The same team which whipped Yale will start against Dartmouth.

Uses Four Elevens.

WEST POINT, N. Y., Oct. 27.—Coach Jones is using four elevens in trying out the Army's attack and defense. The squad is working long after dark, with the field illuminated by huge electric flares.

Puzzles Mountaineers.

MORGANTOWN, W. Va., Oct. 27.—Missouri plays, used by the scrubs, are puzzling the West Virginia varsity somewhat. The varsity displays a fierce attack in its daily workouts, however.

What You Find

To try Luckies for a change is to smoke them always from choice. For a trial reveals their extra goodness.

First, they are made of the world's finest Turkish and domestic tobaccos, properly aged and perfectly blended—and something more.

In addition, a costly process—toasting—gives them unique superiorities which win you to higher standards of enjoyment.

A trial of Luckies offers you:

1. *Finer Flavor.* Toasting for 45 minutes develops the hidden flavors of the world's finest Turkish and domestic tobaccos.
2. *Smoothness.* Toasting for 45 minutes removes all "bite" and harshness, hence never any throat irritation.
3. *Freshness.* Then the tobacco is suddenly chilled. This seals the flavor in and insures constant freshness.

To learn how Luckies differ from other cigarettes, smoke them for a while. Learn why millions prefer them.

"MIDNIGHT SUN" IS GREAT FILM

Dramatic Story of Russia on Screen at American.

"The Midnight Sun," Universal's latest Super-Jewel now on the screen at the American theatre is a spectacular and dramatic story of Russia in the closing years of the reign of the last Czar. Excellent acting, a gripping story and settings that are marvelous for their luxuriousness make this picture stand out as one of Universal's greatest. It was directed with skill and clarity by Dimitri Buchowetzki, noted Russian director, who has made of it his masterpiece.

Laure La Plante heads the featured players in the cast. Heretofore, Miss La Plante has been seen only as a comedienne, but as the dancing girl who has the great of an empire at her feet she demonstrates that she is an actress of great dramatic ability. At the proper moments she reveals traces of the comedy that is within her but in her great scenes with O'Malley, Keane and particularly Kusmin, she gives us some of the best drama of the screen.

Pat O'Malley is the Grand Duke Sergius of the picture. The versatile O'Malley is perfect in this character. Dignified of bearing his work shows careful study of the personage he impersonates. It is a strong character well handled. Coveting the dancing girl, O'Malley turns out to be not so black as the audience is led to believe. Incidentally, the glittering array of uniforms and medals worn by O'Malley will set many a feminine heart a flutter.

In Raymond Keane, the hero of the story, Universal has made a real 'find.' Keane is playing not only his first big role but also his first picture. It took courage to risk the success of a costly production on the work of an unknown, but Keane has justified the faith placed in him. Young and handsome, Keane is a worthy rival of some of the screen's foremost Latin lovers. But Keane is American all the way through. His acting is worthy of a veteran of years of screen experience.

Farmers Need a Friend in the U.S. Senate

Senator Pomerene says:

"The farmer has not had the assistance from the National Government that has been so liberally and so freely given to others through the offices of the Republican party. Why, may I ask? Isn't the farmer entitled to as much consideration as others? Agriculture is a basic industry; it feeds our people. It must be encouraged. Surely it is entitled to a fair chance, and this it has not had. When practically all others are helped, why not the farmer? Why discriminate?

Senator Atlee Pomerene

"When I was in the Senate I always voted for the farmer and in the interest of the farmer. I appreciate the difficulties today confronting those engaged in agriculture. Some of their conditions are distressful. I sympathize with them in their hopes and aspirations. For those in need of an uplifting hand to help them I pledge myself to render assistance in any proper plan that may be offered for the bettering of unfortunate conditions. In the future as in the past the farmer can count upon me as his true friend."

EX-SERVICE MEN

How Are You Going to Vote?

Do you know that not one of the men on the Republican State Ticket ever wore a uniform?

Do you know that one-half of the candidates on the Democratic State Ticket are ex-service men?

What Are You Going To Do About It?

We Ask Your Support and Influence.

If you vote and work for Young, Pattison and Zimmerman (the three ex-service men on the Democratic Ticket) you will do two things that ought to be done: 1. You will give your Buddies a Boost, and a chance to make good in public office. 2. You will show the politicians that the ex-service men resent being ignored, and demand some recognition.

Haskin's Letter

authorized the preparation of an official circular on "Self-education; or, hints for self-formation with examples of the pursuit of knowledge under difficulties," and another on "Home Education." He urged upon teachers the advisibility of securing the constant cooperation of parents at home in realizing the work of the school, and the circulars were the Bureau's first approach to parents and to the home.

Almost half a century later, in 1913, The National Congress of Mothers and Parent-Teacher Associations, tendered the Bureau its support and cooperation in developing a project of home education, and a working arrangement was established that was carried on for six years, when the Bureau assumed the entire responsibility of the project.

"The original purposes for which this work was inaugurated," says Dr. Tigert, "were to help adults, particularly parents, to further their education, to help them in the care and training of their children; to help boys and girls to further their education at home; and to promote a closer cooperation of home and school. These were the original purposes, and they are practically our purposes to-day.

"The work has been promoted through questionnaires, leaflets, circulars, pamphlets, bulletins, reading courses, tours, and press articles. Specialists of national reputation and recognized ability in many and various fields have made their contributions to the work."

Dr. Tigert is now chairman of a committee of representative of the groups at the Minneapolis conference that is developing further plans for carrying forward this work.

"MIDNIGHT SUN" IS GREAT FILM

Dramatic Story of Russia on Screen at American.

"The Midnight Sun," Universal's latest Super-Jewel now on the screen at the American theatre is a spectacular and dramatic story of Russia in the closing years of the reign of the last Czar. Excellent acting, a gripping story and settings that are marvelous for their luxuriousness make this picture stand out as one of Universal's greatest. It was directed with skill and clarity by Dimitri Buchowetzki, noted Russian director, who has made of it his masterpiece.

Laure La Plante heads the featured players in the cast. Heretofore, Miss La Plante has been seen only as a comedienne, but as the dancing girl who has the great of an empire at her feet she demonstrates that she is an actress of great dramatic ability. At the proper moments she reveals traces of the comedy that is within her but in her great scenes with O'Malley, Keane and particularly Kusmin, she gives us some of the best drama of the screen.

Pat O'Malley is the Grand Duke Sergius of the picture. The versatile O'Malley is perfect in this character. Dignified of bearing his work shows careful study of the personage he impersonates. It is a strong character well handled. Coveting the dancing girl, O'Malley turns out to be not so black as the audience is led to believe. Incidentally, the glittering array of uniforms and medals worn by O'Malley will set many a feminine heart a flutter.

In Raymond Keane, the hero of the story, Universal has made a real 'find' Keane is playing not only his first big role but also his first picture. It took courage to risk the success of a costly production on the work of an unknown, but Keane has justified the faith placed in him. Young and handsome, Keane is a worthy rival of some of the screen's foremost Latin lovers. But Keane is American all the way through. His acting is worthy of a veteran of years of screen experience.

Haskin's Letter

(Continued from Page Four)

authorized the preparation of an official circular on "Self-education; or, hints for self-formation with examples of the pursuit of knowledge under difficulties," and another on "Home Education." He urged upon teachers the advisibility of securing the constant cooperation of parents at home in realizing the work of the school, and the circulars were the Bureau's first approach to parents and to the home.

Almost half a century later, in 1913, The National Congress of Mothers and Parent-Teacher Associations, tendered the Bureau its support and cooperation in developing a project of home education, and a working arrangement was established that was carried on for six years, when the Bureau assumed the entire responsibility of the project.

"The original purposes for which this work was inaugurated," says Dr. Tigert, "were to help adults, particularly parents, to further their education, to help them in the care and training of their children; to help boys and girls to further their education at home; and to promote a closer cooperation of home and school. These were the original purposes, and they are practically our purposes to-day.

"The work has been promoted through questionnaires, leaflets, circulars, pamphlets, bulletins, reading courses, tours, and press articles. Specialists of national reputation and recognized ability in many and various fields have made their contributions to the work."

Dr. Tigert is now chairman of a committee of representative of the groups at the Minneapolis conference that is developing further plans for carrying forward this work.

Farmers Need a Friend in the U.S. Senate

Senator Pomerene says:

"The farmer has not had the assistance from the National Government that has been so liberally and so freely given to others through the offices of the Republican party. Why, may I ask? Isn't the farmer entitled to as much consideration as others? Agriculture is a basic industry; it feeds our people. It must be encouraged. Surely it is entitled to a fair chance, and this it has not had. When practically all others are helped, why not the farmer? Why discriminate?

"When I was in the Senate I always voted for the farmer and in the interest of the farmer. I appreciate the difficulties today confronting those engaged in agriculture. Some of their conditions are distressful. I sympathize with them in their hopes and aspirations. For those in need of an uplifting hand to help them I pledge myself to render assistance in any proper plan that may be offered for the bettering of unfortunate conditions. In the future as in the past the farmer can count upon me as his true friend."

Senator Atlee Pomerene

EX-SERVICE MEN

How Are You Going to Vote?

Do you know that not one of the men on the Republican State Ticket ever wore a uniform?

Do you know that one-half of the candidates on the Democratic State Ticket are ex-service men?

What Are You Going To Do About It?
We Ask Your Support and Influence.

If you vote and work for Young, Pattison and Zimmerman (the three ex-service men on the Democratic Ticket) you will do two things that ought to be done: 1. You will give your Buddies a Boost, and a chance to make good in public office. 2. You will show the politicians that the ex-service men resent being ignored, and demand some recognition.

"MIDNIGHT SUN" IS GREAT FILM

Dramatic Story of Russia on Screen at American.

"The Midnight Sun," Universal's latest Super-Jewel now on the screen at the American theatre is a spectacular and dramatic story of Russia in the closing years of the reign of the last Czar. Excellent acting, a gripping story and settings that are marvelous for their luxuriousness make this picture stand out as one of Universal's greatest. It was directed with skill and clarity by Dimitri Buchowetzki, noted Russian director, who has made of it his masterpiece.

Laure La Plante heads the featured players in the cast. Heretofore, Miss La Plante has been seen only as a comedienne, but as the dancing girl who has the great of an empire at her feet she demonstrates that she is an actress of great dramatic ability. At the proper moments she reveals traces of the comedy that is within her but in her great scenes with O'Malley, Keane and particularly Kusmin, she gives us some of the best drama of the screen.

Pat O'Malley is the Grand Duke Sergius of the picture. The versatile O'Malley is perfect in this character. Dignified of bearing his work shows careful study of the personage he impersonates. It is a strong character well handled. Coveting the dancing girl, O'Malley turns out to be not so black as the audience is led to believe. Incidentally, the glittering array of uniforms and medals worn by O'Malley will set many a feminine heart a flutter.

In Raymond Keane, the hero of the story, Universal has made a real 'find' Keane is playing not only his first big role but also his first picture. It took courage to risk the success of a costly production on the work of an unknown, but Keane has justified the faith placed in him. Young and handsome, Keane is a worthy rival of some of the screen's foremost Latin lovers. But Keane is American all the way through. His acting is worthy of a veteran of years of screen experience.

Haskin's Letter

(Continued from Page Four)

authorized the preparation of an official circular on "Self-education; or, hints for self-formation with examples of the pursuit of knowledge under difficulties," and another on "Home Education." He urged upon teachers the advisibility of securing the constant cooperation of parents at home in realizing the work of the school, and the circulars were the Bureau's first approach to parents and to the home.

Almost half a century later, in 1913, The National Congress of Mothers and Parent-Teacher Associations, tendered the Bureau its support and cooperation in developing a project of home education, and a working arrangement was established that was carried on for six years, when the Bureau assumed the entire responsibility of the project.

"The original purposes for which this work was inaugurated," says Dr. Tigert, "were to help adults, particularly parents, to further their education, to help them in the care and training of their children; to help boys and girls to further their education at home; and to promote a closer cooperation of home and school. These were the original purposes, and they are practically our purposes to-day.

"The work has been promoted through questionnaires, leaflets, circulars, pamphlets, bulletins, reading courses, tours, and press articles. Specialists of national reputation and recognized ability in many and various fields have made their contributions to the work."

Dr. Tigert is now chairman of a committee of representative of the groups at the Minneapolis conference that is developing further plans for carrying forward this work.

Farmers Need a Friend in the U.S. Senate

Senator Pomerene says:

"The farmer has not had the assistance from the National Government that has been so liberally and so freely given to others tarough the offices of the Republican party. Why, may I ask? Isn't the farmer entitled to as much consideration as others? Agriculture is a basic industry; it feeds our people. It must be encouraged. Surely it is entitled to a fair chance, and this it has not had. When practically all others are helped, why not the farmer? Why discriminate?

"When I was in the Senate I always voted for the farmer and in the interes. of the farmer. I appreciate the difficulties today confronting those engaged in agriculture. Some of their conditions are distressful. I sympathize with them in their hopes and aspirations. For those in need of an uplifting hand to help them I pledge myself to render assistance in any proper plan that may be offered for the bettering of unfortunate conditions. In the future as in the past the farmer can count upon me as his true friend."

Senator Atlee Pomerene

EX-SERVICE MEN

How Are You Going to Vote?

Do you know that not one of the men on the Republican State Ticket ever wore a uniform?

Do you know that one-half of the candidates on the Democratic State Ticket are ex-service men?

What Are You Going To Do About It?
We Ask Your Support and Influence.

If you vote and work for Young, Pattison and Zimmerman (the three ex-service men on the Democratic Ticket) you will do two things that ought to be done: 1. You will give your Buddies a Boost, and a chance to make good in public office. 2. You will show the politicians that the ex-service men resent being ignored, and demand some recognition.

Big Shipping Increase Reported by Lloyd's Register in London

LONDON.—113 oil-burning vessels, aggregating 601,420 tons gross, were built in the year 1925-26, according to Lloyd's Register of Shipping.

Forty-six, totalling 221,429 tons, were built in Great Britain and Ireland, and the remainder abroad.

While in July, 1914 there were 296 motor ships of 234,287 gross tons, in July 1926 there were 2,343 of 3,493,284 gross tons.

Fifty-seven new vessels, of 303,835 tons gross, were fitted with installations for burning oil fuel, and the total of all such vessels in Lloyd's Register on July 26 last was 18,243, 539 gross tons, as compared with 1,310,209 gross tons in July 1914.

It is stated: "The full effect of the coal stoppage in Britain will not be shown until the complete returns are made up for the current twelve months; but that it will be serious is already indicated by the falling off in the new work coming forward.

Well-Known Musician Restored to Good Health

A Victim of Nervous Indigestion, Sluggish Liver and Run-Down Condition, Finds Long-Sought Relief. Strength Restored. Praises Tanlac.

Charles Lesko, 2442 Fremont Street, Cleveland, a popular musician, surprised even his closest friends by his recovery from a long siege of illness.

"My work makes it necessary for me to be in the best of health, always," says Mr. Lesko. "I was worn almost to the point of exhaustion when I began taking Tanlac.

"Nervousness caused all my trouble. Suffering from indigestion, being unable to sleep and getting up in the morning tired, sapped my strength. My liver was torpid and this slowed my life, made me feel druggy.

"I sought relief. Everything I took failed to help me. Then after reading about the powers of Tanlac I tried this wonderful tonic. The first bottle gave me an appetite. Indigestion disappeared. I began to sleep well and arise in the morning refreshed. Soon my nerves calmed down.

"Today I feel better than I have felt in years. All my thanks to Tanlac. It is bringing me relief and restoring my health."

Mr. Lesko is only one of thousands

who have found happy relief from pain and gained new strength taking Tanlac. It usually builds up the body, wipes out poisons and suffering. Heed their advice. Keep well, keep youth and health—take Tanlac.

Big Shipping Increase Reported by Lloyd's Register in London

LONDON.—113 oil-burning vessels, aggregating 601,420 tons gross, were built in the year 1925-26, according to Lloyd's Register of Shipping.

Forty-six, totalling 221,429 tons, were built in Great Britain and Ireland, and the remainder abroad.

While in July, 1914 there were 296 motor ships of 234,287 gross tons, in July 1926 there were 2,343 of 3,493,284 gross tons.

Fifty-seven new vessels, of 303,835 tons gross, were fitted with installations for burning oil fuel, and the total of all such vessels in Lloyd's Register on July 26 last was 18,243,539 gross tons, as compared with 1,310,209 gross tons in July 1914.

It is stated: "The full effect of the coal stoppage in Britain will not be shown until the complete returns are made up for the current twelve months; but that it will be serious is already indicated by the falling off in the new work coming forward.

Merchant vessels afloat at the end of June 1926, holding the classification of Lloyd's Register, amounted to 29,172,698 tons—the highest figure ever recorded.

A Victim of Nervous Indigestion, Sluggish Liver and Run-Down Condition, Finds Long-Sought Relief. Strength Restored. Praises Tanlac.

Charles Lesko, 2442 Fremont Street, Cleveland, a popular musician, surprised even his closest friends by his recovery from a long siege of illness.

"My work makes it necessary for me to be in the best of health, always," says Mr. Lesko. "I was worn almost to the point of exhaustion when I began taking Tanlac.

"Nervousness caused all my trouble. Suffering from indigestion, being unable to sleep and getting up in the morning tired, sapped my strength. My liver was torpid and this slowed my life, made me feel druggy.

"I sought relief. Everything I took failed to help me. Then after reading about the powers of Tanlac I tried this wonderful tonic. The first bottle gave me an appetite. Indigestion disappeared. I began to sleep well and arise in the morning refreshed. Soon my nerves calmed down.

"Today I feel better than I have felt in years. All my thanks to Tanlac. It is bringing me relief and restoring my health."

Mr. Lesko is only one of thousands

who have found happy relief from pain and gained new strength taking Tanlac. It usually builds up the body, wipes out poisons and suffering. Heed their advice. Keep well, keep youth and health—take Tanlac.

BELGIUM goes on a gold basis, the franc stabilizied at 2¾ cents in real money.

The American cotton farmer goes on a ruination basis, in this land of gold, with cotton at the lowest price since 1921, suddenly dropping yesterday $1 to $1.50 a bale.

This makes Manchester and the British cheerful, for they buy cotton with which they clothe the heathen all over the world.

COTTON'S sudden drop proves that while government seems unable to help cotton farmers, it is able to hurt them. The government estimate of the 1926 cotton crop at 17,454,000 bales, almost a million bales above the Oct. 1 estimate, means ruin to thousands of cotton growers.

IT ALSO means, which is more important to politicians, a combination of southern congressmen and the western farm block in the next congress. Such a combination will worry the administration.

THE new Persian shah and dictator, Reza Kahn, seems to have the good luck of others dictators, Mussolini, Komal, De Rivera, etc. A bomb meant for him killed others. He can be relied upon to [illegible] even Mussolini how to suppress attempts.

PERSIAN rulers don't stop half way. You remember the Persian shah whose wife sent word from the grave that she was cold because her wardrobe had not been burnt with her body, to accompany her in death.

Immediately the shah ordered all the richest women, wives of the richest men in Persia, to gather in a great temple for a holy festival.

When they had gathered, soldiers stripped them all naked, and so they went home. Their clothes and ornaments were all burned to pacify the shah's dead wife. It was a success. She sent word that she was satisfied.

THE senatorial election in Massachusetts will test, to some extent, President Coolidge's influence in that state. He tells voters "the presence in the senate of Senator Butler is of great importance to me."

Senator Butler's defeat, however, would not, by any means, indicate repudiation of President Coolidge by Massachusetts. Many voters reserve the right to make their own decision on candidates. But now that he is publicly indorsed, Senator Butler's defeat would not do the President any good.

Motorists Attention!

All motorists, and particularly tourists, have need of a concise road book with descriptions of the highways.

To many people the thought of travel in unknown country entails doubt. For this reason it is imperative that some carefully prepared information be secured.

The Washington Bureau of this paper has for distribution a booklet that exactly fills the requirements.

In addition to giving descriptions and markings of the great national highways it contains many suggestions that will save time, money, and annoyance.

It will help not only in planning a tour, but also in carrying it through.

Clip the accompanying coupon and send it to the Washington Information Bureau of this paper. Enclose four cents in stamps for return postage and handling. The book will go forward by return mail.

E. G. SCHUBERT IS FOUND DEAD IN MINE NEAR SALINEVILLE

Victim Overcome While Workin John Hirst Holdings.

53 YEARS OLD

Coroner Van Fossan Hands Down Verdict at Inquest.

Ernest G. Schubert, 53, Salineville coal miner, was found dead in the John Hirst coal mine, located in Carroll county at the outskirts of Salineville, at 4:30 o'clock yesterday afternoon. His death, according to Coroner J. M. Van Fossan, East Palestine, who conducted an inquest this morning, was due to "powder fumes."

Found by Car Operator.

Schubert, one of 12 men in the mine yesterday, was working alone in driving an entry, when he was overcome by the poisonous fumes. He had been dead only a few minutes when he was found by the coal car operator. He was kneeling on the ground, shoveling the coal into the car when he died.

Fellow miners carried the body to the mouth of the mine. Dr. C. A. McCulloch, of Salineville, pronounced Schubert dead upon his arrival.

The Hirst mine was formerly owned by the Sterling company, but was taken over by a group of miners about a year ago.

Funeral Services Thursday.

Schubert was born in Salineville. He was a member of the Odd Fellows' lodge and the United Presbyterian church and choir.

He leaves a widow and two daughters, Mrs. J. T. Hunter, Cary, N. C., and Mrs. Stewart McHenry, of Ada. Three brothers, Max Cleveland, and Charles and Herman Schubert, of Salineville, and one sister, Mrs. Mary Wallbaum, Steubenville, also survive.

Funeral services will be conducted in the late home on Foundry hill at 1:30 o'clock Thursday afternoon in charge of Rev. Ross Wilson. Burial will be made in Woodlawn cemetery.

THREE AUTOS IN COLLISION

Automobiles owned by Bert Thomas, Grant street, Newell; Charles Kittridge, Huston avenue, and Mrs. Earley, 236 Carolina avenue, Chester crashed at the corner of Fifth and Washington streets, last night.

Thomas traveling east on Fifth street, is said to have attempted to make a left turn onto Washington street, crashing with the Earley car which was going west on Fifth street. Kittridge, following Thomas, mixed up with the other two cars.

None of the cars was badly damaged and no one was injured. Patrolman Roth investigated the collision.

Odd Fellows Will Go to Rochester Saturday Night

Dry Agents Seize 5,000-gallon Still At Atlantic City

ATLANTIC CITY, N. J., Oct. 27.—Federal prohibition agents early today seized the largest still ever found in New Jersey—a plant valued at half a million dollars and so large they said it would have to be dynamited because it is too huge to be dismantled.

The plant was capable of a daily output of 5,000 gallons of "Hooch," according to the agents.

MELLETT "KEY" MAN QUIZZED

Slater and McClintock Seek Confession From McDermott.

CANTON, O., Oct. 27.—Veiling in deep secrecy all that transpired during the two and one-half hours conference today between Pat McDermott, "key figure" in the mystery surrounding the slaying of Don R. Mellett, Canton publisher, Ora Slater, Ohio detective ace, and Prosecutor C. B. McClintock, the latter this afternoon told the International News Service that he and Slater had decided to hold back all that transpired at the conference until a propititious moment but that both of them were "extremely pleased with the trend taken at the session."

DE MOLAY SHOW 'HER SONG,' HERE NOVEMBER 18-19

Musical Comedy Will be Staged at American.

ROGERS OFFERING

Best Talent in District Sought for Cast.

Members of Harding chapter, Order of DeMolay, will present the musical comedy production, "Her Song," at the American theatre on Thursday and Friday, Nov. 18 and 19, under direction of the John B. Rogers Producing company of Fostoria.

Rehearsals for the play, which is the latest show to be acquired by the Fostoria company, will begin on or about Nov. 3, when the director will arrive here to select the cast.

Some of the best musical talent in the district will take part in the DeMolay offering. "Her Song" is a story with a touch of genuine heart interest, catchy musical numbers and up-to-the-minute dancing numbers. The scenes range from a small New York state town to the stage of a Follies theatre on Broadway in the metropolis. It is a tale of broken hearts and later triumphs that ring true because of the naturalness of the scenes and characters involved.

SLAYER OF CINCINNATI GIRL IS BLAMED FOR FIFTH TOLEDO KILLING

Lucas County Metropolis is on Verge of Hysteria as Maniac Clubber Attacks Tenth Woman, Whose Body is Found by Husband When He Returns From Work.

MRS. MARY ALDEN LATEST VICTIM OF SERIES OF SHOCKING CRIMES

Mysteriously Murdered Wife's Night Clothes Torn to Shreds When She is Assaulted After Terrific Struggle, and Then She is Shot Three Times in Breast.

TOLEDO, O., Oct. 27.—Following discovery of an iron bar, covered with human hair and blood, in an ash heap near the scene where Miss Lily Croy, 26, was killed by the clubber yesterday, police today took into custody a man said to be suffering from mental diseases. He was found living a block from the scene of the clubber's activities.

By PAUL E. BROKAW

CINCINNATI, O., Oct. 27.—That the same degenerate maniac who clubbed, stripped and stabbed 19-year-old Beulah Purvis and threw her broken body into the Big Miami river last week, is responsible for the Toledo "clubber" outrages, was the belief expressed here today by August Beckman, deputy sheriff investigating the slaying here that has baffled investigators for more than a week.

The brutal murders of Miss Lily Croy, 26, and Mrs. George W. Alden, in Toledo, yesterday and last night, revealed that the same tactics were used as were employed in the Purvis murder.

The Purvis girl was thought to have been killed near the Baltimore and Ohio railroad—not far from Cleves, O.

Beckman pointed out that the "clubber" could then have "hopped a freight" directly into Toledo—or could have taken a passenger train at any of the many little villages near the scene of the crime.

TOLEDO, O., Oct. 27.—Discovery of another mysterously murdered woman has brought this city to the verge of hysteria and caused extreme methods to be adopted in the hunt for "the clubber," to whom is accredited the atrocious murders of four other women and criminal attacks upon at least five others.

Mrs. Mary Alden, 47, is the latest victim in the series of shocking crimes. Her body, with the night clothes torn to shreds and with three bullets in the breast, was found by her husband, George W. Alden, when he returned from work late last night. She had been assaulted after a terrific encounter.

Others Clubbed and Mutilated.

The death of Mrs. Alden differed from that of the four unfortunate others who were clubbed to death and their bodies frightfully mutilated, ostensibly by a degenerate. In each of the previous eight assaults a club was employed by the fiend.

Not a fragment of evidence has been uncovered in the death yesterday of Lily Croy, 26, beautiful school teacher, whose mutilated body was found in the shadow of a school after the clubber had swooped upon her from a darkened ambush.

In each instance, except the slaying of Mrs. Alden, the brute's methods have been the same. He had descended so swiftly that his victim had no chance to see him. He struck from behind and usually with fatal results. One woman, who recovered from her wounds but still is suffering from nervous shock, declared that all she saw was "a fiendish face, with snaggled teeth."

Rewards totalling $2,600 have been offered by civic organizations for the capture of the madman. Inspector of Detectives Haas has been recalled from his vacation to assume charge of tracking the maniac.

Volunteers Do Police Duty.

With every citizen on the alert for the brute, Chief of Police Harry Jennings today expressed the fear that due to extreme nervous tension innocent persons might be too quick on the trigger and casualties result. He

Slater, Detective Ace, Asked to Run Down Maniac Killer

CANTON, O., Oct. 27.—Ora Slater, Ohio's detective ace, admitted today that he had been asked by certain persons in Toledo to go there to take charge of the tracking down of the maniac slugger who has committed two new attacks within the past 18 hours.

He was non-committal as to whether he would accept the invitation.

"I would like to clean up the Mellett murder case first of all, as I have already pledged myself to do this," he said.

Slater will probably prove aquiescent if the demand becomes urgent, it was learned.

COUNTY CHAIRMAN ELMER E. WALKER PREDICTS SWEEPING REPUBLICAN VICTORY NEXT TUESDAY

County Auditor Elmer E. Walker, of Lisbon, chairman of the Republican county central committee, today predicted a sweeping G. O. P. victory at the polls next Tuesday.

"Substantial majorities will be returned for the Republican state, district and county ticket and Republican nominees on the judicial ticket," said Walker.

Reviewing the campaign, Walker continued:

"After a careful survey of the entire county, I am very optimistic about the election next Tuesday. Myers Y. Cooper, the Republican candidate for governor, spent two days in Columbiana county last week, and as I accompanied him I observed closely the effect of the presentation of his principles.

"I found that they were most enthusiastically received, and the fact that he is a successful business man and capable of conducting the enormous business of the state of Ohio, made a great appeal to the voters. This because of the undisputed fact that the present governor inherited a surplus of $24,000,000 in the state treasury, and that the state today is living on borrowed money.

"Again, Mr. Coopeer has always stood for high ideals, religion, education, good morals and sound business, and his attitude has appealed to all right thinking people.

"The attitude of Mr. Cooper on the subject of fish and game made a distinct hit with all sport lovers in Columbiana county, who are thoroughly disgusted with the 'buck passing' of the present governor. In this connection Mr. Cooper said to me: 'There has been too much politics, and the fish and game department has not been under the management of its friends. If I am elected, I will call in the leaders of the sportsmen's organizations and ask them to help me work out a complete reorganization. I am especially interested in the policies of conservation of natural resources sponsored by the sportsmen. I want to assure the people of Columbiana county, that I am very much interested in the Guilford State park project, and that when I become governor I will try to end the delay on the part of the state in carrying through its end of the bargain. The Republican legislature appropriated money for this project, and there seems to be no reason for this two-year delay by the state in the matter.'

"Personally, I have had wonderful cooperation upon the part of the Republican women of the county, and I am sure they are more interested than in former campaigns. I believe the vote will show more women voting that in previous years.

"We have been spared any semblance of mud slinging in the campaign in this county, and for this, I, as the chairman of the Republican county central committee, am especially thankful. I hesitated to accept the county chairmanship, but at this stage of the campaign I have no regrets.

"I believe, from close observation, that Columbiana county will cast upward of 24,000 votes for the head of the ticket next Tuesday. Of these Mr. Cooper will receive approximately 14,000 votes or more and Mr. Donahey 10,000 or less. I expect Senator Willis to follow the lead of Mr. Cooper very closely.

"The entire Republican district and county ticket will be elected and very substantial majorities will be returned for all Republican candidates on the state judicial ticket.

"A Republican common pleas judge will be elected in Columbiana county."

BOOK FOUR—XIV.

Cecily sat down, pushing her hair back from her forehead with a petulant hand. "Nice in here," she breathed relievedly.

Jock stood over her solemnly. "Are you all right, Cecily?"

"Uh-huh."

She was avoiding his eyes, and it occurred to him that she had given no slightest sign of recognition, neither in that first instant when he lifted her from the floor, nor since. "You don't know who I am, do you?" he said.

Cecily glanced up then, surprised, even scornful. "Of course I do," she said simply. "You're Jock."

The next minute her features underwent an unexpected metamorphosis. They puckered like a colicky baby's, and two tears splashed over the rim of her eyelids and traced glinting zigzags down her cheeks. "Oh, dear," she lamented, "everything's gone wrong—everything has—"

Yvonne reached her in a swift rush. "Here, don't cry, honey! You musn't cry."

"I can't h-help it! Everything's—"

Yvonne knelt beside the chair and dabbed at the streaming tears with a handkerchief. "Yes, you can," she soothed. "Of course you can. There isn't a thing to cry about. We're taking care of you now. Nothing's the matter, child—is there? Tell us all about it."

The united efforts of Yvonne and Jock finally elicited from Cecily the news that she felt "awfully funnee" and a series of sobbing speculations as to what her mother would say when she went home. "And how'm I going to get home?" she wound up, lifting a tragic wet face. ("Anyway," Jock told himself, "she cries a lot prettier than she used to. Why, she cries the prettiest of any girl I ever saw!")

"I'll take you home, don't worry," he said.

To his astonishment the offer provoked fresh sniffles. "Wh-what'll you think of me?" gulped Cecily. "I never was like this be-before, and of course it would have to be this night! Oh, everything's all t-terrible—"

It was eventually determined that Cecily should be driven to Yvonne's apartment for the night. "It's the only logical thing to do," Yvonne said to Jock. "If her mother's like most mothers, taking her home as is would be sheer cruelty. You find August, will you, and ask him if he cares if we do our last numbers now instead of later—and bring her wrap from the chair where she was sitting—"

At 12:30 the roadster fled away from Terrace Tavern, bearing three people.

"Lean against me, Cecily," suggested Yvonne.

"No," said Cecily drowsily. "I wanna lean the other way."

She dozed through the trip into the city nestled against Jock, with her head contentedly resting on his shoulder.

XV.

He was hailed from sleep the next morning by the peal of his bedside telephone and a lilting remote announcement to the effect that "This is me."

"It's who?"

"Me. The old soak."

"Oh, hello, Cecily," he chuckled.

"Why, you're horrid!" cried Cecily instantly. "You weren't supposed to identify me by that!"

Jock thought, "Gee, she's got a cute voice! She sort of sings everything."

He propped himself on one elbow and gazed absorbedly at the telephone's mouthpiece. "How are you this morning?" he asked it. "I bet you head feels as if they were holding the battle of the Marne inside."

"It does not!"

"It should. You ought to have a whale of a hang-over."

"I have. But you didn't name a bad enough battle! Say, Jock?"

"What ho?"

"Can I call you Jock?"

"For cryin' out loud what else would you call me?"

"Well, I didn't know. Your behavior toward me is sort of Mister Hamillish. Anyway: Yvonne says to tell you to take me somewhere to breakfast."

"I'll take you both, of course."

"Yvonne says she doesn't want any breakfast."

"What's the matter with her?" Jock interrogated, alarmed.

"She says she's tired. She says I kept her awake all night, talking in my sleep. About you."

"Now I know she's kidding. Tell her I'll be over there in 20 minutes, and I want to find both of you with your bonnets on, all ready for a bevy of ham and eggs—"

"If you mention food," stated Cecily, "I shall die. I don't even want to see any, from now until I'm ninety. But I want to talk to you. That's the only reason I'm going."

"I want to talk to you, too!" You're going to get the bawling-out of your young life, don't think you're not!"

"I don't," said Cecily.

He found her waiting for him in Yvonne's little living-room, wearing a gown that he recognized as belonging to Yvonne. It hung to her insteps. "Look," she said, patting the skirt. "I'll have to tack it up with safety pins before we go out or everybody will think I'm trying to hide bowlegs or something."

"I can tell 'em different!" retorted Jock. "After the back-flip you took last night, I can speak with authority."

Cecily giggled. "Wasn't that the limit?" she said in a confidential undertone. "I'm mortified to death when I think of it. It must have been awful."

"Well, not too awful. In fact, I might say—but never mind. How're you feeling this morning, Cecily, no foolin'? Have you a headache really? You're looking full of pep." His eyes roamed over her commendingly. No, he hadn't been mistaken last night; she was delightful. All pink and white and brown, like a wild rose—no, too banal—like a—

He searched for a fit simile ,and finding none, said, "Anybody who can look like that on the morning after—"

Yvonne chose this unfortunate moment to enter the room, in a negligee of Nile green chiffon and lace that foamed behind her like a boat's wake. The negligee was very lovely and Yvonne was very lovely. But 10 a. m. and a little beauty like Cecily are a combination hard on even the loveliest of women grown. For the first time in his life, Jock thought Yvonne looked old. "As the hills!" he told himself, scandalized.

She must have realized — women are always sensitive of those things—yet she went straight to Cecily and put her arm about her shoulders. The effect was pictoral in the extreme. But it was rather terribly revealing.

"Our little toper here—" Yvonne smiled at Jock, squeezing Cecily affectionately — "needs some breakfast. Take her to some not too conspicuous place, will you, Jock Hamill? My dress doesn't seem to fit her any too well, and she can't wear her own in broad daylight, of course—"

"Look here, why aren't you going?" Jock wanted to know.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found how to save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap, but it has no equal for results. It gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified honey, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guaiacol, known the world over for its healing effect on membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

THREE DAY COLDS THREATEN LUNGS

A cough or cold that hangs on after the third day is a threat.

Do something! Don't wait until the cold has run its course—from your head to your throat—from throat to chest or bronchial tubes. Break up your cold before it settles in this "danger zone"; for inflammation spreads, and your bronchial tubes lead directly into your lungs.

Quickly and unfailingly Ayer's Cherry Pectoral goes straight to the seat of trouble. With the very first swallow you *feel* its comforting warmth. You feel its soothing, healing powers reaching deep down into your bronchial tubes. You feel it penetrating through and through the irritated membranes.

This healing medication, absorbed into the membranes themselves, breaks up the cold, stops the cough, brings prompt *and lasting* relief.

If you are catching cold; if you have a "head cold"; if your chest is tight; if you have a cough—even if bronchitis has developed—Ayer's Cherry Pectoral *at once!*

Cherry Pectoral is pleasant, safe and dependable—for children and grown people. At all druggists—50c; twice as much, $1.00. 2a2o

Deserving of Re-Election

The Review-Tribune is utterly out of sympathy with the criticism by his political foes of the course of Senator Frank B. Willis in bringing the accomplishments of the federal administration into the Ohio senatorial campaign. If there are issues above all others on which a senatorial campaign should be waged, they are national. And we believe it a duty which the senator owes himself to show what support he rendered to the furthering of executive policies and measures.

Senator Willis received what to all intents and purposes were two mandates to support the policies of President Coolidge. One came from the country as a whole, the other from the citizens of his own state. The popular plurality given President Cooldige was the largest ever received by a candidate for the presidency. It demonstrated the country's approval of the Coolidge policies. The popular plurality given President Coolidge by the people of Ohio was also the largest ever given a presidential candidate in this state, and likewise spoke the approval of the people of Ohio of the Coolidge policies. Thus Senator Willis not only received a mandate from the people of this state to support the policies of the president, but also that of the people of the entire land. If the senator complied with these mandates and carried out the will of the people of Ohio, his home state, and also that of the country, we believe he is justified in reciting the fact in his campaign for re-election.

We have a high admiration for his opponent, Mr. Pomerene, and have not been at all adverse to saying so, but at the same time we have a very high opinion of Senator Willis and see no reason why one who has carried out the will of the people of Ohio, expressed by them in support of the president should be supplanted by one who, being of a party opposed to that president, may not give him support. We are certain that the people are still steadfast in their support of the policies which brought the result of prosperity.

Again the Review-Tribune is glad to voice its commendation of the record of Mr. Willis as a member of the upper house of congress. We esteem it an honest and honorable one. We have been particularly pleased with his course in the offensive against the Chicago water steal, in which he has manifested a high decree of leadership against a well organized assault upon the public right, and his outstanding position as an advocate of the enforcement of the prohibition law has appealed to us strongly. Even the senator's most bitter political enemies will pay him the tribute of being consistent in the matter of prohibtion. There are so many members of our national legislative bodies who are but theoretically dry that it is a relief to find one who is consistent. And his consistency, to our mind, is the senator's greatest offense in the eyes of those most bitter in their opposition to him. We feel that it would be an injustice should a man be penalized for being a consistently conspicuous upholder of the organic law of the land.

Our feeling is that Senator Frank B. Willis should be re-elected on his record.

Radio Beams

At last Marconi is using, with practical success, the "beam system" of wireless communication on which he has been working for 15 years. By concentrating outgoing wireless waves and throwing them in a given direction, as a searchlight throws its light waves, he is able to point them at will, restrict their reception to a small area and put more of a push behind them.

His radio beams seem suprisingly effective, carrying messages from Montreal to London at the rate of 150 to 200 words a minute, three times as fast as the cables, with perfect reception in the experimental service. More remarkable still, Marconi says he can flash his wireless messages simultaneously in both directions. Apparently the opposite radio waves don't interfere with each other.

There may be, in a few years, a powerful system of such radio stations covering the world. They may be used eventually for telephony as well as telegraphy.

Will they supplant the wires and cables? Probably not. Metal lines may always be needed for privacy, and for greater independence of weather and electrical disturbances.

Berlin Goes To Bed

Berliners have got permission to stay up until 3 a. m.," says a dispatch from the German capital, "and how they dread it!"

The rule in force until recently required theaters, dance halls, cafes and restaurants to close at 1 o'clock. Now, with two hour more to play, patrons are going home at the usual time.

Berlin used to be famed as an "all-night town." Its night life was a scandal. But it seemed to outsiders forced and unnatural, as if Berlin folk felt obliged to rival Paris by night, and didn't really enjoy it.

At any rate, the city seems to have settled down into a fairly sober community of people who go to bed at night because they're tired of artificial gaiety and foolish expense, and want to get up without a headache and do a real day's work. That will count in European reconstruction.

Chicago to Have the Biggest Generator." All right. But what Chicago needs is the Biggest Regenerator.

Tomboy Taylor— By Fontaine Fox

NEW YORK DAY BY DAY

By O. O. McINTYRE

NEW YORK, Oct. 26.—In the past few years New York has had several "last appearances" in real life offering more high voltage drama than ever seen upon the stage. The passing of John Siddal, the magazine editor, was an epic in courage. He believed death was a mere doorway between two lives.

Told his span of life was short he confided in on one but his wife and laboured with Spartanic zeal until one evening he left his office with customary cheerfulness and never returned. Several days later he passed away.

At a certain dinner at Sherry's a young society girl only recently married grouped her friends about her at the end of the dinner and said: "I have an incurable malady. I want each of you to remember me as you see me now—vitally alive and apparently happy."

Then she slipped from the room and none of her guests saw her again. Four months later she was gone. And across the way at old Delmonico's a little later a popular bachelor gave a "farewell party" presumably as a prelude to a long ocean voyage.

He arose and said: "I am going to ask you, my friends, to drink a little farewell toast. I am going on a long, long journey and I lift a glass to the hope we shall meet again." The next morning he sailed and several days later jumped into the sea.

And there is the story of an actress on the eve of an European jaunt which apparently portended happiness and rest. At an after theatre supper someone arose, lifted a glass, and said: "Until we meet again." The girl stood and replied: "We shall meet again—but not in a cafe."

Several weeks later came news of death by self administered poison in Paris. There is the man who excused himself from a group of friends on way to lunch. He entered an office building saying "I'll be down faster than I go up." He took the elevator to the 27th floor and leaped from a window.

The hostess of a cabaret had this notice posted at the entrance of her gyp parlor for the benefit of a discarded suitor: "Mr. Blank is forever barred from these premises." Thereby proving cabarets serve almost everything—including air.

In that pre-dinner hour of traffic desolation Fifth Avenue acquires a small town neighborliness. The activity dries up. Butlers seep to the curb to puff at pipes and exchange below stairs gossip. Page boys from smart hotels stroll with dogs. The gray uniformed private police rap lamp post greetings. Pigeons flutter Clubmen in dinner clothes enjoy a brisk before dinner walk and have to the asphalt from cathedal eaves. time to stop and chat. And in an hour the roar and confusion resumes.

There is no happier crowd than shopgirls rushing home from work in the evening. They sweep along in the delirium of traffic stopping at this mirror and that to brighten their lips and powder their cheeks. There is a spontaneity to their laughter like the lightness of champagne foam. Some meet their beaux at the corner, link arms and go on. Plodding pedestrians feel the slight touch of romance and seem to quicken steps, too.

In one apartment house building uptown it was discovered that there were three white women with Chinese husbands. All the wives were above the average in looks and said they were quite happy. Great people, etc.

HASKINS' LETTER

By FREDERIC J. HASKIN

Home Education.

WASHINGTON, D. C., Oct. 27.—Home education reading courses under the direction of the United States Department of the Interior's Bureau of Education have grown in popularity until there are now more than 5000 readers enrolled. Since this work was instituted in 1913, about a year before the beginning of the World War, more than 18,000 persons have enrolled in one or more courses.

A woman in Pennsylvania has completed six courses and is now on her seventh. Another in Illinois has finished seven.

Of those who take up this line of self-education more than a majority—54 per cent to be exact—are 16 years of age, or under. Of the adult readers, 55 per cent are women. Most of the readers are in urban communities where libraries are convenient of access. California leads with the greatest number of enrolled readers, 500, with Pennsylvania, Illinois, New York, Michigan, Massachusetts, and Maryland following in the order named.

There are 30 of these reading courses on various subjects, such as literature, history, biography, fiction child care, the pre-school child, citizenship, government, architecture, heroes of American democracy, foreign trade, teaching, pathways to health, agriculture and country life, poetry, and the like.

Any man or woman, boy or girl, can take any of the courses, and the Bureau has enrolled readers of all ages ranging up to three-score and ten. The first requirement is merely to secure and fill out an application for enrollment, giving name, address, age, sex occupation, education, and the course desired. Readers living in any of the following States should apply to the director of extension in the State University for information and direction which will be given without charge: Arizona, Arkansas, Colorado, Indiana, Iowa, Kansas, Kentucky, North Carolina, North Dakota, Oregon, South Carolina, South Dakota, Utah, Virginia, Washington, and Wisconsin, and in Hawaii.

In Louisiana the work is carried on in the extension division of the State Normal College at Natchitoches, and in Oklahoma the State Library Commission directs the work from Oklahoma City. Readers living in other States than those mentioned should make application to the United States Bureau of Education, at Washington.

Reading Circles Formed.

In many instances reading circles are formed of groups of people in communities who begin one or more of the courses and hold meetings at stated intervals to discuss the books. The courses are to be read within three years of the date of enrollment and notification should be sent to the office at the time that each book is begun. When each book is completed the reader should send a summary of it to the office. Certificates signed by the Commissioner of Education are awarded to those who send in the notifications and summaries, and who answer the test questions, or give other satisfactory evidence that the books have been read.

Formerly the reading of 30 books constituted a course, but that requirement has been changed and now a person who reads any seven of the books listed in a course may receive a certificate. Nor must the books be read in the order in which they are listed, and it is to be borne in mind that the books are not textbooks. There is no arrangement whereby school or college credits may be secured for work done in the reading courses, but it is possible that a teacher might give the holder of a certificate credit for collateral reading, if it covered required reading. That is a matter that is up to the teacher or the school, and is no part of the plan of the Bureau of Education.

The books that are listed in the various courses are selected by committees of specialists, or, rather, the specialists recommend and members of the Bureau staff make the final selections. The books may be purchased from publishers or dealers, or borrowed from libraries. The Bureau does not furnish them nor lend them.

In developing the home education work two conferences have been held, one at Lexington, Ky., in 1922, and one at Minneapolis two years later, of directors of extension of state universities, librarians, and leaders in parent-teacher associations, in conjunction with officials of the Bureau. At the Minneapolis gathering there were representatives from 33 States and the District of Columbia, 80 in all. The topics discussed included the place of university extension service in a cooperative plan for extension of educational opportunities, cooperation for adult education, courses for parents, the library in the home education movement, what parent-teacher associations can do for libraries, the educational adviser in the public library, practical methods of cooperation in educating for parenthood, psychic values in the home, and literature in the home.

Bureau's Strategic Position.

Dr. John J. Tigert points out that the Bureau of Education, which he heads, occupies a strategic position, with educational contacts with many agencies. These contacts, he says, are valuable to the Bureau in its effort to discover educational needs, in securing data regarding accomplishments in education, in giving direction to its activities.

The home education dates back almost to the very beginning of the Bureau. In 1868 Dr. Henry Barnard, the first Commissioner of Education,

Why do they always lay them on the Scotch? I have asked this question before. By reason of the character of today's story, I am prompted to ask it again.

It is alleged than an Aberdonian awoke one morning to find that during the night his wife had died. After one glance at the stark form lying there beside him, he leaped out of bed and ran into the hall.

"Mary," he called down to the general servant in the kitchen, "come to the foot of the stairs, quick."

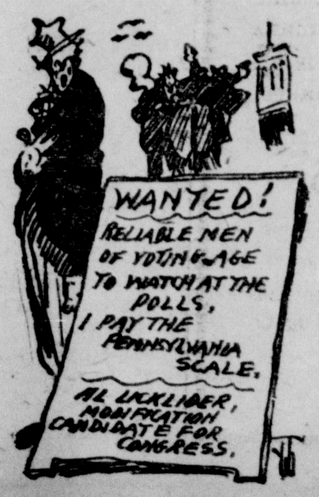

"Yes!" she cried. "What is it?"

"Boil only one egg for breakfast this morning."

THE rugged endurance that singles out the Hupmobile Six can be quickly traced to its source in Hupmobile's adherence to the finer manufacturing and engineering practices.

Hupmobile Six, for example, has a heavy, rigid crankshaft—a kind too costly for common use. Combined with an efficient vibration damper, that weight and stiffness reduce vibration to the minimum.

Hupmobile imports expensive Cuban iron for its cylinder blocks—unmatched for resistance to wear. It machines the combustion chambers of all cylinders to precise size, thus giving you smoother operation and greater power.

The reinforced chassis frame is built especially strong to resist the strains which every chassis must meet.

And Hupmobile surrounds a myriad of these basic superiorities with every feature that promotes performance, safety and economy, such as thermostatic control of cooling, four-wheel brakes, clear-vision bodies, oil filter, gas filter, etc.

You can rely on your first favorable impressions of Hupmobile Six beauty and value, knowing that the deeper qualities which result in lasting satisfaction are built into every fiber of the car.

Police Kept Busy As Hallowe'en Pranks Annoy Citizens Here

Complaints from practically all sections of the city, particularly the West End, as a result of premature Hallowe'en celebrators, have come tumbling over one another into police headquarters within the past 10 days so rapidly that it is practically impossible for police to keep up with them.

Every effort is being made to prevent property damage. Last night three lads were arrested by police after a chase in the lower end of the town. The youths surrendered about a half a peck of large green tomatoes which, apparently, they had been using to "bomb" pedestrians and front doors of homes.

A favorite trick is the destruction of milk bottles left on porches. The glass is usually left out in the street as a hazard to automobile tires.

George D. Lowary on Committee Named for Canned Foods Week

George D. Lowary, of Wellsville, an official of the Riggs company, wholesale grocers, has been appointed as a member of a committee which will have charge of the observance of canned foods week in Ohio November 16-20, according to announcement made today by the Ohio Canners' association.

J. H. Mosel and George T. Ewing, of Steubenville, and William Johnson and Ralph O. Drury, of Youngstown, will also be members of the committee.

Bake Sale Postponed.

Bake sale to have been held Saturday by the Women's Foreign Missionary society of the First Methodist Protestant church has been postponed one week, it was announced today.

Mrs. Wooster Recovering.

Mrs. Henry Wooster, who has been seriously ill for the past two weeks at her home in Twenty-fifth street and Clark avenue, was reported today to be slowly recovering.

CARD OF THANKS.

Words cannot express our thanks to all those who were so kind to us and those who sent floral offerings during our recent bereavement in the loss of our darling daughter and sister, Pauline Marie Johnston.

Pennsy Plans Coaling and Water Terminal at East Rochester Site

Contractor Starts Work on New Pumping Station; Old Station at Bayard to be Discontinued; Move Prompted by Increase in Traffic.

East Rochester may soon be a new coaling and water terminal for the Cleveland and Pittsburgh division of the Pennsylvania railroad.

That a new pumping station is to be erected on railroad property, in a tract of wooded land about a mile east of East Rochester, was announced today.

Contractor for the project has already started work. Several cars of material are expected to arrive this week for the new building.

According to reports, there will be a large concrete basin to catch surface water. In addition, wells will be drilled to assure permanent water supply.

Besides the pumping station, according to reports received here by railworkers, company officials are planning to erect tipples near the pumping station to furnish coal for trains.

The coaling and water terminal which has been maintained at Bayard for several years is to be practically discontinued with the opening of the structure at East Rochester, according to reports. The Bayard station will probably be used for trains on the Minerva branch line.

During the last few years, with heavier trains being hauled over this division, it has been found that the distance between water terminals at New Salisbury and Bayard is too far. Many freight have been forced to stop near East Rochester, the engine being cut off to go to Bayard for water.

To accommodate trains, and keep the main line open for faster trains while freights are securing coal and water, two sidings each a mile long are to be constructed. One will be for westbound and one for eastbound traffic.

Erection of the new pumping station is the result of completing the Canton to Bayard cutoff which was recently opened for traffic. Water pipes at Bayard are not properly located to care for freights coming over the cutoff.

In addition to the surface water which is expected to keep the concrete basin well filled, the railroad will have advantage of a canal that runs along the woods in case surface water is low. Wells will be used to meet needs shoulder the surface supply fail.

A large water tank will probably be erected to furnish pressure for filling tanks on engines. Water will be lifted from the concrete basin to the standpipe, where it will flow into the engines under gravity pressure.

With increased traffic over this division, it is probable that three men will be employed at the pumping station, each working an eight-hour shift. Pumps will not be required to operate continuously unless it is necessary to operate the wells.

At the present time, water terminals are located at New Salisbury, Bayard and Alliance. The long steep grade from Salineville to Summitville requires so much water that few heavy trains can go from New Salisbury to Bayard on the supply received at New Salisbury.

Few westbound freight trains pass the New Salisbury station without stopping for water. Passenger trains are able to go from Wellsville to Bayard without stopping for water.

Sewer Equipment Damaged; Mayor Offering Reward

Information leading to the arrest of any person guilty of tampering with city property in the West End of the municipality will be worth $5 to the person who provides it.

Mayor W. L. Fogo today announced that such a reward would be paid to anyone, of any age, who so helps the authorities in preventing the removal or molesting of equipment that has been in use in the sewer repair work in the West End.

Red signal lights that have been left on the work have been stolen; fire hose that has been used in flushing out the sewers has been dragged away from the job, and ropes that have been placed around open ditches to prevent accidents have been unwound and used by Hallowe'en pranksters to tie across the street to trip unsuspecting pedestrians.

WILL OBSERVE ARMISTICE DAY

Parade, Meeting, Nov 11 Planned by Legion.

Officers of Wellsville post No. 4, American Legion, today announced arrangements for an Armistice Day celebration, which will be held here on Thursday, Nov. 11.

The observance will get under way officially in the evening, although local business houses will be asked to suspend operations for a period of two minutes at 11 o'clock on the morning of the celebration.

A street parade will be the principal feature of the program, followed by a banquet and public meeting in the Legion post rooms in Main street.

A banquet and speech making are on the program.

DARDEN FREED; PAYS $100 FINE

Pleading guilty to a charge of possession, Oscar Darden, arrested Monday night by local police, last night gave Mayor W. L. Fogo a check for $100 and costs and was released.

Shunning a jail sentence, Darden said, "it's too cold down there for me."

Edward Webb, jailed on a similar charge, was assessed a similar fine, and is still in jail.

Case of Dory Clutter, arrested a short distance out McQueen's Run hollow on a charge of manufacturing was continued by Mayor Fogo.

Seven men arrested in a gambling raid at 1321 Main street are scheduled for an appearance before the mayor this evening at 6:30 o'clock.

Miss Blanche Pugh Hostess to Friends At Hallowe'en Fete

Miss Blanche Pugh was hostess to a number of her friends at a Hallowe'en party last evening at her home, 431 Fourteenth street.

Games and dancing were the principal pastimes. Prizes were awarded to Misses Molly Katz and Elizabeth Rowley for their "Charleston" demonstrations.

An orange and black color scheme was used in the decorations which were in keeping with the spirit of the occasion.

At the close, the hostess served luncheon, assisted by Misses Lily Pugh and Florence McIntosh.

Power Plant Worker Seriously Injured When Stack Tumbles

He was badly hurt about the head and body, one hip bone being dislocated. He was taken to the Ohio Valley hospital in Steubenville.

Mack's home is in Cumberland, Maryland.

A masquerade party will be staged by the class, accompanied by an appropriate program. Luncheon will be served.

P. H. C. DANCE IS POSTPONED

The regular weekly dance scheduled for Friday night by Fidelity Circle No. 43, Protected Home Circle, has been postponed for one week, according to announcement today by lodge officers.

In view of the numerous Hallowe'en and masquerade parties under way this week, it was decided not to hold the dance.

HIGH WITHOUT GAME SATURDAY

Mingo Eleven, Wrecked, Cancels Tilt Here.

With several star players on the hospital roster with little likelihood of returning within the near future, several ill and others withdrawn from school, the Mingo Junction high school football team, scheduled to play here next Saturday, is practically wrecked, according to announcement today by school authorities, and as a result, will be unable to perform here Saturday afternon.

Cancellation of the contest was filed several days ago with the local school authorities who, in the meantime, have ben endeavoring to get in touch with a suitable opponent for Saturday. The lateness of the season, however, has made it practically impossible to schedule a game.

FUND TRANSFER IN FULTZ CASE IS APPROVED

State Bureau Makes Ruling at Request of Council.

CITY HAS POWER

Certificate of County Auditor Must be Obtained.

Resolution authorizing the taransfer of $500 from the safety to general fund for the payment of costs in the Chief of Police Fultz removal litigation, was passed by solons last night on second reading.

The vote on the measure was five to one, Councilman Ted Swearingen voting against the resolution. Councilman W. C. Connor, who had voted against the measure at its first reading, was absent last night.

In connection with the action on the resolution, Clerk George Hardman read a ruling made by the state bureau of inspection and supervision of public offices to the effect that the city's action in the case is entirely legal.

Ruling of the state was soughta following the filing of a protest by J. H. Mosby, of this city.

The bureau rules as follows:

"We are in receint of your letter of October 21, enclosing letters addressed to you by Mr. Mosby, a taxpayer, and a copy of a resolution adopted by the city council authorizing a transfer of $500 from the safety fund to the general fund and appropriating said amount for the payment of costs in pending litigation relative to the appeal of John Fultz. It seems that Mr. Mosby objects to the payment of any costs in connection with this litigation and you inquire if any payments may legally be made from this appropriation.

"Section 4308, G. C., reads:

"'When required so to do by resolution of the council, the solicitor shall prosecute or defend as the case may be, for and in behalf of the corporation, all complaints, suits and controversies in which the corporation is a party, and such other suits, matters and controversies as he shall, by resolution or ordinance, be directed to prosecute, but shall not be required to prosecute any action before the mayor for the violation of an ordinance without first advising such action.'"

"Council has power to appropriate funds for the purpose of paying costs in connection with actions brought by the city solicitor at council's direction. Such an appropriation, however, is governed by all the provisions of sections 5649-3g, 5649-3h, 5660, 5660-1 and 5661 G. C., i. e., if such an appropriation is supplemental to the appropriation for the fiscal year the certificate of the county auditor must be obtained that such supplemental appropriation, when added to the original appropriations, shall not exceed the official estimates of revenues and balances. The resolution you submit provides for a transfer from the safety to the general fund and for an appropriation from the general fund but since it does not authorize a transfer from an appropriation item in the safety fund to an item in the general fund it must be considered a supplemental appropriation and the county auditor's certificate must be obtained before it becames effective.

"If part of the costs in contemplation are attorney fees for assisting the city solicitor the position of assistant city solicitor must be created and the amount of his compensation fixed by ordinance of council. Such compensation may be an amount per diem, per week or month or may be a lump sum.

"Since we have no knowledge of the details in connection with these costs we suggest that the matter be referred to oyur city solicitor and that you be guided by his opinion.

"Mr. Mosby's letter and copy of the resolution are returned herewith.

"Bureau of inspection and supervision of public offices.

"By Andrew H. Foster, deputy."

Ladies of Golden Eagle To Hold District Meeting Here Thursday

One Hundred or More Members of Order Expected; Two Sessions Scheduled, One in Afternoon, and One at Night.

Plans for the district No. 7 meeting of the Ladies of the Golden Eagle, which will be held here tomorrow afternoon, have practically been completed, officers of Golden Rod Temple, the Wellsville lodge, announced today.

Approximately 100 or more members of the order from Lisbon, East Liverpool and other towns of the district are expected to attend the meeting which will be held in the Golden Rule lodge rooms in Main street between Thirteenth and Fourteenth streets.

Two sessions are scheduled for the conference, one in the afternoon, beginning at 1:30 o'clock, and the second in the evening, beginning at 7:30 o'clock.

The conference will be occupied chiefly with business matters concerning the order.

Dinner will be served at 6 o'clock.

Hallowe'en-Bridge Party is Held at Paul Eaton Home

Mr. and Mrs. Paul Eaton entertained a number of their friends at a Hallowe'en masquerade party last evening at their home in Washington avenue.

Music and guessing contestsa were diversions. Four tables of bridge were in play, also, during the evening.

Prizes were awarded to Mrs. Lester Donnelly, Robert Kountz, Mrs. Elmer Evans and Samuel Adams.

Luncheon was served by the hostess at the close of the affair.

Fire at Pottery Plant.

Fire of undetermined origin, scorched the interior of the bisque warehouse at the McNicol-Corns pottery, in Sixth street, this morning at 6:30 o'clock, causing damage estimated at approximately $200.

Solons Will Ask Renewal of Old Passenger Stops

City officials will query the superintendent of the Cleveland & Pittsburgh division of the Pennsylvania Railroad as to the possibility of having two of the division passenger trains make stops at the Twelfth street station.

The trains in question are the old "41" from Pittsburgh, which reaches Third street at 2:52 a. m., and the 4:54 in from Cleveland in the afternoon.

The one stop plan, whereby the trains "pass up" the Twelfth street station, works a hardship on passengers who reside in the West End of the city, solons point out.

The matter was raised by President Clyde Baker. Clerk Hardman was instructed to communicate with the division superintendent.

MASK PARTY FOR KIWANIS

Inter-city Club Meet to be Held at Salineville.

Wellsville Kiwanis club members and their wives will be guests of the Salineville club tonight at an inter-city meet in Salineville. A large representation from the local club will be present.

The affair will take the form of a Hallowe'en party, guests being requested to attend in costume. Prizes will be awarded for the most beautiful costume, the most clever costume and the most comic costume.

A program in keeping with the occasion will be carried out. The party will begin at 8 o'clock.

PHONE COMPANY ASKED TO RENEW ITS FRANCHISE

City Within Rights in Compelling Concern to Act.

STATE RULING

Manager F. M. Swaney to Consult Legal Department.

"You are within your statutory rights in compelling the Ohio Bell Telephone company to get a franchise."

This, in substance, is the ruling of the office of Attorney General C. C. Crabbe on the city's recent question as to whether action could be taken to cause the phone company to obtain a franchise.

The company has been operating here for approximately a year without a franchise, solons assert.

Clerk Hardman, at last night's council meeting, also read a letter from Frank Swaney, manager of the local district, in which the latter asserts that he will take the matter up at once with his immediate superior and if the company's legal department instructs a reply, he will confer as soon as possible with the city.

An ordinance authorizing a supplementary appropriation of $250 for the Carnegie library, was passed by council.

The mayor and the service director were authorized to issue a certificate of indebtedness in the sum of not to exceed $6,000 for a period of four months pending the issuance and sale of bonds for the repair of McQueen's Run sewer.

The resolution was passed as an emergency measure.

Ralph T. Couch, of East Liverpool, manager of the Ohio Power company operations in this district, and Attorney W. H. Vodrey, legal representative, discussed "lights" with council, preliminary to drawing up a 10-year contract for current supply for the city.

Solons adjourned until tonight.

McIntyre and Heath Head Cast of Village Follies

Georgeous Riot of Colorful Beauty is Attraction at Ceramic on Nov. 2.

The "Greenwich Village Follies," the gorgeous riot of colorful beauty which is looked forward to each season, is announced as the attraction at the Ceramic theatre Tuesday, Nov. 2. It has all the charm and beauty of its predecessors and many distinctive features of its own.

It has a wealth of feminine pulchritude, sumptuous stage pictures, elaborate musical numbers and above all, comedy enough to keep one in a hilarious mood for weeks to come.

Comedy has ever been a weak spot in the armour of revues, but with the "Follies" it holds first place. John Murray Anderson, who devised and staged this latest edition of the "Greenwich Village Follies," has always succeeded in blending the artistic which pleases the eye and a sense of humor that is exhilerating. It is this rare combination that has made the "Greenwich Village Follies" world-famed as an entertainment institution.

Mr. Anderson's first and chief appeal to the eye, is his surpassing attractiveness, made so by beautiful women, brilliantly costumed, and when one speaks of women in the language of the "Greenwich Village Follies," one visualizes famous Bohemian beauties, 40 of them were chosen for their exquisite symmetrical lines, their youth, their charm and their beauty.

McIntyre and Heath, two of the most popular and beloved comedians on the American stage, head the cast as featured members of the huge organization. These world-famed interpreters of negro characters will appear in a new and complete repertoire of negro songs, negro dances and negro sketches. Other luminaries are: Janet Winters, Leonard Sillman, Bob Brandies, Bud Williamson, Miriam Meade, James Cushman, Elsbeth Holman, Dorothy Cadwell, Elsie James, Rosemary Farmer, Eva Scase and 40 lithe and lustrious dancing beauties.

The show is presented in two acts ablaze with song and dance, and 35 scenes ranging widely in their appeal to the ear and eye.

The presentation is by The Bohemians, Inc., A. L. Jones and Morris Green, managing directors.

LABOR-SAVING, SANITARY ONE PIECE SINK

Most of the old-style kitchen sinks now in use are hopelessly insanitary and set so low as to be "back-breaking" to work at. Being insanitary, it is hard—almost impossible—to keep them clean and free from vermin. This condition threatens the family health and also gives the house wife needless work.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

CONTRACT LET FOR NEWELL'S HIGH SCHOOL

$100,000 COST

Old Kenilworth Club Golf Course Will be Site.

General contract for the new Wells high and elementary school, to be erected at Newell, was awarded to the Potters Lumber company of East Liverpool by the Grant district board of education at a meeting in the Fourth street school, Newell, last night.

The approximate cost of the eight-room structure will be $100,00. It will be financed by a $75,000 bond issue passed by the electors and cash contributions of $25,000 by the Homer Laughlin China company and $5,000 by W. E. Wells and a site contributed by the North American Manufacturing company.

Contract for the plumbing and heating in the new structure was awarded to Totterdale and Company of Martins Ferry, while Ralph T. Sayre of East Liverpool was given the award for the wiring and electrical work.

The building will be erected on a part of the old Kenilworth Country club golf links, near the New No. 6 Laughlin potttery. Excavating for the cellar will begin probably this week. The structure will be completed early in the summer and will be occupied when school reopens for the fall term in 1927.

The new school will be a one-story structure with a basement. A rough brick, buff in color with light stone trimmings, will be used. Floors will be concrete. The building will have a frontage of 157 feet with wings on either side and an airway in the center.

The school was named in honor of W. E. Wells, secretary-treasurer of the Homer Laughlin China company.

Degenerate Kills

(Continued from Page One)

issued a statement this morning, asking citizens to remain calm.

Hundreds of American Legion members and Boy Scouts have volunteered for police duty. Last night every block in the city was patrolled by at least one guardian of the police.

The outrages began here last November when the clubber beat the brains of two victims into pulp. He attacked two others who recovered. For two weeks a reign of terror existed.

When 1,000 former service men formed a vigilance committee and began patrolling the streets, the crimes temporarily ended.

The killer renewed his campaign last January. Two more women were slain and three criminally assaulted. This series of assaults ended when police rounded up and reincarcerated all patients who had been discharged as cured from insane institutions.

Two Children Die, Others Burned When Fire Sweeps Home

ELWOOD, Ind., Oct. 27.—Two children were burned to death, their mother was badly burned and two other children received serious burns when fire destroyed the Richard Leakey home here today.

The dead were:

RICHARD LEAKEY, 7 months old.

JEAN LEAKEY, 2 years old.

Mrs. Leakey was badly burned in rescuing Carolyn, 3, and Mary Margaret, 4.

The mother had gone to a neighbor's home for a few minutes. On her return she found the house on fire.

Girl, Once Insane, and Her Mother Plunge To Death

Elder Woman Leaps From Eleventh Floor of New York Hotel—Daughter's Body Impaled on Spike.

NEW YORK, Oct. 27.—Police said today that Miss Dorothy Warschauer, 30, who with her mother plunged to her death last evening from the eleventh floor of the Martha Washington hotel before the eyes of thousands of horrified spectators, was at one time an inmate of an institution for the insane at Islip, N. Y.

Worry over her daughter's illness probably caused the mother, Mrs. Bertha Warschauer, 51, to make the death leap, according to a theory advanced to police by Dr. H. Scueman, the Warschauers' family physician.

Mother and daughter, stylishly dressed, arrived at the hotel at 5 o'clock in the afternoon. Just thirty minutes later passersby in the street saw Mrs. Warschauer leap from the eleventh floor. The body, turning and twisting in the air, crashed on top of an electric sign hung over the hotel entrance.

Thousands of pedestrians, attracted to the scene, were further horrified when the daughter smilingly stepped to the window and poised herself for the leap. The spectators stood still in helpless fascination, but Miss Marjorie La Plante, Montreal trained nurse who occupied a room on the ninth floor, rushed to a small balcony in front of her window just as Miss Warschauer jumped.

The daughter's body struck this balcony and was impaled on a spike. With Miss Warschauer fighting and screaming to the nurse to "let her die," Miss La Plante held on to her grimly. Only a shred of flesh held the woman's body to the spike, however, and at last the tired nurse was forced to relax her grip.

The daughter was united with her mother in death as the body hurled downward and struck the first body, hanging over the sign.

The Warschauers lived in Brooklyn, N. Y., Mrs. Warschauer's brother, Andrew Heyderman, declined today to throw any light on a note found in Mrs. Warschauer's room at the hotel which read:

"My brother knows all about the money."

MACK PLAYERS IN NEW SHOW

"Because She Loved Him So" Next Bill at Strand.

Starting the last half of the eighth week in East Liverpool the Red Mack show, the current attraction at the Strand theatre, is presenting for the first time in this city one of Mack's new plays, "Because She Loved Him So."

This offering should appeal especially to the women folks as it has to deal with the problems that confront the female sex every day of the week. It is full of comedy said to be more true to life than any play ever written. The plot centers on a wife whose jealous mind is the constant cause of arguments between her and her husband. It goes to prove to what extreme a wife will go to satisfy her jealous disposition and also prove what mistakes wives make by being satisfied with circumstantial evidence instead of searching for definite proof.

It is a real play for the married folks and for the unmarried as well, and a real treat is guaranteed those who witness this show on Thursday, Friday and Saturday.

Mack has arranged for beautiful special numbers and scenes between acts. The Capital City Four will be heard in several new songs and novelties.

"Insight," American Horse, Wins Race On British Track

NEWMARKET, England, Oct. 27.—A. K. Macomber, an American owner, today won the Cambridgeshire for the second year in succession.

"Insight," owned by Macomber, finished first in this race, the last of the season's classic flat races.

"Bulger" finished second and "Asterus" was third.

Macomber had four horses in the race and "Insight," a rank outsider won by three lengths, at a starting price of 50 to 1.

Bulger paid 5 to 1 to show or place, and Asterus paid 6 to 1, to show or place.

The king and queen witnessed the race.

Widow Denies She Killed Dry Agent On Automobile Trip

CADIZ, O., Oct. 27.—The fate of Mrs. Isabelle Webster, 36, of Steubenville, on trial for second degree murder for the fatal shooting of her husband, Harry, a dry agent, will rest with the jury of twelve men by tonight.

Mrs. Webster took the stand in her own defense today and told the jury that the shooting was accidental. She claimed that her husband said he "would like to shoot us all" and that she then handed him a gun which accidentally discharged the bullet hitting him in the back of the neck. He died instantly.

REPORTS FROM STOCK MARKET

NEW YORK, Oct. 27.—After an ineffectual effort to rally the market through the railroad stocks at the beginning of trading today, the professionals resumed heavy selling of the motors and industrials, in an attempt to cause further unsettlement in the market as a whole, but good buying appeared. The price concessions and moderate rallies were again in order.

The financial district was much pleased with the third quarterly earnings statements issued by General Motors and U. S. Steel corporations after the close of Tuesday's market, and no one seriously figured on the certainty of an extra dividend to steel stockholders being ordered at the meeting. A good background for the selling of these stocks on profit taking was furnished by these reports, but hardly a basis created for short selling, which fact the bears soon realized.

Strength of the rails in the early period was due to extremely favorable forecasts of September net earnings of the roads, some of which are now being issued. As in previous sessions of the market the rally in rails did not reach very large proportions, though the new gains were well retained. Railroad equipment stocks like Baldwin and Pullman also participated in the market's buoyant tone in the second hour.

Veniremen Called In Civil Suit in Municipal Court

Twelve prospective veniremen were drawn from the wheel in municipal court today for the civil action which has been instituted by W. W. Perry, of the Campground road, against the Allison-Harris Construction company, seeking $87.50.

Perry charges that the contractors, who graded and surfaced the Campground road, owe him $27.50 for the rent of a barn; $15 for straw used in bedding horses quartered in the barn; $35 for water used and the privilege of constructing a pipe line across his farm and $10 for damages to his property caused by the construction of a temporary building.

The plaintiff will be represented by Attorney P. V. Mackall, while Attorney Ben L. Bennett is counsel for the contractors.

Kamenev go with him. These quarrels among revolutionary leaders take you back to the French revolution, when others cut off Robespierre's head Robespierre cut off Danton's head and Trotzky and his friends are fortunate. They keep their heads—for the present.

THE former kaiser, it is believed will return to Germany with the consent of Prussia. He has issued "a royal command" inviting 50 old friends to a "royal court hunt" at his Rominten castle and recently appointed a certain individual "princely court counselor." Apparently he does not quite realize that the big war is over and that he is part of the wreckage.

FIRE SWEEPS WASHBURN HOME AT FALMOUTH

Ambassador's Father, 82, Nearly Suffocated by Smoke.

$200,000 DAMAGE

Incendiarism Suspected in Massachusetts Blaze.

FALMOUTH, Mass., Oct. 27.—Fire of unknown origin destroyed the house of Albert H. Washburn, ambassador to Austria, today causing damage estimated at $200,000.

Ambassador Washburn's 82-year old father is in a critical condition from near suffocation by smoke. He was carried through the smoke filled halls of the mansion by Charles B. Fisher, a caretaker.

Roused from their beds by the cries of the caretaker and other employees, Ambassador Washburn and other occupants of the home narrowly escaped being trapped. Mrs. Washburn and her son were not at home.

A wardrobe valued at $25,000 which Mrs. Washburn had planned to take to Austria when she and her husband sailed for Europe on Nov. 11 was completely destroyed. Not a piece of the home furnishings was saved.

Police and fire officials were conducting an investigation on the theory that the fire was of incendiary origin.

HATRED, MALICE ARE CONDEMNED BY EVANGELIST

Get Right With Fellow Men, Advice of Rev. Mel Morris.

BAPTIST MEETING

"He Who Hateth His Brother is Murderer," He Quotes.

"Unless men are right with their fellow-men they cannot become right with God," declared Rev. Mel Morris, Maryland evangelist, at the third night meeting of the First Baptist church revival last evening as he voiced a plea for genuine unity upon the part of devotees of Christianity as a necessary means for bringing about a spiritual awakening in East Liverpool and its environs.

"The spirit of hatred and malice is inimical to the standard of love given us by Jesus Christ," he said. "How can one," he queried, quoting the Nazarene, "love God whom we have not seen when we do not love those about us that we do see. Do you not realize that he who 'hateth his brother is a murderer.'"

That the evangelism of sinners will not succeed to any great degree while those professing Christ feel resentment in their hearts for alleged actions against them was vigorously indicated by the speaker. Discussing the subject, "The Devil's Strange-hold," he utilized a section of Jesus sermon on the Mount as his text: "If ye do not forgive men their trespasses neither will God forgive you your trespasses." The need for such a forgetting and putting behind oneself of such hurts and wrongs done was exceedingly evident since such a departure was demanded in a striking section of the Lord's prayer: "And forgive us our trespasses as we forgive those who trespass against us."

Supplementary to the church services in the evening was the initial shop meeting at noon at the R. Thomas & Sons Company plant on Seventh street where following singing directed by Marion Ball, revival director and soloist who used a ukelele Rev. Mr. Morris spoke briefly. As a result of the gathering decision was reached to accept the invitation of repeating the visit each Tuesday during the continuation of the present series of meetings.

Announcement also was made of arrangements of similar services at the Knowles, Taylor and Knowles pottery on Thursday and another on Friday noon at the Louthan Manufacturing company plant in Klondyke.

With Misses Ruth Aley of East Liverpool and Ruth Sprouse of Newell, W. Va., acting as accompanists, a musical program was carried out, both before and after Rev. Mr. Morris' sermon.

The invocation was made by Rev. George C. Westlake, pastor of the Pennsylvania Avenue Methodist Episcopal church. In attendance also was Rev. L. H. Powell, pastor of the Methodist Episcopal church of Confluence, Pa., who is the guest for several days of his son, Ralph Johnson, of Third street. At the conclusion of the service, the visiting pastors discovered the fact that they had been boyhood companions at New Cumberland, W. Va., and had not seen each other in more than a quarter of a century ago.

Hair Styles In Paris

By Edna Wallace Hopper

This is how girls and women were dressing hair in Paris when I was there last summer. Some have permanent waves, smooth and glossy. Some have one-week waves combed over the fingers. Some have sleek hair like a well-groomed boy's.

For all styles they use a new-type hair dress, such as I use. It keeps the wave or curl. Or it keeps hair fluffy, like my hair, if one desires. Or it keeps hair smooth and glossy without grease. At the same time it gives the hair a luster and enhances the color. I have never found a hair dress to compare.

All toilet counters now sell that hair dress as Edna Wallace Hopper's Wave and Sheen. The price is 75 cents.

Whatever style of hair you like best, this is something you must try. It keeps the wave, the curl or the fluff. Or it keeps the hair sleek without grease. Then the added beauty it gives will amaze and delight you.

NEWTON BAKER URGES PRIMARY PLAN CHANGE

Democratic Leader Favors Modification of System.

STATE PROPOSAL

Constitutional Amendment Goes on Nov. 2 Ballot.

COLUMBUS, Oct. 27—Declaring that the primary system now in vogue in Ohio is "both hopeless and impossible," Newton D. Baker, of Cleveland, secretary of war in the cabinet of President Woodrow Wilson, and one of the national leaders of and spokesmen for the Democratic party, indicated that he not only favored the modification of the primary but that he also proposed to vote for the amendment to the state constitution sponsored by the Ohio Primary Modification committee.

Baker's open repudiation of the Democratic state platform plank, which opposes any change in the present system, was given in an interview today with a representative of the Cincinnati Times-Star.

Baker declared in the interview that materialism and submerged idealism have resulted in a fantastic scheme of voting, and that these were the underlying causes for the alarming decrease in interest in political affairs.

While the war-time secretary sees in the present state method of nominating public officers a great contributing cause for the absence of "big men" on state tickets, he qualified this by declaring that "big men" on state tickets, he qualified this by declaring that "big men are born of big movements." The cycle of political events, he said, is gradually approaching the return of popular ideals in government and the return of popular ideals will naturally attract big men to seek public office. The movement to purge the state constitution of the direct primary, he said, is a step in the right direction.

20,000 Ton Liner For South American Trade Is Launched

LONDON.—The increasing attention which British shipping companies are paying to the luxury trade to South America is emphasized by the launching here of yet another 20,000 ton liner to be used exclusively on the London-South American service.

She is the "Andalusia," built by Cammel-Lairds to the order of the Blue Star line, and is one of five new passenger liners ordered by the line for service between London, Lisbon, Rio, Santos, Monte Video, and Buenos Aires.

The "Andalusia" and her four sisters—who, however, will be only 14,000 tons vessels—will cater to the first-class trade only, and will embody every known luxury, specially installed to meet the requirements of South Americans.

take S.S.S. and be PROUD of a CLEAR SKIN

DOES YOUR MIRROR reveal a soft, clear, ruddy skin, free from imperfections, that is such a joy to every woman? Or are you embarrassed with blemishes, pimples, little eruptions, acne, blackheads and other unsightly and disfiguring handicaps?

Your skin is in reality your passport, and if your mirror reveals a blemished, unsightly complexion, it is time to begin at once to correct this annoying condition. When the blood becomes infected with humors or impurities, the circulation cannot supply rich nutrition to the skin, but instead it deposits the acrid impurities with which it contaminated into the sensitive fibres and issues. This causes irritation or inflammation which splits or breaks the outer cuticle, while the tissues beneath ulcerate, become inflamed, break out into pimples, and cause other unsightly irritations.

Just as Long as the Blood Remains Pure, the Skin Will Be Free From Eruptions

But when the blood becomes affected with humors, its nourishing and healthful properties are lost, and its humor-laden condition causes inflammation of the delicate tissue and fibres of the pores and glands. You have but to realize the importance of pure, rich blood in preserving the health, and that the source of all skin disorders is in the blood. Remove the cause, which is not in the skin itself, and therefore cannot be reached by a treatment that is strictly local, but is deep down in the blood supply.

S.S.S. Has a Proved Record Of Over 100 Years as the World's Best Blood Medicine

Because S.S.S. does build red-blood-cells, it clears the system and makes those so-called skin disorders impossible to exist. S.S.S. contains only pure vegetable medicinal ingredients It is also a remarkable builder of firm flesh which is also important to beauty. It will fill out your hollow cheeks, put the "ruby" of health in your cheeks and the sparkle in your eyes. Since 1826 S.S.S. has been beautifying complexions and giving women physical charm. That is why S.S.S. is accepted as the greatest of all blood cleansers and body builders. S.S.S. is sold at all good drug stores. The larger size bottle is more economical. Start taking S.S.S. today. More than 1,000 cities laid concrete streets in 1925

What Tennessee Cities Have Discovered About Concrete Street Paving

Fifteen years ago some of the leading cities of Tennessee were just beginning to learn the merits of concrete street paving.

During this period traffic has grown tremendously. Many Tennessee cities have found out that only concrete will stand up under the loads and speeds of modern traffic. They have found out that concrete pavement costs almost nothing to maintain. They have learned that it is safe for all traffic, in any weather. And that this handsome pavement dresses up any community where used.

Tennessee cities today have a total of 1,500,000 square yards of this modern, permanent pavement. This will be greatly increased during 1926. Last year 27 of these cities placed contracts for additional concrete paving.

Concrete streets will bring new prosperity to any city or town.

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy.

Maybe Myers Cooper can sell about half of the 1864 autos bought and paid for out of state funds before the treasury went dry—and it's empty today.

But, anyway, Cooper will not buy any pleasure cars for political jobholders who sit in an office in Columbus.

It costs nearly $4,000 every day to operate the state cars, many of them limousines. The state of Ohio has bought enough gasoline and tires in the last 12 months to cover three million miles. It might be witty to ask if the state is burning up roads faster than it can build them, but it is most serious to ask how many of your dollars, paid in unnecessary taxes, went to buy private autos, tires and gasoline for private politicians. Running this big state is a business, and the condition of the state treasury indicates that it is the victim of bad business.

(This advertisement is paid for by contributions from citizens who sincerely believe Myers Cooper should be elected Governor of Ohio.)

Clarke Severs Connections With Pittsburgh Baseball Club

DREYFUSS GETS RESIGNATION FROM KANSAS

Board of Directors Will Meet Tomorrow to Act.

PITTSBURGH, Oct. 27.—The last rumblings of the flare-up in the ranks of the Pittsburgh Pirates last season, which many fans believe cost them the pennant, were heard here today as a meeting of the club board of directors was called for tomorrow afternoon to consider the resignation of Fred Clarke, central figure in the controversy.

Clarke mailed his resignation as assistant manager, vice president and director, to President Barney Dreyfuss from his home in Windfield, Kas. As Dreyfuss is the major stockholder, the meeting of the board of directors to accept the resignation was considered as a mere formality.

Clarke was the sixth member of the Pirates to leave the club since the club dissension came to the surface when three veteran players openly resented Clarke's instructions from the bench, which they claimed often conflicted with orders from Manager "Bill" McKechnie. The others to go were McKechnie, Max Carey, Carson Bigbee, Babe Adams and "Stuffy" McInnis.

LIBERTYS BOOK GAME AT SALEM

The Liberty Billiard football team will clash with the fast Salem Cubs on Sunday afternoon at Salem. The game will be played on Centennial field, beginning at 3:30.

Wooster To Rest This Week; Four Contests Remain

WOOSTER, Oct. 27.—With no game on the schedule for this week-end, the Wooster college is now looking forward to the four games booked for the month of November. Three of them are away from Wooster. The schedule is:

Nov. 6—Denison at Granville.
Nov. 13—Akron at Wooster.
Nov. 20—Oberlin at Oberlin.
Nov. 25—Mt. Union at Alliance.

The squad was excused from practice Monday of this week, the first off-night the squad has had since school opened Sept. 13. Tuesday a light session was to be on the card and then for the rest of the week the team will get to work in earnest to prepare for the game with Denison.

Wooster has several cripples, the result of the 13 to 3 victory over Reserve at Wooster last Saturday. Saurer, the big tackle, is out for the next month with torn ligaments in his shoulder. Grosjean has a bad knee, Velhe a bad ankle and Fox a wrenched back. While Saurer is definitely out of the Denison game, the rest this week-end is hoped will give the others the needed rest to get them ready for the next game.

Reserve found the Wooster line a real stonewall and while the visitors managed to make six first downs, four were back of the middle of the field. Wooster went through Reserve's line for 248 yards, while Reserve gained 138. Wooster made nine first downs, completed six of 14 passes. Reserve threw nine passes, completed two and had five settle in the arms of Wooster defense men.

Penn-Illinois Scrap Will Be Real Party; No Pink Tea Served

Zuppke Charges Lack of Sportsmanship on Part of Rivals as a Result of Use of Monstrous Elbow Pads; Believed to be Feeding Charges With Psychological "Raw Meat."

By Davis J. Walsh.

NEW YORK, Oct. 27.—Since boys will be boys and so will men, sometimes, it is far from unlikely that quite a potion is brewing for the meeting between Pennsylvania and Illinois on Saturday and it won't be pink tea. It is the writer's understanding that the young men plan to be very firm with each other.

Charges, freely aired by Bob Zuppke, of lack of sportsmanship on Pennsylvania's part in wearing elbow pads that he thinks resemble a football and his threat to paint the ball white for Saturday's game have done the situation practically no good. Pennsylvania would like Mr. Zuppke better if he talked about something less personal, like flat feet. But, then, Mr. Zuppke will talk and he doesn't care who likes it, if at all.

Official assurances of Carl Lundgren, acting director of athletics at Illino's, that Mr. Zuppke had no intention of introducing a colored football and that he had been misquoted generally eased the blow but did not entirely remove the bruise. Pennsylvania feels that "Zupp" must have said something and that he wasn't discussing that school girl complexion or the fact that four out of five are bound to get it before forty.

Verbal Raw Meat.

The chances are, Zuppke, always an excellent psychologist, merely is feeding his men an order of verbal raw meat so that they may approach the forthcoming contest with adequate ferocity. This measure, if successful, proves very pleasing to the average Illini alumnus but I have been led to believe that Pennsylvania has failed to enter into the spirit of the thing and, really, a fine time will be had by all on Saturday.

As a matter of fact, the two seasons' run of the intersectional relationship between Pennsylvania and Illinois has been hardly as cordial as it might have been. For one thing, Pennsylvania didn't enthuse over that terrible beating it took last year when it thought it was on its way to a championship. For another, Zuppke didn't esteem the idea that they failed to protect the field against rain until he mentioned the oversight. For a third, the boys down in Philadelphia achieved the notion that Zuppke was rubbing it in a bit when he rushed in substitutes no one ever heard of after Pennsylvania had been thoroughly crushed.

1925 Gains Recalled.

Anyhow, Zuppke made much of the lack of covering for the field in discussing the point with his players. This probably was more psychological raw meat. But, as matters turned out, it was hardly needed. Pennsylvania didn't spread its defense enough to hamper Grange and its ends committed themselves too readily when they came charging in. As a result, Grange had a large day and Pennsylvania had a large headache.

Mr. Zuppke almost had been forgiven just prior to his last remarks; almost but not quite. There is said to have been some resentment in Philadelphia over the fact that Pennsylvania will be quartered on sleepers at Urbana the night before the game, some one having guessed wrong on advance arrangements. It may be that they think Illinois should have done something about it. Personally, I don't know about that point. All I know is that a fine time will be had by all on Saturday.

RYMER HIGH GUN IN RIFLE SHOOT

W. Z. Rymer topped local rifle shooters at their regular shoot recently with 184 out of a possible 200 at four positions.

J. Springer finished second with 178. Other scores were: J. R. Whiteman, 151; Doc Jones, 145; J. C. Wellington, 168; J. F. Whiteman, 161; E. Culler, 167; George Douglass, 160; H. Stewart, 164; F. A. Snowden, 161.

Wellington had high score on single target with a mark of 49 out of 50.

INSIDE GOLF

By CHESTER HORTON.

Maker of 81 Golf Champions. "Golf's most successful teacher," says "Chick" Evans.

The correct action of the arms and elbows in the start of the back swing can very easily be understood—and demonstrated—by any player. For instance, put a driver in the address position. As you stand, feel a very light pressure of the right elbow against the right hip. Now start the club back, with the hands, and maintain the same body position as you do so—that is, do not let the body move around. Also at the same time see to it that the right elbow keeps exactly where you had it in the address — lightly touching your side. Make the left arm cross in front of the body. When the club is back at a fair distance, say three or four feet from the ball, a pulling against the left shoulder begins. From this point lift the club upward with the arms and let the wrists break some as it gets to the top. Thus you will observe that the right elbow lifts with the shaft and does not go back in behind your body.

Stoy and Gershe To Trade Swats In Youngstown

All of the good folks who have been praying for the defeat of Rosey Stoy, Lancaster southpaw, may have their request granted in the battle at Youngstown tonight.

For the past six months fans of the Youngstown section have been clamoring for Stoy's scalp. Fighters with reputations as punchers have been tossed into the ring with the blond Pennsylvanian and have come out on the short end.

Johnny Hill, rated as one of the hardest punching boys in the feather brigade, was brought in from Chicago to halt the victorious march of the clever Stoy. Hill took a terrific pasting and now comes Benny Gershe, famed as a hard puncher. Will he go the way of Tremaine, Taylor, Sangor, Terris and Hill?

Gershe alone can claim the honor of having taken Stoy's measure and in tonight's tilt, Stoy will be working under a double handicap, as a result. The fact that he is meeting another southpaw will undoubtedly cause him some trouble, but the main thing is—Can he forget the trimming the Clevelander handed him once before?

The 10-round semi-windup will feature two flyweights, Bobby Rayos, southern flyweight champ, and Hugh Mason, of Erie, Pa.

Another 10-rounder and a six-round prelim will form the balance of the card.

Big Loan Voted.

LISBON. — Emulating the Romans who are now striving to make their capital city the great imperial center it was during the time of the Caesars, Lisbonites have recently voted a loan of $2,500,000 for the beautifying of the seat of government of Portugal. It will be used for making extensive parks, monuments and general embellishments.

Sports Done -Brown-

By Norman E. Brown.

OH, what a winter the approaching one is going to be for the stove league boys.

What with four or five changes in the managerial ranks of the major leagues, half a dozen big league stars supposedly on the auction block, Babe Ruth about to suggest a $150,000 a year salary for himself and Bucky Harris touring Europe, how are the boys to break away in time for dinner or the school board meeting?

Now comes along the report that Bob Meusel, curly headed and one of the most graceful and languid batters in the business, is about to be thrown to the wolves (the one with the biggest bank account) before the 1927 season opens.

It is said that Huggins and Col. Rupert, both of whom have taken somewhat of an interest in the Yankee team, are peeved at Robert because of his poor playing in the world's series. He has been referred to as a "second Snodgrass" because of his muff which sealed the fate of the Yankmen in the final game of the last world's series.

Another grim trait of Dame Fate. Meusel has given the best part of his baseball life to the Yankees—has been a member of the various "Murderers' Row" aggregation that carried the Yanks to four pennants in six years. And he is right now at the peak of his game. Despite all this his poor showing in one game of a crucial series is about to show him out of the big town and big money, for the chances of collecting big dough with the Yanks are always good.

However, Huggins isn't going to pass Meusel on for a couple of old war horses on what have you. It will take a brilliant pitcher, a sweet infielder and possibly an outfielder to coax Huggins into a trading move. And the bidder may then have to close Col. Rupert's palm with a few grand to put the deal across.

And speaking of baseball. It was suggested the other day that Chick Galloway, Athletics' shortstop, would find himself on the block this winter following the purchase of the Macks of Joe Boley, Baltimore star.

Now the general impression is that Mack will keep Galloway. More than that, he hopes the acquisition of Boley will spur Chick on to greater endeavors. Lack of fire has always seemed to be Galloway's main weakness. Faced with the prospect of being benched, this smooth fielder may "step on it" and show his stuff. Stranger things have happened. And Mack could well afford to keep Galloway for second defense anyhow.

GLIMPSES FROM THE SIDELINES

Shapley Ready to Play.

ANNAPOLIS, Md., Oct. 27.—Alan Shapley, crack Navy back, has recovered from his injuries and probably will play part of the game against Michigan on Saturday.

Penn Half Is Ill.

PHILADELPHIA, Oct. 27. — Penn's chances of victory against Illinois on Saturday are lessened today by the sudden illness of Charley Rodgers, star halfback, who has been sent home following an attack of intestinal indigestion. The veteran Fields will replace him.

Behind Closed Doors.

HANOVER, N. H., Oct. 27.—For the first time in years, the Dartmouth eleven is holding secret practice. With most of the regulars crippled by injuries, the lineup probably will be composed mainly of substitutes in the Brown game.

No Rest For Yale.

NEW HAVEN, Conn., Oct. 27.—Another stiff workout was scheduled for the Yale squad today in preparation for the Army game on Saturday. The varsity scored three touchdowns against the freshmen yesterday.

Brown On Edge.

PROVIDENCE, R. I., Oct. 27.—No scrimmage will be held today or during the remainder of the week by the Brown varsity, as the coaches feel the team is on edge. The same team which whipped Yale will start against Dartmouth.

Uses Four Elevens.

WEST POINT, N. Y., Oct. 27.—Coach Jones is using four elevens in trying out the Army's attack and defense. The squad is working long after dark, with the field illuminated by huge electric flares.

Puzzles Mountaineers.

MORGANTOWN, W. Va., Oct. 27.—Missouri plays, used by the scrubs, are puzzling the West Virginia varsity somewhat. The varsity displays a fierce attack in its daily workouts, however.

"MIDNIGHT SUN" IS GREAT FILM

Dramatic Story of Russia on Screen at American.

"The Midnight Sun," Universal's latest Super-Jewel now on the screen at the American theatre is a spectacular and dramatic story of Russia in the closing years of the reign of the last Czar. Excellent acting, a gripping story and settings that are marvelous for their luxuriousness make this picture stand out as one of Universal's greatest. It was directed with skill and clarity by Dimitri Buchowetzki, noted Russian director, who has made of it his masterpiece.

Laure La Plante heads the featured players in the cast. Heretofore, Miss La Plante has been seen only as a comedienne, but as the dancing girl who has the great of an empire at her feet she demonstrates that she is an actress of great dramatic ability. At the proper moments she reveals traces of the comedy that is within her but in her great scenes with O'Malley, Keane and particularly Kusmin, she gives us some of the best drama of the screen.

Pat O'Malley is the Grand Duke Sergius of the picture. The versatile O'Malley is perfect in this character. Dignified of bearing his work shows careful study of the personage he impersonates. It is a strong character well handled. Coveting the dancing girl, O'Malley turns out to be not so black as the audience is led to believe. Incidentally, the glittering array of uniforms and medals worn by O'Malley will set many a feminine heart a flutter.

In Raymond Keane, the hero of the story, Universal has made a real 'find.' Keane is playing not only his first big role but also his first picture. It took courage to risk the success of a costly production on the work of an unknown, but Keane has justified the faith placed in him. Young and handsome, Keane is a worthy rival of some of the screen's foremost Latin lovers. But Keane is American all the way through. His acting is worthy of a veteran of years of screen experience.

Haskin's Letter

(Continued from Page Four)

authorized the preparation of an official circular on "Self-education; or, hints for self-formation with examples of the pursuit of knowledge under difficulties," and another on "Home Education." He urged upon teachers the advisibility of securing the constant cooperation of parents at home in realizing the work of the school, and the circulars were the Bureau's first approach to parents and to the home.

Almost half a century later, in 1913, The National Congress of Mothers and Parent-Teacher Associations, tendered the Bureau its support and cooperation in developing a project of home education, and a working arrangement was established that was carried on for six years, when the Bureau assumed the entire responsibility of the project.

"The original purposes for which this work was inaugurated," says Dr. Tigert, "were to help adults, particularly parents, to further their education, to help them in the care and training of their children; to help boys and girls to further their education at home; and to promote a closer cooperation of home and school. These were the original purposes, and they are practically our purposes to-day.

"The work has been promoted through questionnaires, leaflets, circulars, pamphlets, bulletins, reading courses, tours, and press articles. Specialists of national reputation and recognized ability in many and various fields have made their contributions to the work."

Dr. Tigert is now chairman of a committee of representative of the groups at the Minneapolis conference that is developing further plans for carrying forward this work.

Farmers Need a Friend in the U.S. Senate

Senator Pomerene says:

"The farmer has not had the assistance from the National Government that has been so liberally and so freely given to others tarough the offices of the Republican party. Why, may I ask? Isn't the farmer entitled to as much consideration as others? Agriculture is a basic industry; it feeds our people. It must be encouraged. Surely it is entitled to a fair chance, and this it has not had. When practically all others are helped, why not the farmer? Why discriminate?

"When I was in the Senate I always voted for the farmer and in the interes. of the farmer. I appreciate the difficulties today confronting those engaged in agriculture. Some of their conditions are distressful. I sympathize with them in their hopes and aspirations. For those in need of an uplifting hand to help them I pledge myself to render assistance in any proper plan that may be offered for the bettering of unfortunate conditions. In the future as in the past the farmer can count upon me as his true friend."

Big Shipping Increase Reported by Lloyd's Register in London

LONDON.—113 oil-burning vessels, aggregating 601,420 tons gross, were built in the year 1925-26, according to Lloyd's Register of Shipping.

Forty-six, totalling 221,429 tons, were built in Great Britain and Ireland, and the remainder abroad.

While in July, 1914 there were 296 motor ships of 234,287 gross tons, in July 1926 there were 2,343 of 3,493,284 gross tons.

Fifty-seven new vessels, of 303,835 tons gross, were fitted with installations for burning oil fuel, and the total of all such vessels in Lloyd's Register on July 26 last was 18,243,539 gross tons, as compared with 1,310,209 gross tons in July 1914.

It is stated: "The full effect of the coal stoppage in Britain will not be shown until the complete returns are made up for the current twelve months; but that it will be serious is already indicated by the falling off in the new work coming forward.

Merchant vessels afloat at the end of June 1926, holding the classification of Lloyd's Register, amounted to 29,172,698 tons—the highest figure ever recorded.

Well-Known Musician Restored to Good Health

A Victim of Nervous Indigestion, Sluggish Liver and Run-Down Condition, Finds Long-Sought Relief. Strength Restored. Praises Tanlac.

Charles Lesko, 2442 Fremont Street, Cleveland, a popular musician, surprised even his closest friends by his recovery from a long siege of illness.

"My work makes it necessary for me to be in the best of health, always," says Mr. Lesko. "I was worn almost to the point of exhaustion when I began taking Tanlac.

"Nervousness caused all my trouble. Suffering from indigestion, being unable to sleep and getting up in the morning tired, sapped my strength. My liver was torpid and this slowed my life, made me feel druggy.

"I sought relief. Everything I took failed to help me. Then after reading about the powers of Tanlac I tried this wonderful tonic. The first bottle gave me an appetite. Indigestion disappeared. I began to sleep well and arise in the morning refreshed. Soon my nerves calmed down.

"Today I feel better than I have felt in years. All my thanks to Tanlac. It is bringing me relief and restoring my health."

Mr. Lesko is only one of thousands who have found happy relief from pain and gained new strength taking Tanlac. It usually builds up the body, wipes out poisons and suffering. Heed their advice. Keep well, keep youth and health—take Tanlac.
